Competence by Design (CBD) Launch in General Pediatrics: Mitigating implementation challenges and capitalizing on opportunities

par/by Elisa Ruano Cea, MDCM, MHPE, FRCPC
Assistant Professor, Pediatrics, McGill University

Evelyn Constantin MD CM MSc(Epi) FRCPC
Associate Professor, Pediatrics, McGill University

le 27 novembre 2021, 12h-13h
November 27, 2021, 12pm-1pm

Educational Objectives
1. Describe key CBD implementation challenges and innovations in Postgraduate Medical Education, locally and nationally
2. Highlight lessons learned so far from the CBD implementation in our General Pediatrics Residency Program
3. Discuss next steps and opportunities related to CBD for residency training.
