Program (120-, 90- or 60-credit):

Note: This form is based on the BTh program requirements prior to revision in April 2021. Only students who first registered in the BTh program prior to that date may graduate by fulfilling the “old” requirements. Students may, however, opt to graduate under the new regulations approved in April 2021 and available here:

<https://www.mcgill.ca/study/2021-2022/faculties/arts/undergraduate/programs/bachelor-theology-bth-religious-studies>

Students may not mix the two sets of requirements: graduation results from fulfilling one or the other set of requirements.

Students registering for the first time in the BTh program after April 2021 MUST follow the “new” regulations and should not use this Audit Form.

Students are not obligated to take required and complementary courses in this order. For example, students in Year 2 may register for Year 3 courses. Students who choose to do this may, however, find that courses from earlier years which are needed for graduation are scheduled in conflict with courses required in later years.
