Minutes of a meeting of the APPC Subcommittee on Courses and Teaching Programs held Thursday, April 13, 2000 at 2:30 p.m. in the ISR Conference Room (Room 635, James Administration Building).

PRESENT: Denis Berthiaume, Radan Capek, Martha Crago (Chair), Sam Drury, Chandra Madramootoo, Cindy Smith (Secretary), Nina Spada, Xavier Van Chau

REGRETS: Laura Beraha

12.01 The Agenda was approved with the following addition:

- under Business Arising: Report from the Faculty of Science [00-SCTP-01-23].

12.02 The Minutes of the meeting of March 16, 2000 were approved as circulated.

12.03 BUSINESS ARISING

(a) New Course Proposals
The Chair discussed comments received from Professors John Galaty of the Faculty of Arts and Bruce Shore of the Faculty of Education, concerning SCTP’s decision that all new course proposals be accompanied by a brief course outline. Professor Galaty reminded the committee that Senate had passed a resolution a few years ago which indicated that the McGill Community should save paper where possible. He pointed out that course outlines for each new course proposal would result in an increased amount of paper submitted to SCTP. He suggested that the committee request additional information (course outlines) when necessary. It was noted that if SCTP had to request additional information from a department, it would delay the approval process. The committee agreed to rescind the decision that a new course proposal be accompanied by a course outline, and that additional course information would only be requested when necessary.

(b) Report from the Faculty of Science [00-SCTP-02-32 REVISED]
B.Sc.; Joint Major in Computer Science and Music Technology (90 cr.)
The committee reviewed the revised new program proposal and noted that the course issues were corrected. The Chair mentioned that in the e-mail message from Mr. Del Degan of the University Planning Office, the financial needs for the units involved would have to be approved by P/VP via Vice-Principal (Academic) Luc Vinet. The Faculty of Science would have to put forward this request.

Professor Capek commented that the second paragraph on page 1 of 5 of the program description was very confusing. SCTP recommended that the paragraph be removed. The committee approved this new program on academic merit, pending financial approval by the University. This proposal will be forwarded to APPC only once the financial approval has been obtained by the University. A copy of the approval should be sent directly to the SCTP Secretary, Cindy Smith.

(c) Motion by SCTP to APPC [00-SCTP-02-34]
The Chair reported that the recent motion to APPC by SCTP concerning the creation of 800- and 900-level courses for self-funded programs was not approved by APPC. The main argument was that higher numbering of courses reflected the higher level of complexity of course content. This would be misleading in the case of the 800 and 900 courses. There was the possibility that the new Banner System would have a means to list the course numbers to identify them as associated with self-funded programs without this confusion. Therefore, APPC returned the issue of courses for self-funded programs to SCTP for another solution. The Chair indicated that she would discuss this issue at a future Banner meeting.
(d) Report from the Faculty of Arts [00-SCTP-03-37 REVISED]

Departments of Economics, Geography, Political Science, and Sociology

**M.A. in Economics; Social Statistics Option** (48 cr.)

**M.A. in Geography; Social Statistics Option** (48 cr.)

**M.A. in Political Science; Social Statistics Option** (48 cr.)

**M.A. in Sociology; Social Statistics Option** (45 cr.)

The committee reviewed the revised proposals for new options for existing programs. These options consisted of Required Courses and the Seminar on Social Statistics. A letter was included from the Dean of the Faculty of Graduate Studies and Research concerning the agreement to a reduction of one course for the program coordinator, which totalled $5,000 plus publicity costs of $500. The committee agreed that one program proposal for the four options was acceptable, but that the lay out for the programs was not clearly presented. It was suggested that each option be laid out on a separate page; credit weights should be aligned; “req” should be removed and a heading of “Required Courses (xx credits)” should be indicated and these courses listed under the heading; “com” should be removed and “Complementary Courses (xx credits)” should be indicated and these courses listed under this heading; and “further courses (up to two outside dept.)” should be more specific. The M.A. in Sociology; Social Statistics lay out was missing from the submission.

154-688A,B Seminar on Social Statistics (3 cr.)
This proposal was missing the term(s) for when this course would be offered. The Secretary will add this information to the proposal. **Secretary’s note:** Professor Steve Rytina of the Faculty of Arts has informed me of the missing information. This new course was approved.

160-688A,B Seminar on Social Statistics (3 cr.)
This proposal was missing the term(s) for when this course would be offered. The Secretary will add this information to the proposal. **Secretary’s note:** Professor Steve Rytina of the Faculty of Arts has informed me of the missing information. This new course was approved.

166-688A,B Seminar on Social Statistics (3 cr.)
This proposal was missing the term(s) for when this course would be offered. The Secretary will add this information to the proposal. **Secretary’s note:** Professor Steve Rytina of the Faculty of Arts has informed me of the missing information. This new course was approved.

183-688A,B Seminar on Social Statistics (3 cr.)
This proposal was missing the term(s) for when this course would be offered. The Secretary will add this information to the proposal. **Secretary’s note:** Professor Steve Rytina of the Faculty of Arts has informed me of the missing information. This new course was approved.

(e) Report from the Faculty of Science [00-SCTP-01-23]

Department of Chemistry

180-470C,D Research Project (6 cr.)

The committee reviewed a write-off from Professor D.N. Harpp, Chair of the Department, which explained the necessity for a new course. The Chair explained to the committee that the new Banner System would not be able to handle span courses (D or N), but there was the possibility of a functional solution. The Faculties of Arts and Science are not in favour of eliminating courses that functionally span more than one semester. This new course was approved.

**Secretary’s note:** The additional information requested by SCTP was received for the following previously-submitted proposals, reviewed by the Chair, and approved on behalf of SCTP.

Faculty of Arts

-new program **B.A.; Faculty Program in Environment; Economics and the Earth's Environment** (54 cr.)

[00-SCTP-03-37]; clarification received from Professor Marilyn Scott, MSE; Reported to APPC for
discussion at the April 20, 2000 meeting.

Faculty of Education
- new course 435-351A 3rd Yr. Field Exper. (Sec) (8 cr.) [00-SCTP-03-31]; rationale received from Dr. Spencer Boudreau and title changed;
- new course 435-359A 3rd Yr. Field Exper. (ESL/FSL) (8 cr.) [00-SCTP-03-31]; rationale received from Dr. Spencer Boudreau and title changed;
- new course 435-451B 4th Yr. Field Exper. (Sec) (7 cr.) [00-SCTP-03-31]; rationale received from Dr. Spencer Boudreau and title changed;
- new course 435-459B 4th Yr. Field Exper. (ESL/FSL) (7 cr.) [00-SCTP-03-31]; rationale received from Dr. Spencer Boudreau and title changed.

Faculty of Engineering
- new program **M.Sc. in Chemical Engineering** (45 cr.) [99-SCTP-09-03; September 16, 1999]; verification was received from Helen Richard of the University Planning Office that the Québec government confirmed that this program does not constitute a new degree designation; this proposal will be forwarded to FGSR for discussion;
- program revision **B.Eng. in Mechanical Engineering** (112 cr.) [00-SCTP-03-35; March 16, 2000]; revised course proposal for 305-262 received; this proposal will be forwarded to APPC for information only;
- new course 305-262B,C Statistics and Measurement Lab (3 cr.) [00-SCTP-03-35; March 16, 2000]; revised course proposal approved by the Chair on behalf of the committee.

12.04 **FACULTY OF LAW – 00-SCTP-04-40**

496-441C Clerkship B (3 cr.)
The committee queried if the 3 hrs/wk were an accurate reflection of the amount of time required by students. The Chair commented that it was permissible to have more than 3 hrs/wk for a practicum course worth 3 credits. The Dean or Chair of the Curriculum Committee of the Faculty of Law should respond to the Secretary of SCTP concerning the hrs/wk by e-mail: CINDY@UMS1.LAN.MCGILL.CA. The Chair will approve on behalf of SCTP if all is in order. Secretary’s note: Clarification was received from Yves-Marie Morissette, Chair - Curriculum Committee of the Faculty of Law, which indicated that the total of hours for the semester would be 100. The Chair of SCTP approved this new course on behalf of the committee.

12.05 **FACULTY OF EDUCATION** - 00-SCTP-04-41

Graduate School of Library and Information Studies
**Post-Master Certificate in Library and Information Studies** (15 cr.)
The Chair noted that this new program would need to go to the Graduate Studies Office for approval. The committee agreed that this new program would more appropriately be entitled Graduate Certificate of Library and Information Studies. It was noted that international students would need to take four courses in a semester, therefore the School should add to the program description that for immigration purposes, international students would need to take at least four courses in one semester. This means that they would have to either take all five courses in one semester or be willing to take four additional courses in a second semester. This should be clearly stated in the program description. Mr. Berthiaume commented that the courses listed for this certificate were at the same level as courses for the Master’s program, and the Faculty of Law had a similar type of certificate. The Chair remarked that she would review how the Faculty of Law’s program handled international students. A revised program description should be faxed to the committee Secretary, Cindy Smith, at 4768 to be reviewed by the Chair and approved on behalf of SCTP, if all is in order.

405-694A,B Certificate Project (3 cr.)
The committee queried how the sum of 140 Total Hrs. was attained, as the HRS/WK were listed as only 3. Therefore, SCTP recommended changing either the HRS/WK or the amount of Total Hrs. The SCTP Secretary, Cindy Smith, will make the change directly to the original proposal, therefore the School was
requested to e-mail

the information directly to her at CINDY@UMS1.LAN.MCGILL.CA. This new course was approved with this change.

12.06 FACULTY OF LAW – 00-SCTP-04-42

B.C.L./LL.B.; Minors in Law (105 + 18 or 24 cr.)
B.C.L./LL.B.; Majors in Law (105 + 36 cr.)
B.C.L./LL.B.; Honours in Law (105 + 20 cr.)

The committee decided that the three programs submitted to SCTP required several revisions before the committee can decide on their approval. This means that they cannot be offered in September 2000.

First, the program titles were not appropriate. They should be as follows:

B.C.L./LL.B.; with Minor
B.C.L./LL.B.; with Major
B.C.L./LL.B.; with Honours.

Next, each program should be submitted with a separate proposal form and a separate description of the contents of each program. The present description document combined all three programs, which was not appropriate.

B.C.L./LL.B.; with Minor

The Chair explained that this program was not a minor program in law as the present proposal suggested. The B.C.L./LL.B. program was a three-year program with 105 credits. A minor concentration or minor from Arts or Science, respectively, could be added to create a four-year program with 123-129 credits. SCTP will need to see a lay out of the existing degree program showing where the additional minor would fit in. Secretary’s note: A revised program proposal and description were received from Professor Richard Janda of the Faculty of Law, circulated to SCTP members, reviewed, and approved. This new program will be forwarded to APPC for discussion.

B.C.L./LL.B.; with Major

This program added several options for a major component on to the existing degree program. The term “course baskets” was not acceptable. It should be replaced with the term “options”. The term “Obligatory” should be replaced with “Required Courses” and the term “Options” should be listed as “Complementary Courses”, to conform to the University-accepted nomenclature. Point 3 on page 9 of the program description should be removed, as it was not true to state “That the Dean ... be authorized to designate as the need arises additional courses ...” Students need to know what the program requirements are. The committee suggested rewording the point to indicate that Complementary Courses listed may be replaced by courses agreed upon by the Dean or Dean’s delegate. Any changes to required courses need to be proposed to the appropriate University committees for approval. The present major proposal will need a separate description and a lay out of exactly how the options will fit into the existing B.C.L./LL.B. program.

B.C.L./LL.B.; with Honours

This program also required a separate description. Professor Crago noted that on page 10 of the program description for Honours Programs it was incorrectly stated that “Upon consultation with Associate Vice-Principal Martha Crago ... there is not regulatory constraints imposed on the Faculty in the creation of an Honours Programme.” In fact, programs in almost all departments required students to maintain a GPA of 3.0. It was suggested that the Faculty of Law consult the Faculties of Arts and Science concerning their Honours Programs, and the Faculty of Law’s Honours Program should conform to the others. The Chair noted that the three Honours Thesis courses (I, II, and III) were at the 500 level. She queried if students would take other courses in the fourth year, as she was concerned whether international students would be taking a full course load of 12 credits which immigration required. A specific lay out of how the courses fit into the existing degree program needed to be provided.
The Faculty of Law should resubmit these proposals to SCTP with the suggested changes.

496-025A,B,C Dispute Resolution Internship (6 cr.)
The committee queried as to why this new course was not listed at the 300 level, as this was a third-year course. The SCTP Secretary should be informed in writing of the Faculty’s decision (e-mail: CINDY@UMS1.LAN.MCGILL.CA or fax 4768), as she would make the change directly on the course proposal.

496-026A,B,C Comm’l Negotiation Internship (6 cr.)
The committee queried as to why this new course was not listed at the 300 level, as this was a third-year course. The SCTP secretary should be informed in writing of the Faculty’s decision (e-mail: CINDY@UMS1.LAN.MCGILL.CA or fax 4768), as she would make the change directly on the course proposal.

496-027A,B,C Int’l Governance Internship (6 cr.)
The committee queried as to why this new course was not listed at the 300 level, as this was a third-year course. The SCTP secretary should be informed in writing of the Faculty’s decision (e-mail: CINDY@UMS1.LAN.MCGILL.CA or fax 4768), as she would make the change directly on the course proposal.

496-028A,B,C Court Practice Internship (6 cr.)
The committee queried as to why this new course was not listed at the 300 level, as this was a third-year course. The SCTP secretary should be informed in writing of the Faculty’s decision (e-mail: CINDY@UMS1.LAN.MCGILL.CA or fax 4768), as she would make the change directly on the course proposal.

496-500A,B,C Honours Thesis I (3 cr.)
The committee recommended that this course be renumbered to a 400-level course, as this course was not open to graduate students. The SCTP secretary should be informed in writing of the Faculty’s decision (e-mail: CINDY@UMS1.LAN.MCGILL.CA or fax 4768), as she would make the change directly on the course proposal.

496-501A,B,C Honours Thesis II (6 cr.)
The committee recommended that this course be renumbered to a 400-level course, as this course was not open to graduate students. The SCTP secretary should be informed in writing of the Faculty’s decision (e-mail: CINDY@UMS1.LAN.MCGILL.CA or fax 4768), as she would make the change directly on the course proposal.

496-502A,B,C Honours Thesis III (6 cr.)
The committee recommended that this course be renumbered to a 400-level course, as this course was not open to graduate students. The SCTP secretary should be informed in writing of the Faculty’s decision (e-mail: CINDY@UMS1.LAN.MCGILL.CA or fax 4768), as she would make the change directly on the course proposal.

12.07 FACULTY OF AGRICULTURAL AND ENVIRONMENTAL SCIENCES – 00-SCTP-04-43

Department of Natural Resource Sciences
375-350B Mammalogy (3 cr.)
A write-off from the Chair of the Department of Biology should be submitted to the committee Secretary, Cindy Smith (e-mail: CINDY@UMS1.LAN.MCGILL.CA; FAX: 4768), which should indicate if the course was offered by their Department and the Department’s opinion of this new course. The committee suggested that the course description be revised to read as follows: “Evolution, ... mammals and relations between humans and mammals. Also, structure, systematics ... methods will be emphasized.” The SCTP Secretary
will revise the course proposal. The Chair will approve this new course proposal on behalf of the committee, if all is in order.

12.08 FACULTY OF ARTS – 00-SCTP-04-44

Department of Political Science
160-451A,B The European Union (3 cr.)
The committee recommended that the course description be revised to delete course syllabus information. Therefore, the description should read as follows: “The emergence … policies includes a Simulation. Emphasis ….” This new course was approved with this change.

160-651A,B The EU & Political Integration (3 cr.)
The committee noted that there were no Curriculum/Academic Committee and Faculty signatures on the proposal. This new course was approved.

Department of Anthropology
151-214A,B Violence, Warfare, Culture (3 cr.)
The committee requested that the Department obtain a write-off from the Chairs of the Departments of Political Science and History (e-mailed to Cindy Smith [CINDY@UMS1.LAN.MCGILL.CA] or faxed to 4768). The Chair of SCTP will approve on behalf of the committee if all is in order.

151-555A,B Advanced Topics in Ethnology (3 cr.)
This new course was approved.

Department of Linguistics
104-521A,B Dialectology (3 cr.)
The committee noted that the terms in which this course would be offered were not indicated, and hrs/wk should be indicated for Research/Reading Project under Type of Course (e-mailed to Cindy Smith [CINDY@UMS1.LAN.MCGILL.CA] or faxed to 4768). The committee recommended that the course description be revised to read as follows: “Survey … studies. Hands-on experience in design, implementation, and analysis of a dialect study.” The Secretary will make the changes to the proposal. This new course was approved with these changes but will not be reported to APPC until the requested information has been received. Secretary’s note: Susan Sharpe of the Faculty of Arts has supplied the terms.

Department of East Asian Studies
117-693A,B,C,L,T Thesis Research IV (3 cr.)
The course revision consisted of a credit weight decrease from 6 to 3 credits. The committee noted that no hrs/wk were indicated for this course, and it was queried if this credit weight reduction would effect the program credit weight. Secretary’s note: Clarification was received from Susan Sharpe of the Faculty of Arts – “There are no hrs/wk for this course because it is a thesis course. There is no change to the program credit weight as the original credit weight of 6 was a typographical error and it should have read 3 credits.” This course revision was approved.

117-694A,B,C,L,T Thesis Research V (3 cr.)
The course revision consisted of a credit weight decrease from 6 to 3 credits. The committee noted that no hrs/wk were indicated for this course, and it was queried if this credit weight reduction would effect the program credit weight. Secretary’s note: Clarification was received from Susan Sharpe of the Faculty of Arts – “There are no hrs/wk for this course because it is a thesis course. There is no change to the program credit weight as the original credit weight of 6 was a typographical error and it should have read 3 credits.” This course revision was approved.

117-695A,B,C,L,T Thesis Research VI (3 cr.)
The course revision consisted of a credit weight decrease from 6 to 3 credits. The committee noted that no hrs/wk were indicated for this course, and it was queried if this credit weight reduction would effect the program
credit weight. Secretary’s note: Clarification was received from Susan Sharpe of the Faculty of Arts—
“There are no hrs/wk for this course because it is a thesis course. There is no change to the program credit
weight as the original credit weight of 6 was a typographical error and it should have read 3 credits.” This
course revision was approved.

Faculty of Religious Studies
260-556A,B Issues in Buddhist Studies (3 cr.)
The committee noted that the terms in which this course would be offered were not indicated. This new course was
approved. Secretary’s note: Susan Sharpe of the Faculty of Arts indicated that the terms were A,B.

12.09 FACULTY OF SCIENCE – 00-SCTP-04-45

McGill School of Environment
170-380A,B Topics in Environment 1 (3 cr.)
This new course was approved.

170-480A,B Topics in Environment 2 (3 cr.)
The Secretary indicated that Professor Marilyn Scott of the McGill School of Environment added to the
beginning of the course description “Intermediate-level seminars and …” to differentiate this course from 170-380. This new course was approved with this change.

170-485A,B Readings in Environment 1 (3 cr.)
The Secretary indicated that Professor Marilyn Scott of the McGill School of Environment shortened the course
description by removing the following words: “of special interest to the student and”. This new course was
approved with this change.

170-580A,B Topics in Environment 3 (3 cr.)
The Secretary indicated that Professor Marilyn Scott of the McGill School of Environment added to the
beginning of the course description “Advanced-level seminars and …” to differentiate this course from 170-380.
This new course was approved with this change.

170-585A,B Readings in Environment 2 (3 cr.)
The Secretary indicated that Professor Marilyn Scott of the McGill School of Environment revised the course
to read as follows: “Interdisciplinary … enabling advanced-level study … areas outside the scope of ….”
Mr. Berthiaume queried if this course should have a similar restriction as 170-485. The Secretary consulted
Professor Scott concerning this query and she responded that “170-585 is also open to graduate students who
may have come from other universities, and thus would not have had the undergraduate MSE program.”
This new course was approved with the description change.

School of Computer Science
308-303B Programming Techniques (4 cr.)
This new course was approved.

Department of Mathematics and Statistics
189-326A Nonlinear Dynamics and Chaos (3 cr.)
This new course was approved.

189-376A Chaos and Nonlinear Dynamics (3 cr.)
This new course was approved.

Department of Atmospheric and Oceanic Sciences
195-700A,B,C Ph.D. Proposal Seminar (1 cr.)
The course revisions consisted of: term change from D, title change, credit increase from 0, and description
change. The committee queried as to why credit weight was assigned to this seminar, as credit weight was not
assigned at the Ph.D. level. The Chair of the Department should respond in writing to the Secretary, Cindy
Smith, at CINDY@UMS1.LAN.MCGILL.CA or fax 4768. Secretary’s note: A response was received from the
Chair of the Department and reviewed by FGSR. The Chair of SCTP has approved this course revision on behalf
of the committee. A program revision has been requested of the Department of Atmospheric and Oceanic
Sciences, which will be submitted to SCTP in fall 2000.

12.10 FACULTY OF ARTS – 00-SCTP-04-46

The Secretary noted that the MSE proposals were already submitted by the Faculty of Science (see 00-SCTP-04-
45).

English and French Language Centre
127-455A,B Grammaire et Création (3 cr.)
The committee noted that the hrs/wk were not listed for this course. The committee recommended that the course
description be revised to read as follows: “Perspective … combinent pour permettre une … grammatical. Étude de
textes pour des ressources lexicales et stylistiques du français.” The Secretary will make the changes to the
proposal. The consultation report was missing from the French Department. This information should be e-mailed
[CINDY@UMS1.LAN.MCGILL.CA] or faxed [4768] to the Secretary, Cindy Smith. Secretary’s note: Susan
Sharpe of the Faculty of Arts informed me that it should be indicated as 3 hrs/wk. Also, as the Curriculum
Committee did not receive a response from the French Department, therefore it was understood that there were no
objections. This new course was approved.

12.11 FACULTY OF SCIENCE – 00-SCTP-04-47

School of Computer Science/Department of Electrical and Computer Engineering, Faculty of Engineering
Bachelor of Software Engineering (110 to 112 cr.)
The Chair commented that this was a new degree designation, which would need to go to the MEQ for approval.
It was noted that Engineering programs were required by the government to include Environment and
Occupational Health and Safety courses. Therefore, the committee requested reassurance from the Dean of
Engineering or the Chair of the Department of Electrical and Computer Engineering that there were sufficient
courses in the fields of Environment and Occupational Health and Safety. Secretary’s note: Associate Dean (Academic) Arun
Misra of the Faculty of Engineering has confirmed that the occupational health and safety issues were
covered in the course 306-221A,B Engineering Professional Practice. Professor Crago remarked that the funding approval for
this program would be completed once this proposal has been reviewed at the MEQ level.

SCTP approved this new program and it will be forwarded to APPC for discussion.

Faculty of Engineering, Department of Electrical and Computer Engineering
304-421B Embedded Systems (3 cr.)
This new course was approved.

304-422A Fault Tolerant Computing (3 cr.)
The committee noted that the terms in which this course would be offered were not indicated. This new course was
approved. Secretary’s note: Associate Dean (Academic) Arun Misra of the Faculty of Engineering informed me of the
missing information.

304-423B Parallel Computing (3 cr.)
The committee noted that the terms in which this course would be offered were not indicated. This new course was
approved. Secretary’s note: Associate Dean (Academic) Arun Misra of the Faculty of Engineering informed me of the
missing information.
304-429B Software Validation (3 cr.)
This new course was approved.

304-495A,B,C Software Eng. Design Project (3 cr.)
This new course was approved.

School of Computer Science
**B.Sc.: Major in Software Engineering** (72 to 74 cr.)
The committee requested a write-off from the Dean of Engineering concerning this new program. Certain members of the committee were concerned about the word Engineering in the program title and queried if the Faculty of Engineering shared the same concern. The School of Computer Science should obtain a financial analysis for this new program from Mr. Real Del Degan of the University Planning Office. The additional information should be sent to the committee Secretary, Cindy Smith, at CINDY@UMS1.LAN.MCGILL.CA or faxed to 4768. The Chair will approve on behalf of the committee if all is in order. *Secretary’s note:* Confirmation was received from Real Del Degan of the University Planning Office that this new degree subject would have to be approved by the MEQ, and that funding approval for this program would be completed once this proposal has been reviewed at the MEQ level. A write-off was received from the Dean of the Faculty of Engineering, reviewed by the Chair of SCTP, and this new program was approved on behalf of the committee. This program proposal will be forwarded to APPC for discussion.

308-361B Systems Programming Project (3 cr.)
This new course was approved.

308-409A Concurrent Programming (3 cr.)
This new course was approved.

308-410B Mobile Computing (3 cr.)
This new course was approved.

308-412A Software for e-commerce (3 cr.)
This new course was approved.

12.12 **OTHER BUSINESS**

**Minor Changes**
The secretary reported the following minor changes for the Faculties of Agricultural and Environmental Sciences, Law, Music, and Science, which were approved. These minor changes will be reported to APPC (and FGSR, if graduate level) for information only.

**Faculty of Agricultural and Environmental Sciences**
Department of Natural Resource Sciences
349-308B Comparative Morphology of the Vertebrates (3 cr.) - retirement [pending approval of new course 375-350, submitted to SCTP April 13, 2000; will not be reported to APPC until approval of 375-350];
354-306A Français Fonctionnel - Aliments et Nutrition (3 cr.) - retirement;
372-410B Soil Chemistry (3 cr.) - description change.

**Faculty of Law**
496-440D Clerkship A (6 cr.) - title change.
Faculty of Music
Department of Theory
212-129A,B,D Musicianship I (2 cr.) - title change;
212-131A,B Musicianship II (2 cr.) - title change;
212-229A,B Musicianship III (2 cr.) - title change;
212-231A,B Musicianship IV (2 cr.) - title change;
212-329A,B Musicianship V (2 cr.) - title change;
212-331A,B Musicianship VI (2 cr.) - title change.

Faculty of Science
Department of Psychology
204-311A Human Cognition and the Brain (3 cr.) - title and description changes; approved by Faculty of Arts Screening Committee on March 6, 2000.

School of Computer Science
308-424A Artificial Intelligence I (3 cr.) – title and prerequisite changes;
308-537B Internet Programming (3 cr.) - prerequisite and description changes.

Department of Mathematics and Statistics
189-322A,B,C,L,T Dynamical Systems, Fractals and Chaos (3 cr.) - retirement;

Faculty of Engineering/Department of Electrical and Computer Engineering
304-305B Probability and Random Sig. I (3 cr.) - change the corequisite to be the prerequisite (304-303);
304-330A,B Electronic Circuits I (3 cr.) - corequisite removal and addition of prerequisite.

There being no further business, the meeting adjourned at 5:17 pm.
