The Pediatric Neurology Division of the Departments of Pediatrics and Neurology/Neurosurgery at McGill University and the Montreal Children’s Hospital is seeking a pediatric neurologist to join our expanding team devoted to the optimal tertiary care of children with neurological disorders. This opportunity is within a nationally-ranked children's hospital affiliated with Canada’s #1 Medical-Doctoral university (MacLean’s 2020) and a team of 9 child neurologists, including 5 Clinician-Scientists, two PhD investigator Associate Members and a physiatrist.

The candidate should be certified in Child Neurology by the Royal College of Physicians and Surgeons of Canada, be fluent in French and English, and be eligible for medical licensure in the Province of Quebec. The clinical responsibilities include both inpatient and outpatient activities within a tertiary referral centre with an active neurophysiology laboratory. The teaching responsibilities include both bedside and didactic teaching within a recently re-accredited and active residency program. Academic appointment will be commensurate with experience. Preference will be given to candidates with expertise in neuroinflammatory or neurovascular disease to complement the group’s current wide subspecialty areas.

Position Highlights:

- New (2015) University Hospital, Research Institute, and Neurophysiology lab (Glen site, Montréal, Canada)
- 1:9 clinical call
- Cutting edge pediatric neuroimaging platforms run by expert neuroradiologists: MRI (structural and functional), MEG, PET, SPECT
- Two beds neuromonitoring unit and portable long term EEG monitoring
- 2 experienced nurses in neurology (one nurse clinician, one advanced practice nurse)
- Active training Program of child neurology residency and numerous fellowships
- Robust research infrastructure with numerous collaborative research opportunities

Please address CV and letter of intent to Dr. Maryam Oskoui, Director of Child Neurology Division, Montreal Children Hospital, McGill University. Phone: +1 (514) 412-4466, maryam.oskoui@mcgill.ca

McGill University hires on the basis of merit and is strongly committed to equity and diversity within its community. We welcome and encourage applications from racialized persons/visible minorities, women, Indigenous persons, persons with disabilities, ethnic minorities, and persons of minority sexual orientations and gender identities, as well as from all qualified candidates with the skills and knowledge to productively engage with diverse communities.

McGill further recognizes and fairly considers the impact of leaves (e.g., family care or health-related) that may contribute to career interruptions or slowdowns. Candidates are encouraged to signal any leave that affected productivity, may have had an effect on their career path. This information will be considered to ensure the equitable assessment of the candidate's record.

McGill implements an employment equity program and encourages members of designated equity groups to self-identify. It further seeks to ensure the equitable treatment and full inclusion of persons with disabilities by striving for the implementation of universal design principles transversally, across all facets of the University community, and through accommodation policies and procedures. Persons with disabilities who anticipate needing accommodations for any part of the application process may contact, in confidence, Professor Angela Campbell, Associate Provost (Equity and Academic Policies) by email or phone at 514-398-1660.

All qualified applicants are encouraged to apply; however, in accordance with Canadian immigration requirements, Canadians and permanent residents will be given priority.
