Any 500-level (max of 9 cr)			
PSYC 492 (3 credits)			
Any 400-level (max of 6 cr)			

Total credits must add up to 9 credits.

9 300 level or above in any of: **Psychology, Anatomy, Biochemistry, Biology, Chemistry, Computer Science, Mathematics, Physiology, or Psychiatry**

Minor Program: _____

B.Sc. students have the option (and not required) to complete a Minor Program. The credits for the minor will be deducted from the electives. Students must consult their minor advisor to verify their minor program requirements.

Elective Courses

Students must consult their Science Advisor to verify electives and degree requirements.

TOTAL CREDITS FOR B.A. DEGREE = 120 credits

A maximum of 30 of these credits can come from advanced standing credits, including CEGEP. If maximum advanced standing credits are not met, students must complete the Science Freshman program.
