Course Title	<table border="1"> <tbody> <tr> <td>Course Title on Transcript</td> <td>Location & Spatial Development</td> </tr> <tr> <td>Course Title on Calendar</td> <td>Location & Spatial Development.</td> </tr> </tbody> </table>	Course Title on Transcript	Location & Spatial Development	Course Title on Calendar	Location & Spatial Development.	<table border="1"> <tbody> <tr> <td>Course Title on Transcript</td> <td>Advanced Topics in Health Geog</td> </tr> <tr> <td>Course Title on Calendar</td> <td>Advanced Topics in Health Geography</td> </tr> </tbody> </table>	Course Title on Transcript	Advanced Topics in Health Geog	Course Title on Calendar	Advanced Topics in Health Geography
Course Title on Transcript	Location & Spatial Development									
Course Title on Calendar	Location & Spatial Development.									
Course Title on Transcript	Advanced Topics in Health Geog									
Course Title on Calendar	Advanced Topics in Health Geography									
Rationale		<p>This revision is required in order to transfer the course number (GEOG 503) to a newly created course (Advanced Topics in Health Geography) within the Department's Health Geography course offerings. The previous course content (Location & Spatial Development) has not been offered in over 5 years, and is being retired. This particular course number is desired by the Department to maintain consistency in health geography course offerings (GEOG 303, 403, 503). More detailed justification is provided in the attached letter.</p>								
Responsible Instructor		L. Berrang Ford & N. Ross								
Course Description	Patterns of regional economic growth or decline	A critical review of current themes and trends in								

	explained in terms of the competitive behaviour of profit-maximizing firms and utility-maximizing households. Ideas, models and evidence developed in competitive location theory.	health geography, with emphasis on geographical perspectives in public health research. Topics include the social and environmental determinants of chronic and infectious disease, health and health-related behaviours. Seminars focus on critical appraisal of conceptual and methodological approaches in health geography research.
