Hi Everyone

Educational excellence is valued in our Department as one of our core missions and values. A key metric that recognizes educational excellence is the Paige and Bernard Kaplan Award given annually by our pediatric trainees to a Faculty member of their choosing.

This week's Departmental Acknowledgement goes to **Adam Shapiro** the 2018 recipient of this award.

Adam is a pediatric respirologist from the American south who wandered north to McGill for his MDCM and eventually chose to put down roots in Montreal. Outgoing, effusive, exuberant and easy-going with a tidewater drawl he can turn on and off, and a love for BBQ that he can't turn off, Adam has a natural skill and affinity for teaching our PGME trainees. In addition to his teaching excellence, Adam is making a national and international mark in the niche of Primary Cilia Disorders.

Please join me in congratulating Adam on receiving this well-deserved award.

Have a great weekend everyone !
