

**TO:** Members of Faculty of Science

**MEETING DATE:** February 12, 2008

**SUBJECT:** Removal of Restriction for B.Sc. and B.A. & Sc. Students Regarding World of Chemistry Courses (CHEM 150, CHEM 160, CHEM 170, CHEM 180 - each 3 credits).

Currently, the four World of Chemistry courses have the following restriction:

"Science and B.A. & Sc. students may take for credit only two of: CHEM 150, CHEM 160, CHEM 170, CHEM 180."

At its meeting of January 29, 2008, the Faculty of Science Academic Committee voted to remove the above restriction to bring the World of Chemistry courses into line with other Science general interest courses, which do not have similar restrictions.
