

1. Expert

1.1. Knowledge Expert

1.1.a. Applies profession-specific knowledge to prevent, identify and manage communication disorders and feeding and swallowing disorders.

NOVICE	INTERMEDIATE	ENTRY-TO-PRACTICE
Determines profession-specific academic knowledge relevant to site, population or client. Reviews relevant profession-specific academic knowledge as necessary.	Compares and contrasts profession-specific academic knowledge with clinical experience.	Integrates profession-specific academic knowledge with clinical experience and multiple sources of evidence (e.g., current research literature, client performance, client values and perspective).

1.1.b. Applies basic knowledge from relevant fields (e.g., audiology, physiology, psychology) to guide decisions in regards to communication and feeding and swallowing.

NOVICE	INTERMEDIATE	ENTRY-TO-PRACTICE
Determines basic knowledge relevant to site, population or client. Reviews relevant basic knowledge as necessary.	Compares and contrasts basic knowledge with clinical experience.	Integrates basic knowledge with clinical experiences and multiple sources of evidence (e.g., current research literature, client performance, client values and perspective).

1.1.c. Uses evidence and clinical reasoning to guide professional decisions.

- 1.1.c.i. Critically appraises research and other available evidence to inform clinical practice.

NOVICE	INTERMEDIATE	ENTRY-TO-PRACTICE
Identifies appropriate sources of information relevant to clinical practice.	Accurately appraises appropriate sources of evidence.	Justifies the choice of selected evidence.
Conducts basic appraisal of evidence.	Considers variables that impact clinical application of evidence.	Integrates multiple sources of evidence with academic knowledge and clinical experience.
Describes possible application of evidence.	Incorporates evidence in practice after reflection.	Applies evidence appropriately.

- 1.1.c.ii. Applies clinical reasoning skills to clinical practice.

NOVICE	INTERMEDIATE	ENTRY-TO-PRACTICE
Makes hypotheses about clinical educator’s (CE) rationale for clinical decisions, based on observation of CE’s clinical practice.		
Identifies which data are relevant for making specific clinical decisions from a basic set of information.	Identifies relevant data for making specific clinical decisions.	Justifies clinical decisions using relevant data.
After a session, hypothesizes reasons for client performance.	Anticipates how client may perform on specific tasks.	Gives valid explanations for client performance.
Prepares for possible clinical decisions ahead of sessions (i.e., “If client does x, I will do y.”).	Between sessions, makes appropriate clinical decisions, based on client performance.	During sessions, makes appropriate clinical decisions, based on client performance.

1.2. Clinical Expert - Assessment

1.2.a. Identifies individuals requiring speech-language pathology services.

- 1.2.a.i. Collects and reviews information from relevant sources (e.g., referrals, reports, consultation) to determine an individual’s need for a speech-language pathology assessment.

NOVICE	INTERMEDIATE	ENTRY-TO-PRACTICE
Identifies relevant sources of information. Establishes a plan for collecting information.	Identifies gaps in available information. Collects required information to determine need for assessment.	Integrates information from a variety of sources to determine need for assessment.

- 1.2.a.ii. Engages in screening programs (e.g., infant, school-aged, feeding and swallowing) to identify individuals requiring speech-language pathology services.

NOVICE	INTERMEDIATE	ENTRY-TO-PRACTICE
Conducts a screening. Identifies when the outcome of a screening indicates the need for services.	Selects appropriate screening tools to identify the need for services.	

1.2.b. Plans an assessment.

- 1.2.b.i. Collects and analyzes pertinent information prior to the assessment, including intake information and previous reports.

NOVICE	INTERMEDIATE	ENTRY-TO-PRACTICE
Records pertinent information from client file through a structured review.	Assesses the relevance, including quality, of information in client file.	Selects key information to inform assessment.
Determines how to obtain missing information after reviewing client file.	Plans to adjust case history process, based on information available in client file.	Integrates various information sources to inform assessment.

- 1.2.b.ii. Formulates hypotheses regarding the nature of the client’s communication and/or feeding and swallowing abilities and needs.

NOVICE	INTERMEDIATE	ENTRY-TO-PRACTICE
Identifies relevant theoretical, clinical and client information.	Integrates theoretical, clinical and client information to formulate preliminary hypotheses.	Integrates key theoretical, clinical and client information to formulate hypotheses.
Lists potential hypotheses.	Compares different hypotheses.	Adapts hypotheses in response to new information.

- 1.2.b.iii. Selects appropriate tools, strategies and resources that will address the unique needs of the client (e.g., multilingualism, hearing impairment, attention).

NOVICE	INTERMEDIATE	ENTRY-TO-PRACTICE
Identifies possible assessment tools, strategies and resources.	Compares and contrasts tools, strategies and resources.	Selects appropriate tools, strategies and resources with justification, taking into consideration the unique needs of client.
Uses an established template to plan a holistic assessment.	Identifies standardized and informal methods to gather a holistic view of client.	Combines standardized and informal assessment to gather holistic view of client.

1.2.c. Conducts an assessment.

- 1.2.c.i. Organizes the environment for optimal interaction.

NOVICE	INTERMEDIATE	ENTRY-TO-PRACTICE
Organizes space for interaction, based on general clinical principles.	Identifies required adaptations for future interactions.	Anticipates environmental modifications, adapting to unexpected challenges as they occur.

- 1.2.c.ii. Conducts a clinical interview with the client and other relevant individuals.

NOVICE	INTERMEDIATE	ENTRY-TO-PRACTICE
<p>Uses a structured interview tool to gather essential information.</p> <p>Identifies gaps in information previously obtained.</p> <p>Plans ways to obtain additional relevant information.</p> <p>Plans ways to engage client/caregiver in sharing of information.</p>	<p>While taking the case history, asks follow-up questions for clarification.</p> <p>Assesses the relevance, including quality, of information obtained after the session.</p> <p>Probes for additional information, as appropriate.</p> <p>Encourages client/caregiver to share information.</p>	<p>Flexibly addresses relevant case history topics, following client lead, redirecting client as needed.</p> <p>Appropriately adjusts interview style, based on client/caregiver responses.</p>

- 1.2.c.iii. Administers valid, accurate and reliable assessment measures and/or procedures (quantitative and/or qualitative), as appropriate.

NOVICE	INTERMEDIATE	ENTRY-TO-PRACTICE
Explains the purpose, measures and procedures of assessment methods to client.		
Utilizes measures and/or procedures required by the standardized assessment tool or method.	Plans appropriate deviations from standardized assessment with justification, evaluating possible implications.	Routinely implements standardized assessment, including any necessary deviations.
Utilizes planned informal assessment measures and/or procedures.	Plans appropriate deviations from informal assessment with justification, evaluating possible implications.	Routinely implements informal assessment, including any necessary deviations.
Identifies need for adjustments to assessment measures and/or procedures.	After reflection, adjusts assessment.	Effectively adjusts assessment during the session.

- 1.2.c.iv. Demonstrates flexibility and creativity in adapting to unexpected circumstances.

NOVICE	INTERMEDIATE	ENTRY-TO-PRACTICE
Identifies need for adaptation in response to unexpected circumstances.	Plans future adaptations in response to unexpected circumstances.	Adapts to unexpected circumstances as they occur.

- 1.2.c.v. Actively listens to, observes and documents all components of communication and/or feeding and swallowing.

NOVICE	INTERMEDIATE	ENTRY-TO-PRACTICE
Makes observations about targeted areas of communication and/or feeding and swallowing (e.g., on voice in a voice assessment).	Makes general observations beyond the area of initial focus of the assessment (e.g., on voice in an aphasia assessment).	Makes specific observations that provide a complete clinical picture of client.
Takes notes on client performance in targeted areas of assessment.	Accurately documents key areas of client performance in assessment.	Accurately documents all components of assessment.

- 1.2.c.vi. Manages behaviours within the assessment session.

NOVICE	INTERMEDIATE	ENTRY-TO-PRACTICE
Identifies behaviours impacting the assessment.	Considers possible causes, including triggers, of behaviours.	Recognizes causes, including triggers, of behaviours as they occur.
Manages client behaviour using pre-planned strategies to engage and motivate.	Adjusts behaviour management strategies between sessions.	Adjusts behaviour management strategies effectively within the assessment session.

1.2.d. Analyzes and interprets assessment results.

- 1.2.d.i. Scores and interprets standardized tests according to test protocols.

NOVICE	INTERMEDIATE	ENTRY-TO-PRACTICE
Follows standardized procedures in scoring tools. Uses manual to accurately score binary or multiple-choice assessment items. Interprets raw data relative to reference norms.	Uses manual to accurately score assessment items that require interpretation (e.g., multiple acceptable answers; descriptive answers) after the assessment session. Interprets standardized scores according to test technical information (e.g., demographics, validity, reliability).	Accurately scores tasks during test administration. Makes judgements about client performance when they differ from the normative sample.

- 1.2.d.ii. Analyzes formal, informal, quantitative and qualitative assessment results.

NOVICE	INTERMEDIATE	ENTRY-TO-PRACTICE
Identifies some commonalities, differences and/or inconsistencies in results from various assessment types/sources.	Describes key commonalities, differences and/or inconsistencies in results from various assessment types/sources.	Thoroughly describes commonalities, differences and/or inconsistencies in results from various assessment types/sources.
Consults normative data to form an initial impression of assessment findings.	Integrates assessment results by collating, comparing and interpreting data using test protocols, normative data and current research evidence.	Analyzes assessment results by collating, comparing and interpreting data using test protocols, normative data, clinical judgement and current research evidence.
Attempts to explain some of the consistencies and variances in assessment data noted.	Poses reasonable hypotheses to explain commonalities, differences and/or inconsistencies in results from various assessment types/sources.	Makes valid hypotheses to explain commonalities, differences and/or inconsistencies in results from various assessment types/sources.

- 1.2.d.iii. Formulates conclusions regarding the client’s diagnosis, prognosis, abilities, resources and needs.

NOVICE	INTERMEDIATE	ENTRY-TO-PRACTICE
Identifies salient information from all sources to summarize client abilities and needs.	Synthesizes information from sources (e.g., file, assessment) to determine the presence, nature and/or severity of communication and/or swallowing condition, including primary abilities and needs.	Synthesizes information from all sources (e.g., file, assessment, input from other providers) using a holistic framework (e.g., WHO ICF Social Determinants of Health) to formulate, summarize and rationalize conclusions regarding abilities, needs and trajectories.
Identifies applicable components of a holistic framework (e.g., WHO ICF Social Determinants of Health).	Links salient information to some components of a holistic framework (e.g., WHO ICF Social Determinants of Health).	

1.2.e. Develops and shares recommendations based on assessment results.

- 1.2.e.i. Develops evidence-informed recommendations, including potential referrals to other professionals, based on the assessment findings.

NOVICE	INTERMEDIATE	ENTRY-TO-PRACTICE
Based on assessment findings, including other available evidence, identifies whether intervention is indicated.	Compares and contrasts evidence-informed interventions, including scope.	Recommends appropriate type of evidence-informed intervention, including scope.
Discusses the need for referrals, including their value.	Identifies specific need for referrals.	Makes appropriate referrals, as needed.
Identifies typical services to which referrals are made.	Seeks services to which referrals can be made.	

- 1.2.e.ii. Discusses the assessment results, recommendations and implications with the client and other relevant individuals.

NOVICE	INTERMEDIATE	ENTRY-TO-PRACTICE
Presents essential assessment findings to client based on a script, including interpretations and recommendations.	Discusses assessment findings with client, including interpretations and recommendations.	Discusses assessment findings with client and other relevant individuals, including interpretations, recommendations and implications.
Establishes a plan for providing essential assessment findings to other relevant individuals (e.g., physician, psychologist).	Discusses assessment findings with other relevant individuals, including interpretations and recommendations.	
Applies content knowledge in response to questions after time for reflection (e.g., defines aphasia to client/family).	Responds to questions from client and others after time for reflection.	Responds to questions from client and others during the session.
	Anticipates questions client and others may have, preparing answers in advance.	

1.3. Clinical Expert - Intervention

1.3.a. Develops a realistic, evidence-informed and measurable intervention plan.

- 1.3.a.i. Establishes and prioritizes long-term intervention goals that reflect the client’s strengths, needs, values, expectations and constraints.

NOVICE	INTERMEDIATE	ENTRY-TO-PRACTICE
Identifies types and sources of information required to develop goals (e.g., assessment results, client perspectives). Identifies global areas to be targeted for intervention.	Develops long-term goals considering assessment results, including client perspectives. Proposes long-term goals/goal areas that should be prioritized based on assessment results, including client perspectives, with rationale.	Develops realistic long-term goals considering current research, assessment results and client perspectives. Prioritizes long-term goals considering assessment results, including client perspectives.

- 1.3.a.ii. Develops specific, measurable, realistic, time-limited, short-term goals to reach the functional long-term intervention goals.

NOVICE	INTERMEDIATE	ENTRY-TO-PRACTICE
Selects appropriate short-term goals from examples (e.g., a goal bank).	Proposes short-term goals that are specific, measurable, realistic, functional and/or time-limited.	Develops short-term goals that are specific, measurable, realistic, functional and time-limited.

- 1.3.a.iii. Selects direct and/or indirect service delivery model(s), as appropriate.

NOVICE	INTERMEDIATE	ENTRY-TO-PRACTICE
Obtains and integrates pertinent information from relevant sources (e.g., class notes, readings, templates, previous reports, CE discussions, client interviews) to guide the selection of direct and/or indirect service delivery model(s).	Proposes, with rationale, possible service delivery models. Identifies barriers to service delivery options, including possible solutions.	Appropriately selects with rationale, possible service delivery models. Collaborates with others to manage barriers to service delivery options, based on their identification.

- 1.3.a.iv. Determines the resources and timelines required for the intervention.

NOVICE	INTERMEDIATE	ENTRY-TO-PRACTICE
Identifies essential resources required for intervention.	Proposes probable timelines, including resources, with consideration given to limits/constraints (e.g., client/family, financial, organizational).	Flexibly selects available resources, while adapting timelines, with consideration given to limits/constraints (e.g., client/family, financial, organizational).

- 1.3.a.v. Develops activities and outcome measures that align with the client’s goals.

NOVICE	INTERMEDIATE	ENTRY-TO-PRACTICE
Selects appropriate activities and outcome measures that align with client goals, when provided with a variety of options.	Proposes possible appropriate activities and outcome measures.	Develops individualized activities and methods to determine client outcomes.

1.3.b. Implements an intervention plan.

- 1.3.b.i. Organizes the environment for optimal interaction.

NOVICE	INTERMEDIATE	ENTRY-TO-PRACTICE
Organizes space for interaction ahead of session.	Identifies required adaptations to environment during session. Implements required adaptations in future interactions.	Anticipates environmental modifications in response to unexpected challenges as they occur.

- 1.3.b.ii. Conducts the intervention using the appropriate modalities, materials and technologies, modifying as appropriate.

NOVICE	INTERMEDIATE	ENTRY-TO-PRACTICE
Identifies appropriate modalities, procedures, materials and technologies with consideration of goals, functionality, <i>or</i> interest. Uses appropriate modalities, procedures, materials and technologies previously modelled or demonstrated. Suggests ways in which planned modalities, procedures, materials and technologies may need to be adapted.	Selects appropriate modalities, procedures, materials and technologies with consideration of goals, functionality <i>and</i> interest. Conducts intervention, applying planned modalities, procedures, materials and technologies. Adapts modalities procedures, materials and technologies between sessions in response to client abilities and interests.	Anticipates how well a given modality, procedure, material and/or technology will address a specific goal (i.e., recognizes limitations). Adapts use of materials, procedures, modalities and technologies within sessions in response to client abilities and interests.

- 1.3.b.iii. Demonstrates flexibility and creativity in adapting to unexpected circumstances.

NOVICE	INTERMEDIATE	ENTRY-TO-PRACTICE
Identifies need for adaptation in response to unexpected circumstances.	Plans future adaptations in response to unexpected circumstances.	Adapts to unexpected circumstances as they occur.

- 1.3.b.iv. Measures and records the client’s response to intervention.

NOVICE	INTERMEDIATE	ENTRY-TO-PRACTICE
<p>Implements a tracking process for intervention using one previously established and/or via templates.</p> <p>Identifies the type of data that could be collected during intervention to guide future session planning.</p> <p>Reflects on observation of clinician-led methods of tracking client response to intervention.</p>	<p>Proposes system to track client progress.</p> <p>Collects intervention data during the session and/or via recordings for later analysis.</p> <p>Adapts method of tracking client response between sessions, based on the effectiveness of the data collection method and client progress.</p>	<p>Develops procedures to track client progress.</p> <p>Accurately collects intervention data during the session and/or via recordings for later analysis.</p> <p>Flexibly tracks client response during the session, based on the effectiveness of the data collection method and client progress.</p>

- 1.3.b.v. Manages behaviours within the intervention session.

NOVICE	INTERMEDIATE	ENTRY-TO-PRACTICE
Identifies behaviours impacting client participation in treatment.	Considers possible causes, including triggers, of behaviours.	Recognizes causes, including triggers, of behaviours during the session.
Manages behaviour using pre-planned motivational strategies to engage client.	After reflection, adjusts behaviour management strategies between sessions.	Utilizes behaviour management strategies effectively within the intervention session.

- 1.3.b.vi. Provides appropriate feedback and modelling to the client.

NOVICE	INTERMEDIATE	ENTRY-TO-PRACTICE
Provides specific scripted feedback, including modelling, related to client performance in structured tasks.	Plans ways to provide specific feedback, including modelling, related to client performance on all tasks.	Adapts specific feedback within sessions, including modelling, based on client response.
Reflects on effectiveness of observed clinician-led methods of providing feedback, including modelling, to client.	Effectively implements plans for providing feedback, including modelling, to client.	
Discusses principles of effective feedback, including modelling.	Identifies instances of effective and/or ineffective feedback, including modelling.	
Proposes potential alternative ways of providing feedback, including modelling, to client.	Proposes ways to adjust feedback, including modelling, to client between sessions.	

- 1.3.b.vii. Provides the client, family and/or significant others with education, support, training and counselling, relating to communication, feeding and/or swallowing.

NOVICE	INTERMEDIATE	ENTRY-TO-PRACTICE
<p>Provides scripted education and/or training with client, family and/or significant others.</p> <p>Identifies possible client perspectives/needs.</p> <p>Identifies the role of SLP in counselling (e.g., provide information, support, facilitate, empower, prepare, educate).</p> <p>Identifies basic counselling techniques (e.g., provide content, active listening, validate, reframe).</p> <p>Reflects on effectiveness of observed clinician-led counselling.</p>	<p>Plans scripted education and/or training with client, family and/or significant others.</p> <p>Identifies the specific role of SLP in counselling related to client needs/perspectives.</p> <p>Incorporates basic counselling techniques, based on client needs/perspectives.</p> <p>After reflection, proposes optimal approach to counselling.</p>	<p>Adapts provision of education and/or training within the session, based on the response of client, family and/or significant others.</p> <p>Effectively implements basic counselling techniques considering role of SLP and client needs/perspectives.</p> <p>Adapts counselling techniques within the session, based on client responses.</p>

- 1.3.b.viii. Refers to other healthcare or educational professionals as required.

NOVICE	INTERMEDIATE	ENTRY-TO-PRACTICE
<p>Discusses needs of client and possible professionals required to target those needs.</p>	<p>Proposes potential referrals.</p>	<p>Makes appropriate referrals to other professionals, providing a suitable rationale.</p>

1.3.c. Monitors, adapts and/or redesigns an intervention plan based on the client’s responses and needs.

- 1.3.c.i. Evaluates the outcomes of the intervention on an ongoing basis.

NOVICE	INTERMEDIATE	ENTRY-TO-PRACTICE
Identifies that intervention requires ongoing assessment.	Describes patterns of client responses that indicate changes to intervention are needed.	Synthesizes all information regarding client progress that indicate changes to intervention are needed.
Incorporates suggestions to evaluate intervention outcomes.	Proposes methods to evaluate intervention outcomes.	Implements methods to evaluate intervention outcomes.

- 1.3.c.ii. Modifies the goals and/or intervention approach, as appropriate and in consultation with the client.

NOVICE	INTERMEDIATE	ENTRY-TO-PRACTICE
Implements suggested modifications.	Proposes modifications to intervention plan according to ongoing intervention results, client progress and client needs.	Modifies intervention plan according to ongoing intervention results, client progress and client needs.
Proposes sub- and super-steps in lesson plans.	Implements planned sub- and super-steps, based on prior client performance.	Effectively adapts sub- and super-steps during the session.
Asks client scripted questions about possible changes to intervention.	Encourages client to self-assess to identify need for changes.	Adapts proposed modifications, based on client input.
	Generates ideas for modification, based on client responses.	

- 1.3.c.iii. Discontinues the intervention, as appropriate, and plans for transition to other services, as needed.

NOVICE	INTERMEDIATE	ENTRY-TO-PRACTICE
<p>Recognizes that intervention may need to be discontinued.</p> <p>Discusses factors influencing discharge criteria and/or transition planning.</p> <p>Presents scripted information to client/family about transition to other services.</p>	<p>Explains why intervention should be discontinued.</p> <p>Plans to discontinue intervention.</p> <p>Establishes discharge criteria and/or transition planning during intervention planning.</p> <p>Provides client/family with information about transition to or availability of other services.</p>	<p>Anticipates discontinuation of intervention, with rationale.</p> <p>Discontinues intervention.</p> <p>Flexibly adjusts discharge criteria and/or transition planning in response to client circumstances.</p> <p>Involves client/family in discharge/transition planning.</p>

1.3.d. Provides training, tasks and feedback to support personnel to meet the clinical objectives, as appropriate to the jurisdiction, clinical activity and individual competencies.

NOVICE	INTERMEDIATE	ENTRY-TO-PRACTICE
<p>Describes the role of support personnel, based on scope of practice and parameters of the setting.</p> <p>Discusses whether use of support personnel may be a suitable approach for client care needs.</p> <p>Identifies tasks that support personnel may implement.</p> <p>Observes support personnel providing service to consider areas of possible feedback.</p> <p>Observes support personnel providing service to consider areas of possible training.</p>	<p>Identifies the need for changing goals or treatment approaches for support personnel.</p> <p>Proposes appropriate tasks for support personnel.</p> <p>Discusses delivery of feedback to support personnel.</p> <p>Discusses training options for support personnel.</p> <p>Contributes to the training of support personnel.</p>	<p>Discusses changes in goals and/or treatment approaches with support personnel.</p> <p>Provides support personnel with appropriate tasks.</p> <p>When appropriate to the setting and situation, provides feedback to support personnel.</p> <p>When appropriate to the setting and situation, provides training to support personnel.</p>

2. Communicator

2.a. Communicates respectfully and effectively using appropriate modalities.

- 2.a.i. Uses language appropriate to the client and context, taking into account all aspects of diversity (e.g., age, culture, gender identification, linguistic abilities, education level, cognitive abilities, emotional state).

NOVICE	INTERMEDIATE	ENTRY-TO-PRACTICE
Reflects on observation of CE sessions to recognize how and why language was modified. Identifies in own sessions when language used was not appropriate to client and context. Plans to modify language (e.g., technical language).	Modifies language for client in context.	Uses language that is appropriate to client context.

- 2.a.ii. Demonstrates active listening skills.

NOVICE	INTERMEDIATE	ENTRY-TO-PRACTICE
<p>Listens attentively with appropriate eye contact.</p> <p>After reflection, identifies where non-verbal cues may have enhanced the interaction.</p> <p>After reflection, identifies where verbal cues may have enhanced the interaction.</p> <p>Demonstrates awareness that client requires time to express self.</p> <p>Demonstrates patience.</p> <p>Demonstrates openness and non-judgment while listening.</p>	<p>Uses appropriate non-verbal techniques, including facial expression, nods, posture and eye contact.</p> <p>Uses a limited repertoire of basic active listening responses, including acknowledgement, affirmation and paraphrasing.</p> <p>After the interaction, reflects where further use of verbal responses may have been beneficial.</p> <p>Allows adequate time for client expression.</p> <p>Demonstrates openness and non-judgment while listening and reflecting.</p>	<p>Uses a range of active listening responses, including acknowledgement, paraphrasing, affirmation, balanced use of open-ended and specific questions and appropriate self-disclosure.</p> <p>Demonstrates openness and non-judgment while listening, responding and reflecting.</p>

- 2.a.iii. Relates comfortably and in a socially appropriate manner with others.

NOVICE	INTERMEDIATE	ENTRY-TO-PRACTICE
<p>Responds in clinical interactions with CE, client, caregiver and other providers appropriate to the context, displaying reasonable comfort.</p> <p>Responds to social interactions with CE, client, caregiver and other providers appropriate to the context, displaying reasonable comfort.</p> <p>Initiates clinical interactions with CE and other providers appropriate to the context, displaying reasonable comfort.</p> <p>Initiates social interactions with CE and other providers appropriate to the context, displaying reasonable comfort.</p>	<p>Responds to clinical interactions with CE, client, caregiver and other providers appropriate to the context, with reduced hesitation.</p> <p>Responds to social interactions with CE, client, caregiver and other providers appropriate to the context, with reduced hesitation.</p> <p>Following plan, initiates clinical interactions with CE and other providers appropriate to the context, with confidence.</p> <p>Following plan, initiates social interactions with CE and other providers appropriate to the context with confidence.</p>	<p>Responds to all interactions with CE, client, caregiver and other providers appropriate to the context, with confidence.</p> <p>Initiates interactions with CE, client, caregiver and other providers appropriate to the context, with confidence.</p>

- 2.a.iv. Adapts communication in response to verbal and nonverbal cues from communication partners.

NOVICE	INTERMEDIATE	ENTRY-TO-PRACTICE
<p>After session, identifies communication partners' verbal and non-verbal cues.</p> <p>Discusses future adaptations to communication, based on interpretation of the meaning of verbal and non-verbal cues post-session.</p>	<p>Adapts communication (e.g., tone, manner, approach) to acknowledge non-verbal and verbal cues of communication partners, based on monitoring of these cues.</p>	<p>Adapts own non-verbal and verbal (e.g., reflects, reformulates, redirects, reframes) communication appropriately in session, based on accurate monitoring of non-verbal and verbal cues.</p>

- 2.a.v. Communicates in all professional contexts in a positive, clear, concise and grammatically acceptable manner.

NOVICE	INTERMEDIATE	ENTRY-TO-PRACTICE
<p>Shares information in a grammatically acceptable manner.</p> <p>In session plans, identifies the main points to be presented in communications.</p> <p>In reflecting on a session, identifies presence of non-communicative output (e.g., um, like).</p>	<p>Presents the main points in a clear and concise manner following plan.</p> <p>Reduces use of non-communicative output.</p>	<p>Communicates in a clear and concise manner.</p>

- 2.a.vi. Communicates in a respectful manner, demonstrating empathy and openness.

NOVICE	INTERMEDIATE	ENTRY-TO-PRACTICE
<p>Plans approaches to ensure respectful communication in all interactions.</p> <p>Identifies ways to demonstrate respect, empathy and openness, based on post-session reflection.</p> <p>Discusses the level of formality used with client/family/caregiver to convey respect.</p> <p>Describes examples of how CE was respectful and showed empathy towards client/family/caregiver/other providers.</p>	<p>Evaluates own communication regarding respectful communication.</p> <p>Identifies own perspective and its impact on capacity to communicate respectfully and/or empathically.</p> <p>Uses appropriate level of formality with client/family/caregiver.</p> <p>Communicates respectfully with client/family/caregiver/other providers following a plan.</p>	<p>Adjusts own communication to achieve mutual respect.</p> <p>Uses empathy and non-judgemental language with client/family/caregiver/other providers.</p>

- 2.a.vii. Employs environmental and communication strategies to minimize barriers to successful communication, including the use of appropriate modes of communication (e.g., oral, non-verbal, written, sign, electronic) and by using translators/interpreters, as required.

NOVICE	INTERMEDIATE	ENTRY-TO-PRACTICE
<p>Identifies need for a translator/interpreter.</p> <p>Follows instructions to use one or two specific techniques (e.g., visual enhancement, language adjustments, gestures, inflection) to enhance communication with client.</p> <p>Identifies potential environmental and communication strategies to minimize barriers.</p>	<p>Uses planned strategies with a translator/interpreter.</p> <p>Plans for the use of specific techniques (e.g., visual enhancement, language adjustments, gestures, inflection) to enhance communication with client.</p> <p>Uses planned environmental and communication strategies for anticipated barriers.</p>	<p>Uses a translator/interpreter.</p> <p>Independently, flexibly and creatively uses a variety of communication strategies across a range of clients.</p> <p>Modifies environmental and communication strategies when unanticipated barriers are apparent.</p>

- 2.a.viii. Participates respectfully in challenging conversations.

NOVICE	INTERMEDIATE	ENTRY-TO-PRACTICE
<p>Identifies potential for challenging conversations during session preparation.</p> <p>Identifies possible management strategies for challenging conversations.</p> <p>Identifies possible impacts of peer/client/family member/caregiver or own emotions on communication.</p> <p>Identifies possible impacts of peer/client/family member/caregiver or own perspectives on communication.</p> <p>Identifies when there are communication breakdowns.</p>	<p>Manages anticipated challenging conversations with family/caregiver and other providers.</p> <p>Describes examples of how CE managed unanticipated challenging conversations.</p> <p>Reflects on the impact of peer/client/family member/caregiver or own emotions on communication.</p> <p>Reflects on the impact of peer/client/family member/caregiver or own perspectives of on communication.</p> <p>Reflects on own role in communication breakdowns.</p>	<p>Manages challenging conversations with client/family/caregiver and other providers (e.g., differences of opinion, challenging clinical conversations, language barriers and strong emotional reactions).</p> <p>Addresses peer/client/family/caregiver emotions in conversation.</p> <p>Addresses peer/client/family/caregiver perspectives in conversation.</p> <p>Uses collaborative approaches to develop solutions to communication breakdowns.</p> <p>Assumes ownership of communication repair required in follow-up to difficult conversations.</p>

- 2.a.ix. Effectively receives and provides feedback (e.g., CEs, peers, clients, team members).

NOVICE	INTERMEDIATE	ENTRY-TO-PRACTICE
Demonstrates open, positive and non-defensive attitude to feedback.	Adjusts behaviour in future sessions following feedback.	Integrates feedback immediately.
Solicits general feedback.	Solicits feedback on adjustments made, based on previous suggestions.	Solicits feedback on self-identified areas for development.
Provides general positive and constructive feedback.	Provides specific positive and constructive feedback.	
Reflects on approaches to giving feedback.		

2.b. Completes documentation thoroughly and accurately, in a timely manner.

- 2.b.i. Accurately documents informed consent, services provided and outcomes.

NOVICE	INTERMEDIATE	ENTRY-TO-PRACTICE
Identifies clinically relevant information that describes services and outcomes in samples of documentation.	Follows a template for documenting services and outcomes.	Adjusts a template for documenting services and outcomes.
Identifies key information required for documentation of informed consent.	Following a plan, documents necessary elements of informed consent, as required by legislation and agency policies.	Maintains records that accurately and thoroughly describe services and outcomes.
		Maintains standards for required documentation of informed consent.

- 2.b.ii. Ensures reports clearly integrate results, client input, analysis, recommendations, goals and outcomes, in a manner understandable to the target audience(s).

NOVICE	INTERMEDIATE	ENTRY-TO-PRACTICE
