

## Psychiatry Weekly ~ February 19, 2024

### THIS ISSUE'S HIGHLIGHT - LES ACTUALITÉS

#### Appointment of Director, Division of Child & Adolescent Psychiatry

**Dr. Cecile Rousseau** has been nominated as the new **Director of the Division of Child and Adolescent Psychiatry (CAP)**, effective March 1, 2024.

As Director of the Division of CAP, Dr. Rousseau will work in close collaboration with

the Departmental academic leadership, clinical chiefs and Research Institute Directors to manage the oversight and academic activities of the division, including education and research.

Dr. Rousseau is a Tenured Professor in the department and a world-renowned leader in child and transcultural psychiatry. She has served as interim chair of the Division of Child and Adolescent Psychiatry for nearly a year and has an excellent first-hand knowledge and track record in research and successfully leading numerous programs. Her contributions in the integration of cultural dimensions in international efforts of child and youth psychiatric nosology illustrate her international leadership in the field.

Please join us in congratulating Dr. Rousseau and in wishing her every success in her role as Director, Division of CAP.
