To: Graduate Students

From: Professor Knäuper

Date: April 1st, 2022

Email this form to Psychology.grad@mcgill.ca no later than ** Friday, May 6th, 2022 (firm deadline) **

N.B. This concerns your progress from May 2021 to April 2022

As you know, the faculty meets every end of the year to evaluate graduate student progress. The result of this evaluation is a letter you receive summarizing your progress from the Department's point of view. Obviously, it is important that we have all relevant information when making our evaluation (i.e., course grades, supervisor feedback, etc.). This is your opportunity to provide additional information that you think should be considered in your evaluation. Please note that two unsatisfactory evaluations may be grounds for asking a student to withdraw from the program.

Please type your answers to the following questions into this word document and **e-mail it to** psychology.grad@mcgill.ca. Comments are encouraged. If a certain question does not apply to you, please indicate N/A. Thank you!
