- 03:30 Break
- 03:45 Group Discussion #2
- 04:15 Wrap up
- 04:25 Conclusion

Goals and Objectives

Surveyology: The Art and Science of Surveying Postgraduate Medical Training Programs

- Understand the Canadian PGME Accreditation Process
- Gain awareness of new developments in national Accreditation
- Understand the current McGill internal review process
- Recognize the role of Surveyors in Accreditation
- Be able to participate as a Surveyor for a Colleague's Program

How to map your curriculum? The road to competency-based medical education:

- Define curriculum mapping and describe the principles for your residency training program.
- Discuss the benefits of curriculum mapping and challenges to implementation for competency-based medical education.
- Describe the implications of curriculum mapping for compliance with accreditation requirements.
- Demonstrate step-wise approaches to map learning outcomes, instructional strategies, and assessment.
- Apply the principles of curriculum mapping to your residency training program.

This workshop is an Accredited Group Learning Activity as defined by the Maintenance of Certification Program of the Royal College of Physicians and Surgeons of Canada (Section 1) and the College of Family Physicians of Canada (MAINPRO-M1).
