The following course and program proposals have been approved by Fiona Lees, Enrolment Services, on behalf of SCTP. Highlighted text in pink are queries to/information for units.

SECTION A: APPROVED PROGRAMS

Minor and Moderate Revisions

Faculty of Engineering

ES Comments/Corrections: Note – none of these revisions will be reflected within the eCalendar until next year because of the “01” effective term.

B.Eng.; Major in Bioengineering (141-142 cr.) – complementary courses deleted, complementary courses added, program note revised. *Rationale:* Updates to courses and provide students more flexibility.

B.Eng. in Chemical Engineering (142-145 cr.) – complementary courses deleted, complementary courses added, program note revised. *Rationale:* Updates to courses and provide students more flexibility.

B.Eng. in Civil Engineering (139 cr.) – complementary courses deleted, complementary courses added, program note revised. *Rationale:* Updates to courses and provide students more flexibility.

B.Eng. in Computer Engineering (133-140 cr.) – required course deleted, required course added, complementary courses deleted, complementary courses added, program note revised. *Rationale:* Updates to courses and provide students more flexibility. *ES Comments/Corrections:* Was the concern within the Math & Stats consult considered?

B.Eng. in Electrical Engineering (134-139 cr.) – complementary courses deleted, complementary courses added, program note revised. *Rationale:* Updates to courses and provide students more flexibility.

B.Eng.; Honours in Electrical Engineering (138-140 cr.) – complementary courses deleted, complementary courses added, program note revised. *Rationale:* Updates to courses and provide students more flexibility.

B.S.E. (137-144 cr.) – required course deleted, required course added, complementary courses deleted, complementary courses added, program note revised, program note deleted. *Rationale:* Updates to courses and provide students more flexibility.

B.Eng. in Mechanical Engineering (142-148 cr.) – complementary courses deleted, complementary courses added, program note revised. *Rationale:* Updates to courses and provide students more flexibility.

B.Eng.; Honours in Mechanical Engineering (142-148 cr.) – complementary courses deleted, complementary courses added, program note revised. *Rationale:* Updates to courses and provide students more flexibility.

B.Eng. in Materials Engineering Co-op (148 cr.) – complementary courses deleted, complementary courses added, program note revised. *Rationale:* Updates to courses and provide students more flexibility.

B.Eng. in Mining Engineering Co-op (150-151 cr.) – complementary courses deleted, complementary courses added, program note revised. *Rationale:* Updates to courses and provide students more flexibility.

B.Eng.; Minor in Software Engineering (18 cr.) – credit weight decreased, description, required course added, required course deleted, complementary courses deleted, complementary courses added, how complementary courses chosen revised, complementary credits decreased. *Rationale:* Updates to courses, and to streamline the program in light of revisions to other Engineering programs. *ES Comments/Corrections:* As per the rationale, no update to the sentence on advising was done – was this an omission?

Graduate and Postdoctoral Science

Ph.D. in Pharmacology (0 cr.) – program requirement paragraph deleted, required courses added, required credits increased, complementary courses added, complementary credits increased. *Rationale:* Specific program requirements indicated. *ES Comments/Corrections:* Note: Revised program will not appear in eCalendar until next year because of the “01” effective term; delete “OR” following the listing of PHAR 503 in group of complementary courses;

Faculty of Medicine

M.D.,C.M. (200-204) – credit weight increased, required course added, credit weight for a required course increased, credit weight for a required course decreased. *Rationale:* Updates to courses.

REPORT 2 FROM ES TO SCTP – October 20, 2016
