Goals and Objectives

CanRAC's Goals and Objectives

Accreditation Management System — CanAMS

This is the second pre-survey visit to McGill University with a primary objective to review the Accreditation Management System — CanAMS and provide residency program personnel with the opportunity to participate in hands-on data entry.

Morning session

Presentation to **Royal College** Programs

- Role of the Program Director, Administrator and PGME staff in the new process
- Standards familiarization activity
- Overview of profiles / evidence
- AMS walk-through and navigation
- Residency personnel hands-on training in the CanAMS

Afternoon session

Presentation to **Family Medicine** Programs

- Role of the Chair of the Department of Family Medicine, Family Medicine and Enhanced Skills Program Directors, Site Directors, Family Medicine Administrators and PGME staff in the new process
- Standards familiarization activity
- Overview of profiles / evidence
- AMS walk-through and navigation
- Residency personnel hands-on training in the CanAMS

PGME workshop - Goals and Objectives

Dr. Regina Husa

9 is the New 6 (RSPSC programs)

Dr. Hélène Rousseau

The New Shade of Red (CFPC programs)

- Understand the new CanRAC Standards of Accreditation for residency training programs.
- Identify specific issues regarding accreditation pertaining to their own training programs.
- Recognize how these have evolved since the McGill Internal Review Process.
- Prepare their documents better for the 2019 CanRAC Accreditation team visit.
- Be familiar with the accreditation standards governing institutions.

This part of the workshop is an Accredited Group Learning Activity as defined by the Maintenance of Certification Program of the Royal College of Physicians and Surgeons of Canada (Section 1) and the College of Family Physicians of Canada (MAINPRO-M1)
