Preston Robb Lecture

# “Precision Health in Neurodevelopmental Disorders/Conditions; From Genomics to Lived Experience”

Presenter: Dr. Evdokia Anagnostou, MD

Vice President of Research  
Child Neurologist

Co-Lead, Autism Research Centre

Senior Clinician Scientist, Bloorview Research Institute

Full Professor, Department of Paediatrics, University of Toronto

29 novembre, 12h - 13h

November 29, 2023, 12pm - 1pm

**HYBRID:**

<https://mcgill.zoom.us/j/81881761720>

**Glen Site - Block E - RIAUDITORIUM - E S1.1129**

1. The audience will be able to describe biological heterogeneity in NDDs, from genomics to brain structure and function.
2. The audience will understand and consider translational approaches to precision health in heterogeneous NDDs.
3. The audience will be able to consider diversity of lived experience in the development of personalized intervention.
