

REPORT 8 FROM THE ASSOCIATE PROVOST (TEACHING AND ACADEMIC PROGRAMS) TO SCTP
[2019-2020]

SCTP meeting date: January 9, 2020

The following course and program proposals have been approved by Associate Provost, Professor Chris Buddle, SCTP Chair, on behalf of SCTP. **Highlighted text in pink are queries to/information for units.**

SECTION A: APPROVED PROGRAMS

Minor and Moderate Revisions

Faculty of Agricultural and Environmental Sciences

B.Sc.(Nutr.Sc.); Major in Dietetics (115 cr.) – title revised for some required courses, credit weight increased for some required courses, a required course added, required credits increased, complementary courses deleted, complementary-course section deleted, complementary credits decreased, a suggested elective course deleted, a suggested elective course added, title revised for a suggested elective course. *Secretary's Comments/Corrections:* Use strikethrough and underlining for program changes – do not use highlighting; a consultation is needed from the French Language Centre to add their course.

B.Sc.; Major in Environment; Water Environments and Ecosystems – Biological (60 cr.) – program description, course group headings revised, complementary courses added, complementary courses deleted, how complementary courses chosen revised, asterisk added to some courses, asterisk deleted from some courses, program notes revised.

Chair's Comments/Corrections: Revise proposed description to read “The [indicate program’s full title] ... program. The program focuses on the ecological facet of the water environment, the mechanisms regulating ... bodies, and the physical mechanisms controlling water properties. Graduates of this ...” *Secretary's Comments/Corrections:* Include existing description; correct rationale – these are concentrations and not streams; if added required course ENVB 301 is not almost identical in content to ATOC 215, then move these two courses to list of complementary courses – adjust required and complementary credits accordingly (if they are almost identical, consultations are required from both instructors indicating this); revise the number of courses “One of” to indicate the number of credits “3 credits from”.

B.Sc.(Ag.Env.Sc.); Major in Environment; Water Environments and Ecosystems – Biological (60 cr.) – program description, course group headings revised, complementary courses added, complementary courses deleted, how complementary courses chosen revised, asterisk added to some courses, asterisk deleted from some courses, program notes revised. *Chair's Comments/Corrections:* Revise proposed description to read “The [indicate program’s full title] ... program. The program focuses on the ecological facet of the water environment, the mechanisms regulating ... bodies, and the physical mechanisms controlling water properties. Graduates of this ...” *Secretary's Comments/Corrections:* Include existing description; correct rationale – these are concentrations and not streams; if added required course ENVB 301 is not almost identical in content to ATOC 215, then move these two courses to list of complementary courses – adjust required and complementary credits accordingly (if they are almost identical, consultations are required from both instructors indicating this); revise the number of courses “One of” to indicate the number of credits “3 credits from”.

B.Sc. (Ag.Env.Sc.); Major in Environment; Water Environments and Ecosystems – Physical (63 cr.) – program description, course group headings revised, complementary courses added, complementary courses deleted, how complementary courses chosen revised, asterisk added to some courses, asterisk deleted from some courses, program notes revised. *Chair's Comments/Corrections:* Revise proposed description to read “The [indicate program’s full title] ... program. The program focuses on the physical facet of the water environment, the transport mechanisms of water on the planet ..., and the biological processes taking place in water bodies. Graduates of this ...” *Secretary's Comments/Corrections:* Correct rationale – these are concentrations and not streams; include existing description; if added required course ENVB 301 is not almost identical in content to ATOC 215, then move these two courses to list of complementary courses – adjust required and complementary credits accordingly (if they are almost identical, consultations are required from both instructors indicating this); revise the number of courses “One of” to indicate the number of credits “3 credits from”.

B.Sc.; Major in Environment; Water Environments and Ecosystems – Physical (63 cr.) – program description, course group headings revised, complementary courses added, complementary courses deleted, how complementary courses chosen revised, asterisk added to some courses, asterisk deleted from some courses, program notes revised.

Chair's Comments/Corrections: Revise proposed description to read “The [indicate program’s full title] ... program. The program focuses on the physical facet of the water environment, the transport mechanisms of water on the planet ... and the biological processes taking place in water bodies. Graduates of this ...” *Secretary's*

Comments/Corrections: Correct rationale – these are concentrations and not streams; include existing description; if added required course ENVB 301 is not almost identical in content to ATOC 215, then move these two courses to list of complementary courses – adjust required and complementary credits accordingly (if they are almost identical, consultations are required from both instructors indicating this); revise the number of courses “One of” to indicate the number of credits “3 credits from”.

B.Sc.; Major in Environment; Land Surface Processes and Environmental Change (63 cr.) - course group headings revised, complementary courses added, complementary courses deleted, how complementary courses chosen revised, a program note revised, a program note deleted. *Secretary's Comments/Corrections:* Delete from description question in bold; move GEOG 321 from Fundamental Land Surface Processes courses to list of required courses as there are no choices – adjust required and complementary credits accordingly, and clarify the number of credits to be chosen from the other two groups of complementary courses under “Fundamental Land Surface Processes” – it is not clear if they both should be indicated as “0-6 credits from”; revise the number of courses “One of” to indicate the number of credits “3 credits from”.

B.Sc.(Ag.Env.Sc.); Major in Environment; Land Surface Processes and Environmental Change (63 cr.) - course group headings revised, complementary courses added, complementary courses deleted, how complementary courses chosen revised, a program note revised, a program note deleted. *Secretary's Comments/Corrections:* Delete from description question in bold; move GEOG 321 from Fundamental Land Surface Processes courses to list of required courses as there are no choices – adjust required and complementary credits accordingly, and clarify the number of credits to be chosen from the other groups of complementary courses under “Fundamental Land Surface Processes” – it is not clear if they should both be indicated as “0-6 credits from”; revise the number of courses “One of” to indicate the number of credits “3 credits from”.
