PSYCHIATRY WEEKLY

October 22, 2018

Awards
Dr. Rémi Quirion 2019 Canadian Medical Hall of Fame Inductee

From the Residency Program Office: Weekly Information Capsule

**Did You Know**
that it is important to discuss in an open and candid manner the topic of hidden curricula with residents? The hidden curricula are experiences learned and witnessed by our trainees in our training environment that are not explicitly intended and represent a disconnect between the estimable qualities of physicians we teach our trainees and what really happens in the clinical setting.

Upcoming Events

**Ongoing registration**
Department of Psychiatry’s 75th anniversary pre-registration
