

McGill

Canada Research Chair Tier 2 Position

Canada Research Chair Tier 2 in Kinesiology and Physical Education- Exercise, Health Psychology and Physical Disabilities for eligible candidate

Position in Faculty of Education (Department of Kinesiology and Physical Education)

The Canada Research Chair is also open to internal candidates who already hold a tenure-track or tenured faculty position at McGill University.

Position description

The Department of Kinesiology and Physical Education (KPE), Faculty of Education, McGill University invites applications for a Canada Research Chair Tier 2 at the level of Assistant Professor in the area of exercise, health psychology and physical disabilities. Expected start date August 1, 2018.

McGill University is a world-renowned English-language institution located in the heart of cosmopolitan Montreal and is ranked among the world's top universities. The Department of Kinesiology and Physical Education offers a B.Ed. in Physical and Health Education, a B.Sc. in Kinesiology, as well as graduate degrees in six areas of specialization (<https://www.mcgill.ca/edu-kpe/>).

The department is interested in individuals with demonstrated expertise in the areas of exercise and health psychology with an emphasis on the psychological and behavioral aspects of physical activity as these extend from healthy populations to specific conditions of chronic disease, disabilities and aging. The individuals should have the ability to work in an interdisciplinary environment and complement and extend existing research activities both in the department, the faculty and across the university.

If the successful candidate satisfies the specific eligibility conditions of the program, the candidate may be supported by the University for nomination to a Tier 2 Canada Research Chair (CRC) in Kinesiology and Physical Education which provides protected time for research within a full-time academic appointment.

Tier 2 Chairs are for emerging researchers (individuals who are no more than 10 years from having earned their highest degree). However, career interruptions (e.g. maternity or parental leave, extended sick leave, clinical training, family care, etc.) may be taken into consideration using the [Tier 2 justification process](#) to review the candidate's eligibility. Potential applicants who are more than 10 years from their highest degree with career interruptions may contact the institution to have their eligibility reviewed through the Tier 2 justification process. The eligibility conditions for the CRC chairs are described at http://www.chairs-chaire.gc.ca/program-programme/nomination-mise_en_candidature-eng.aspx#3.

Job Duties

The selected candidate will be expected to maintain a successful, externally-funded program of research, teach at the undergraduate and graduate levels, supervise master's and doctoral students and actively engage in service to the department, institution and scholarly community.

Qualifications and Education requirements

The candidate must hold a PhD degree (post-doctoral experience is desirable) in kinesiology or health related field. The successful candidate will show evidence of an emerging and/or outstanding, independent research program in an area related to exercise, health psychology and physical disabilities. Priority will be given to candidates with a research program integrating these areas.

JOB DETAILS

<i>Job Type:</i>	Tenure-track
<i>Rank:</i>	Assistant Professor
<i>Salary:</i>	Salary will be commensurate with qualifications and experience
<i>Application deadline:</i>	March 9, 2018 (30 days from when posted)

APPLICATION PROCESS

Applications must be submitted online to:

Valerie McConnell via email at: Valerie.McConnell@McGill.ca

The following supporting documents are required:

- a cover letter and curriculum vitae
- statement of research and teaching interests
- the names and contact information of three referees, with one of the referees being the doctoral supervisor.

Internal applicants to the Canada Research Chair need to submit a recent curriculum vitae and a statement of research interests aligned with the designated subject area for the chair.

COMMITMENT TO EQUITY AND DIVERSITY

McGill University hires on the basis of merit and is strongly committed to equity and diversity within its community. We especially welcome applications from visible minority group members, women, Indigenous persons, persons with disabilities, persons of minority sexual orientations and gender identities, and others with the skills and knowledge to productively engage with diverse communities. We encourage members of equity-seeking groups to self-identify within their letter of intent in their application. Persons with disabilities who anticipate needing accommodations for any part of the application and hiring process may contact, in confidence,

Professor Angela Campbell, Associate Provost (Equity and Academic Policies) at (514) 398-1660 or at Angela.Campbell@mcgill.ca. Associate Provost Campbell can also answer questions related to equity, diversity and inclusion, or privacy concerns the candidate may have related to self-identifying. All qualified candidates are encouraged to apply; however, Canadians and permanent residents will be given priority.
