

**2 Undergraduate
0 Research
2 Traineeship in
2 Science Awards**

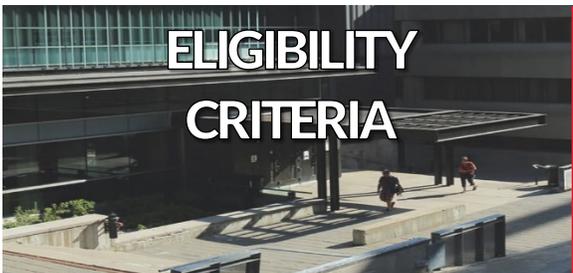

Undertake an undergraduate research traineeship in the Faculty of Science at McGill University located in Montreal, Canada

Are you an upper-year undergraduate student from a university in the United Arab Emirates? Are you interested in completing an undergraduate research project at one of the world's top 100 research intensive universities?

The **McGill University and Crown Prince Court Undergraduate Research Traineeship in Science Awards** supports up to 6 science students from United Arab Emirates with a 10,000 CAD stipend to undertake a 9-week undergraduate research project between May 29 - July 31, 2022. Students will be supervised by a McGill professor.

Your experience as an undergraduate research trainee at McGill University can be a stepping-stone on the path to your research career. You will gain hands-on experiential research at McGill University, get to live in one of the most vibrant cities in North America, and network with potential graduate supervisors, faculty members, and other students during your 9-week stay.

- A minimum cumulative GPA of 3.7 out of 4.0 is required to apply. Applicants with a lower cumulative GPA may be considered on the merit of other parts of their application.
- Applicants can only apply during their second-to-last year of their undergraduate program.
- The applicant's home university must endorse the student's application.

HOW TO APPLY

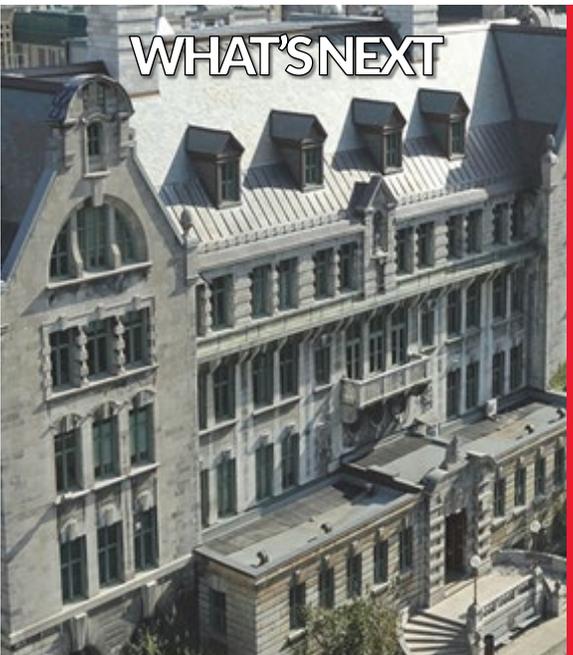

- The list of available research projects in the Faculty of Science and the Nomination Form are [available online](#). The list of projects will be posted by February 2022.
- If your home university has endorsed your application, submit the following documents no later than **February 20, 2022** by email to: research.science@mcgill.ca
 1. Nomination Form signed by your home university. Contact the international office (or equivalent) of your home university for details and signature.
 2. Official university transcripts (*a scanned copy is accepted for your initial application; but be ready to provide original official transcripts if you are selected*).
 3. Your Curriculum Vitae (resume), maximum 2 pages.

FACULTY OF SCIENCE DEPARTMENTS & SCHOOLS

Participating departments and schools in the Faculty of Science:

- Atmospheric and Oceanic Sciences (includes meteorology)
- Biology and Redpath Museum
- Chemistry
- Earth and Planetary Sciences (includes geology)
- Geography (includes physical and social geography)
- Mathematics and Statistics
- Physics
- Psychology
- School of Computer Science

WHAT'S NEXT

By **March 11, 2022**, you will be notified if you have been selected. **If you are selected to participate in the program:**

- Make sure you agree to the start and end dates with your supervisor at McGill University. **You must complete your 9-week research project between May 29 and July 31, 2022.**
- You can arrange to stay *either* in [McGill student residences](#), or off-campus in private accommodations.
- The administrative team in the Faculty of Science will:
 - Provide information to help you apply for Canadian immigration requirements
 - Register you as an Undergraduate Research Trainee
 - Process your 10,000 CAD stipend **after** you have opened a **Canadian bank account**. The stipend will only be deposited to a Canadian bank account.
- You must arrange your transportation, accommodation, travel and health insurance, and opening a bank account in Canada.
