JOB DESCRIPTION & OTHER INFORMATION

Clinical Placement Details: Days/evenings/ weekends, 8-hour shifts

Teacher orientation: Mandatory, during the first week of January TDB

Course coordinators: Caroline Marchionni and Françoise Filion

Role Expectations:

1. Teaches and directly supervises a group of 6 students in fulfilling the course objectives, including client selection and facilitating experiences with patients and their families. *Please note that given the current circumstances, this course may be taught remotely/online. Or a combination of in-person clinical and remotely. The Clinical Instructor will be required to deliver teaching material suited to a remote/online teaching environment using a virtual learning platform [e.g., Zoom, WebEx] and the McGill MyCourses learning management system. Training and assistance on remote teaching is available through Teaching and Learning Services. It may be possible that some aspects of this course will be offered in person and/or using tele-health.*
2. Supports student learning by assessing the student's learning style and providing the appropriate teaching strategy.
3. Organizes and leads group clinical conferences.
4. Sustains ongoing dialogue about learning strengths and challenges, as well as what promotes or hinder learning throughout the course.
5. Reinforces clinical practice, in conjunction with post-conference teaching/debriefing, case studies, reflective practice, and self-evaluation to enhance breadth and depth of critical thinking and clinical decision-making throughout the course.
6. Provides formative and summative evaluation to students including documenting the students' learning throughout the course.
7. Meets with course coordinators to review course objectives; communicates with the course coordinator about any concerns related to student learning.
8. Works with the clinical unit leadership to promote the best student learning experience possible.
9. Accesses MyCourses regularly and communicates with students by email as necessary.
