

REPORT 8 FROM ENROLMENT SERVICES (ES) TO SCTP [2014-2015]
SCTP meeting date: March 12, 2015

The following course and program proposals have been approved by Fiona Lees, Enrolment Services, on behalf of SCTP. **Highlighted text in pink are queries to/information for units.**

SECTION A: APPROVED PROGRAMS

Minor and Moderate Revisions

Faculty of Dentistry

D.M.D. (215.5 cr.) – required course added, required course deleted. *Rationale:* Introduce more relevant knowledge to students.

Faculty of Education

Department of Integrated Studies in Education

B.Ed. in Kindergarten and Elementary; Jewish Studies (120 cr.) – complementary courses added, complementary-course credits corrected. *Rationale:* Update of courses.

B.Ed. in Kindergarten and Elementary Education (120 cr.) – complementary courses deleted, complementary course added. *Rationale:* Update of courses.

Faculty of Engineering

School of Architecture

M.Arch. (Post-Professional); Non-Thesis - Architectural History and Theory (45 cr.) – description, program requirements text revised, required course deleted, required course added, title and credit weight revisions to required courses, required-course credits decreased, elective course section added, elective-course credits increased. *Rationale:* Update to courses to allow more flexibility in response to changing demands within the discipline.

Department of Chemical Engineering

B.Eng. in Chemical Engineering (142-145 cr.) – complementary courses deleted, complementary courses added.

Rationale: Updates to courses.

M.Eng. in Chemical Engineering (45 cr.) – required course added, required-course credits increased, how complementary courses chosen revised, complementary-course credits decreased. *Rationale:* Course will help students to achieve a higher level of competitive expertise and it will support their research careers.

Ph.D. in Chemical Engineering (0 cr.) – required course added, required-course credits increased. *Rationale:* Course will help students to achieve a higher level of competitive expertise and it will support their research careers. **ES**

Comments/Corrections: Complementary course credits and breakdown do not make sense. Credits to be chosen need to be clearer. Should the second group of complementary courses read “0-12 credits” and should the complementary-course credits read 6-18 credits?

Department of Mining and Materials Engineering

B.Eng. in Mining Engineering Co-Op (150-152 cr.) – required course deleted, required-course credits decreased, complementary courses deleted, complementary courses added, how complementary courses chosen revised, complementary-course credits increased. *Rationale:* Updates to courses.

Retirements

None.
