JOB DESCRIPTION & OTHER INFORMATION

This course is an intensive preceptor-based clinical experience in which students integrate and demonstrate the knowledge, attitudes, and skills acquired in the B.Sc.(N) program. Students are placed in a range of clinical sites within the McGill Hospital/Agency network.

COURSE POSTING: CLINICAL INSTRUCTOR (Preceptor Support)

Role Expectations:

- Support preceptors and students (approximately 25 dyads) in the clinical setting through virtual meetings, possible visits to clinical sites, as well as by email, myCourses, or telephone as needed.
- Meets with course coordinator to review course objectives and communicates with the course coordinator about any concerns related to student learning.
- Support clinical preceptors in relation to teaching/learning principles, enhancing clarification of course objectives, student evaluation, and relevant university policies/procedures.
- Answer student and preceptor questions in a timely manner
- Support preceptors in completing clinical performance assessment as needed and review/discuss with course coordinator as needed
- Promote a healthy learning environment

Please note that given the current circumstances, this course may be adapted to remote-online learning based on requirements of the pandemic. The Preceptor Support Individual may be required to support the course in a remote/online teaching environment using a virtual learning platform [e.g., Zoom, WebEx] and the McGill MyCourses learning management system. Training and assistance on remote teaching is available through Teaching and Learning Services. It may be possible that some aspects of this course will be offered in person and/or using tele-health
