## **MEDIA**

I am regularly consulted by Canadian media on a variety of issues of public policy, in both English and French. I am most often consulted on issues of religious freedom. In recent years, I have also been regularly consulted on issues surrounding Canada's legalization of cannabis. I estimate that I am consulted by media on average 50 – 75 times a year.

In addition, I am a regular contributor to two radio programmes on Radio-Canada: the current affairs programme *Medium Large* (which aired from 2012 to 2019), and the literary programme *Plus on est de fous, plus on lit*.

## **EXPERT TESTIMONY**

I have been called upon to testify before a number of government Commissions and parliamentary Committees. For example, I was an expert witness before the Charbonneau Commission on Corruption in the Construction Industry (Oct. 2014), and before the Bastarache Commission on the nomination of judges (Oct. 2010). I also appeared before the Standing Committee on Parliamentary Procedure of the Parliament of Canada in the context of the sponsorship scandal.
