

**Submissions for the 2022-2023 issue of Cognitive Circuits are officially open! We are a peer-reviewed undergraduate research journal focused on cognitive science. Consider submitting your research or review articles for your research projects or courses! Any topic relevant to cognitive science (Psychology, Neuroscience, Computer Science, Philosophy, Linguistics) is welcomed. This is especially a great opportunity to gain peer-reviewed publication experience for those planning for graduate school applications.**

**Check out our submission guidelines on our website: <https://www.cognitivecircuits.com/submissions>**

**The deadline to submit for our 2023 issue is Thursday, January 19th, 2023.**
