Fall 2017

Title: Good Practices Guide – Managing risks, Communication, and Adverse events

Target audience: Senior Residents and Fellows

Date: November 14, 2017 – half-day

Location: Research Auditorium Block E - GLEN site

Host: Canadian Medical Protective Association

Workshop Objectives: **CanMEDS Manager, Communicator, Collaborator, Health Advocate and Professional Role**

- Conflict resolution and disruptive behaviour
- Continuity of care and follow-up – communicating/coordinating care with colleagues (consults, handovers), educating patients including informed discharge
- eCommunication – professionalism with electronic communication (patients and colleagues), using emails for patient care, considering when face-to-face communication would be more appropriate
- Privacy issues – texting and emails, using patient cases for teaching
- Fostering a culture of speaking up and active listening for effective teamwork

Winter 2018

Title: Resident role modeling - Capitalizing on a powerful opportunity

Target audience: All residents and Fellows

Date: January 10, 2018 – half-day
