Course Title on Transcript	Pharmacology Research Topics									
Course Title on Calendar	Pharmacology Research Topics.									
Course Title on Transcript	Pharmacology Selected Topics									
Course Title on Calendar	Pharmacology Selected Topics									
Rationale		The courses titles were modified for the 30 character limit. The revised course description is more detailed. The restrictions were removed since it does not apply.								
Responsible Instructor										
Course Description	Selected drug targets in their native cellular milieu, in the context of intact tissues, organs and whole animals, highlighting conceptual advances in pharmacological theory.	This course explores the changing nature of selected drug targets in light of advances in studying proteins in their native cellular milieu, in the context of intact tissues, organs and whole animals, highlighting several conceptual advances in pharmacological theory with tremendous bearing on how drug targets are viewed and characterized.								
Teaching Dept.	0253 : Pharmacology and Therapeutics									
Administering Faculty/Unit	SC : Faculty of Science									

Prerequisites	Prerequisite: PHAR 562 or permission of the instructor.	
Corequisites	Corequisite: PHAR 563 or permission of the instructor.
