Rationale		The change in description updates the course information to include a scientific writing module (2x3 hours). This module will be taught by Linda Cooper, Redpath Museum, who is an experienced teacher in scientific writing. This module will better prepare Honours students for writing up their research project as a report and for their continuing careers in research.				
Responsible Instructor						
Course Description	Honours students in Biology attend a selected series of guest speaker seminars of general interest and prepare reports. In addition, students give a seminar on their research.	<b>Honours students in Biology attend a selected series of guest speaker seminars of general interest, participate in round table discussions with speakers, and prepare reports. Students also participate in a 'scientific writing' module. In addition, students give a seminar on their research.</b>
