LOCAL ADVISORS

Local Wellness Advisor (LWA)

LWAs are trained clinicians who are here to orient and connect you with the appropriate resource for your unique situation. LWAs can familiarize you with a host of other health and wellness supports that are available to you on campus. They can also equip you with tools and resources to take charge of your mental health.

Think of them like an academic advisor, but for your well-being. They also offer various workshops targeting specific wellness issues to students.

In-house Career Advisor

- Feeling like you could be getting more out of your university experience?
- Wondering how your B.A. is going to advance your career path?
- Unsure about what you’re going to do after graduation?

Linking the value of your degree to the quality of your own personal and professional development, the OASIS Career Advisor helps you connect your undergraduate experiences to “what comes next.”
