Total Credits	18	Total Credits	18	Total Credits	6.5
				Total Credits QY	42.5

Qualifying Year

Key Points

- 1) Qualifying Year to MSc (A) is NOT an automatic progression.**
 - You must complete your QY year successfully
 - You will be required to apply to the Master's program during your QY year
 - The admission criteria are the same for all students applying to the MSc (A)
 - Application fees are not waived
- 2) Although Qualifying Year is NOT a formal program of study, you as students are considered Graduate Students.** You are part of Graduate and Postdoctoral Studies and therefore the (GPS) Policies and Procedures apply to you.
- 3) By University definition, students in the Qualifying Year are NOT eligible for internal or external funding opportunities.** The ISoN will notify you of any funding sources that you would be eligible for.
