**6.0 Existing and Proposed program course lists**

Current Program	Proposed Program
-----------------	------------------

**7.0 Consultation with Related Units**

Morton Mendelson, Associate Dean, Academic, Faculty of Science  
 Sharon Bezeau, Recorder, Faculty of Science  
 Marj Russell, Degree Evaluation Officer, ARR

**8.0 Rationale**

Banner/Minerva does not recognize “Streams”, so this program and the Ecological Determinants of Health – Cellular Stream, are not distinguished on the student’s transcript, nor in Degree Audit. By retiring these streams and proposing them as separate programs, this issue will be resolved. Note that current students will be allowed to finish and graduate from their original program, or transfer to the new one.

**9.0 Approvals**

Routing Sequence	Name	Signature	Date
Department	Nigel Roulet		
Curric/Acad Cmty			
Faculty 1			
Faculty 2			
Faculty 3			
SCTP			
GS			
APPC
