

April 3, 2020

Hi Everyone,

This week's Departmental Acknowledgement goes to **Laurent Legault** on the occasion of his promotion to Associate Professor.

Laurent is a member of our Division of Pediatric Endocrinology. In my opinion Laurent's promotion was long overdue and he finally gave in to my relentless nagging. Laurent was recognized for the breadth and quality of his teaching activities across the medical spectrum. Particularly noteworthy was Laurent's extensive accomplishments in research despite having no official "protected time". He is a PI on a CIHR grant and has published over 40 papers in the last five years. Innovative work in the creation of an artificial pancreas and novel approaches to severe pediatric obesity was also evident in Laurent's dossier. Laurent also contributes much to his peer scholarly community outside of McGill by serving in an executive capacity on national professional organizations and grant review committees.

Please join me in congratulating Laurent on this personal accomplishment.

Have a great weekend everyone!

Michael

Michael Shevell, MDCM, FRCPC, FCAHS
Chairman, Department of Pediatrics
Professor (with Tenure)
Departments of Pediatrics and Neurology/Neurosurgery
McGill University

Guyda Chair in Pediatrics

Pediatrician-in-Chief
Montreal Children's Hospital/
McGill University Health Centre (MUHC)
