Notes for advisors:

- Put a checkmark in the 'Passed' column only after having verified that the course was passed with at least a C.

- If students have a choice between different groups (e. g., between Group C and D for Majors, and between Group 3 and 4 for Joint Honours), please highlight (e. g., circle) the group from which the courses are taken.

- If you replace one of the listed courses by another, please also specify the **content** and the **instructor**. E. g., to count PHIL 460 'Major Philosophers' for the *Modern Philosophy* group, if its content is appropriate (e. g., Kant), write:

PHIL 460	Major Philosophers (Kant), Prof. Carson	Fall 2012	3	✓	XY

- Courses taken in other departments can only count towards the program if the instructor is an adjunct member of the Philosophy department or has previously taught courses listed as PHIL.

Some Faculty of Arts policies:

- All courses that are part of a program must be passed with a mark of C or higher.

- Courses taken under the Satisfactory/Unsatisfactory (pass/fail) option do not count towards a program. They are electives only.

- No one course can count towards more than one program.
