

REPORT 1 FROM THE ASSOCIATE PROVOST (TEACHING AND ACADEMIC PROGRAMS) TO SCTP
[2021-2022]

SCTP meeting date: September 16, 2021

The following course and program proposals have been approved by Associate Provost Chris Buddle, SCTP Chair, on behalf of SCTP. **Highlighted entries in pink are queries to/information for units.**

SECTION A: APPROVED PROGRAMS

Minor and Moderate Revisions

School of Continuing Studies

Certificate in Proficiency in French Language and Culture (120 CEUs) – program title, title revised for the required courses. *Secretary's comments/corrections:* Add the following sentence to the rationale: “Via this proposal, the existing Certificate in Proficiency in French Language and Culture (Intensive) is being retired”; correct program title in the existing column in box 7.0; use strikethrough in the existing column only on the course title – the entire course is not to be removed; use underling in the proposed column only on each of the course titles.

Faculty of Science

B.Sc.; Honours in Microbiology and Immunology (72 cr.) – alternate required courses deleted, required-course note revised, required credits increased, how complementary courses chosen revised, complementary credits decreased.

Secretary's comments/corrections: Effective term revised to 202201.

B.Sc.; Liberal Program – Core Science Component in Physiology (47 cr.) – program credit weight decreased, required courses deleted, required credits decreased, complementary courses added, how complementary courses chosen revised, complementary credits increased. *Secretary's comments/corrections:* This program does not have a program description within the eCalendar – consider proposing one in the near future; effective term revised to 202201.

B.Sc.; Major in Physiology (61-62 cr.) – program credit weight decreased, program description, required courses deleted, required credits decreased, complementary courses added, how complementary courses chosen revised, complementary credits increased. *Secretary's comments/corrections:* Correct existing and proposed program credit weight within the proposal; revise program description to indicate revised program credit weight and remove CHEM 212 from description – if some students need this course, then add it to the list of complementary courses as “0-3 credits from: CHEM 212 ...” and adjust credits accordingly; effective term revised to 202201.

B.Sc.; Honours in Physics (78 cr.) – a required course deleted, required credits decreased, a complementary course added, how complementary courses chosen revised, complementary credits increased. *Secretary's comments/corrections:* Correct existing and proposed requirements to include omitted heading “U3 Complementary Courses (21 credits)””; effective term revised to 202201.

SECTION B: APPROVED COURSES

New

School of Continuing Studies

CCOM 321 Writing Poetry (3 cr.) [PRN 18941]. *Secretary's comments/corrections:* Revise last sentence in description to read “... and form. Craft, analysis of modern and contemporary literary poems, workshop-style critique, multiple drafts, and substantive revision”;

CCOM 322 Writing Short Fiction (3 cr.) [PRN 18942]. *Secretary's comments/corrections:* Revise last sentence in description to delete “may” from the second-to-last sentence – either this is part of the course or it is not; revise the last sentence to read “.... examined. Craft, analysis of published literary short fiction, workshop-style critique, multiple drafts, and substantive revision”;

CCOM 323 Writing Creative Nonfiction (3 cr.) [PRN 18943]. *Secretary's comments/corrections:* Revise last sentence in description to read “... information. Craft, analysis of published literary creative nonfiction essays, workshop-style critique, multiple drafts, and substantive revision”;

SECTION B: APPROVED COURSES

New

School of Continuing Studies [continued]

YCBS 278 Digital Product Mgmt Fundls (9 CEUs). *Chair's comments/corrections:* Confirmation needed as to why the rationale indicates this new course is required for a new program that has not been proposed to SCTP for approval, and confirmation needed as to which students will take this course if no program exists. *Secretary's comments/corrections:* Title abbreviation revised – refer to Course Revision Guidelines on the SCTP Web page for abbreviations of commonly-used words; revise supplementary information to spell out “approx..” and “hrs”; confirmation needed as to why the course is 15 weeks long – the norm is 13; revise effective term to 842201 or 842209.

YCBS 279 Digital Platforms&EmergTechnos (3 CEUs). *Chair's comments/corrections:* Confirmation needed as to why the rationale indicates this new course is required for a new program that has not been proposed to SCTP for approval, and confirmation needed as to which students will take this course if no program exists. *Secretary's comments/corrections:* Title abbreviation revised; revise supplementary information to be consistent – change “+” to “plus”; revise effective term to 842201 or 842209.

YCBS 280 Digital Prod Dev Capstone Proj (6 CEUs). *Chair's comments/corrections:* Confirmation needed as to why the rationale indicates this new course is required for a new program that has not been proposed to SCTP for approval, and confirmation needed as to which students will take this course if no program exists. *Secretary's comments/corrections:* Title abbreviation revised; be consistent with the supplementary information - spell out “+” to read “plus”; revise effective term to 842201 or 842209.

Faculty of Education

EDGC 398 Internship: Ed in Global Cont (0 cr.) [PRN 19740]. Affected program indicated. *Chair's comments/corrections:* This new course is not in compliance with what was sent to the MES - the new course (internship) for the B.A.(Education); Major in Education in Global Contexts; this new course title was supposed to be EDGC 398 Co-op Placement, as indicated within the documents sent to CPU. Also, title for EDGC 399 was supposed to be revised to Co-op Project - currently it is Education in Global Contexts Internship Project). Also, in the proposal to CPU, it was mentioned that EDGC 299 would be a prerequisite for EDGC 398, and EDGC 398 would be a prerequisite for EDGC 399 to ensure that they would be taken in sequence. *Secretary's comments/corrections:* Indicate full program title for affected program; title abbreviation revised; confirmation is needed where there is an approver at the offering unit level for this course – this is important to trace who proposed this course for the offering unit.

Faculty of Engineering

ECSE 557 Intro to Ethics of Intell Sys (3 cr.) [PRN 19410]. Affected programs indicated. *Secretary's comments/corrections:* Title and abbreviation revised, as two different titles are not permitted; remove the B.S.E. from the affected programs, as this program is retired and it no longer exists within the eCalendar – update Departmental Web page instead.

Faculty of Medicine and Health Sciences

HGEN 673 Mthds&Cncpts: Epgntc Regltn St (3 cr.) [PRN 18170]. *Secretary's comments/corrections:* Title abbreviation revised; provide a consultation from the Department of Pharmacology and Therapeutics; if students who have taken PHAR 565 cannot take this new course, then PHAR 565 must contain the restriction “Not open to students who have taken HGEN 673”, therefore, the Department of Pharmacology and Therapeutics must submit a duly-approved course revision proposal; remove note 3 from supplementary info – no changes to course content contained within the eCalendar may be done without the duly-approved course revision proposal submitted for SCTP approval; students are given a new outline each semester when revisions to course content is done.
