Introducing Psychiatry Weekly

Rather than sending multiple notifications throughout the week, announcements, news and events will be compiled and emailed on Monday via Psychiatry Weekly.

Do you have comments, questions, news or events to advertise? We want to hear from you! Please email communications.psychiatry@mcgill.ca.

New in Administration

Please join us in welcoming Ms. Alessandra Celani, the new Student Affairs Administrator for AEC 1 (Departments of Neurology & Neurosurgery, Ophthalmology, and Psychiatry) effective April 12, 2016.

Alessandra will be located at the Ludmer Research and Training Building and will be responsible for establishing and planning the strategic direction of Student Affairs for the departments within AEC 1.

New in Residency

Dr. Nancy Low has been appointed Training Director for Senior Residents at MUHC effective July 1, 2016.
