From the Residency Program Office: Weekly Information Capsule

Did You Know that as part of ensuring resident wellness and safety, resident fatigue needs to be considered by all supervisors? Check in with your resident on a regular basis to ensure that they are thriving not just surviving or struggling in their training environment. Resident fatigue is an important aspect of our upcoming Royal College accreditation.

Upcoming Events

Fri, Nov 9 @ 10:00 (2001 McGill College, rm 461)
