Psychology Program Checklist

Bachelor of Science – Honours Program

NB: Students must apply and be accepted to do this program.

Program Prerequisites: PSYC 100 & BIOL 111 or 112, & PSYC 204. The department recommends these courses be taken in U1 if equivalent courses were not previously completed through advanced standing credits. These courses will be counted as electives or foundation requirements when completed at McGill (consult a Faculty of Science Advisor).

Honours Program: Psychology (60 credits)

credits
