

"The Visiting Speakers Program in Oncology - VSPPO is a self-approved group learning activity (Section 1) as defined by the Maintenance of Certification Program of the Royal College of Physicians and Surgeons of Canada." Credit certificate request: [vspo@mcgill.ca](mailto:vspo@mcgill.ca)

## PRESENTATION

### Dr. Meredith Regan

Associate Professor, Biostatistician  
Dana-Farber Cancer Institute  
Boston, USA

***Survival Endpoints in Oncology Randomized Clinical Trials:  
Insights and Challenges***

## LEARNING OBJECTIVES

- Reinforce principles of survival endpoints and classical survival analyses that are ubiquitous in oncology randomized clinical trial (RCT) literature
- Discuss challenges of overall survival as a primary endpoint in RCTs, as novel therapies improve survival in patients with advanced cancers
- Provide insight to the objectives of survival analysis variations, such as conditional survival, landmark analyses, partitioned survival, and adjusting for treatment crossover

**Tuesday Feb 20<sup>th</sup>, 2024**

**MUHC**

08:00 - 09:00 **EST (VIRTUAL)**

(ENGLISH)

**Wednesday Feb 21<sup>st</sup>, 2024**

**HCLM**

12:00 - 13:00 **EST** - Room # HN-106

(ENGLISH)

**Thursday Feb 22<sup>nd</sup>, 2024**

**JGH**

12:00 - 13:00 **EST** - Room #E-711

(ENGLISH)

**Wednesday Feb 21<sup>st</sup>, 2024**

**CHUM**

17:00 - 18:00 **EST** - Room # F04.1019
