

RESEARCH INFRASTRUCTURE –
EXPRESSION OF INTEREST (EOI) FORM

The information provided in this form will enable the Office of Vice-Principal, Research and Innovation(R+I) to plan for the Canada Foundation and Innovation (CFI) -Innovation Fund (IF) upcoming competitions Submit the completed form (Part I only) using the "Submit" button at the top and follow the prompts, or submit to eoiresearchinfrastructure@mcgill.ca.

PART I- RESEARCHER(S) to COMPLETE

1. RESEARCHER (S) IDENTIFICATION

a. Principal Investigator

First Name

Last Name

Faculty

Department

b. Co-Principal Investigator(s) or other team members

Name (last, first)

Faculty [if McGill]

Department or Institution
[if outside McGill]

2. INFRASTRUCTURE

- a. Describe, in a max. of 300 words, the research infrastructure (e.g. key equipment, lab facility, tools, resources, exiting space adaptation or new space required)

- b. Anticipated location of the infrastructure

If outside the campus, please indicate the location

c. Core Facilities

Will part or all of the infrastructure be located at a Core Facility?

YES NO

Has the director of the facility been consulted?

YES NO

Please indicate the Core Facility here

d. Anticipated Users of the infrastructure (multiple selections are possible)

4. COST

a. Indicate the estimated cost range of the infrastructure

b. Indicate if you have a confirmed source of funding to cover a portion of the infrastructure cost (i.e other than the provincial match)

3. RESEARCH

a. Keywords - Enter 5-10 keywords, each separated by a comma

Research and Innovation
Recherche et innovation

RESEARCH INFRASTRUCTURE – EXPRESSION OF INTEREST (EOI) FORM

b. Research Program - in a max. of 300 words, present the research requiring the infrastructure. State if it is currently funded, and if so, list the main funding agencies/programs. Indicate if this is related to a time-sensitive opportunity and/or to a local, national, or international collaboration.

c. Describe, in a max. of 300 words, what the infrastructure will enable that could not be done otherwise.

McGill

Research and Innovation
Recherche et innovation
