## Psychiatry Weekly ~ January 29, 2024

### LATEST NEWS - DERNIÈRES NOUVELLES

#### BioRender Premium License

Did you know that the Department of Psychiatry has an institutional premium license for **BioRender**, available to full-time ranked academic staff in the Department? This software helps with the creation of figures and graphs for papers and presentations and they have recently launched a PowerPoint add-in. If you are interested in signing up, you can do so free of charge. Even better, if your team already has a paid account or a free subscription, you can easily request an upgrade to a premium license. If interested, please email [research.psychiatry@mcgill.ca](mailto:research.psychiatry@mcgill.ca).

#### Geriatric Psychiatry Online Course

**The CAGP Geriatric Psychiatry Online Course** (GPOC) is an interactive asynchronous online learning opportunity and is geared toward psychiatrists, physicians and other health professionals who are interested in receiving up-to-date information about the psychiatric care of older adults. This course, comprised of one-week modules, is led by expert faculty, and covers a wide array of topics in geriatric psychiatry at an advanced level. [Read more](#)
