THIS ISSUE'S HIGHLIGHT - LES ACTUALITÉS

New support for youth mental health thanks to RBC Foundation

The Douglas Mental Health University Institute is proud to announce a major investment from RBC Foundation that will allow their teams to create an innovative family intervention program for young patients followed at the Douglas Institute.

This new collaboration will improve the quality and frequency of the engagement with families and the support network of youth who seek help on an ad-hoc and ongoing basis, enabling them all to better navigate these life challenges. [Read more](#)

Invited Lecturer Series

Over the coming weeks, we will be hosting job talks by candidates for the tenure-track position specializing in mood and anxiety. This will be a great opportunity to hear from outstanding specialists about their most recent research findings.

Please keep an eye on our Events section for details and be sure to join us for what promise to be very interesting seminars!
