• CRCF Methods Brownbag

Spinning in circles on data analysis? Comparing several models/analytical strategies and not sure which one to use? Curious about the critiques you might receive from reviewers? Have an upcoming talk and want to practice it?

Many of us are confronting these types of questions in our daily research activities. In response we have created a time and space to discuss methodology. It's an informal space – bring your lunch, rap about your current work, and hear/learn from others in the CRCF community. BRC fellows are especially encouraged to attend.

We maintain a blog to discuss some of the issues: <http://blogs.mcgill.ca/crcfbrownbag/>

If you have any questions feel free to contact David Rothwell: david.rothwell@mcgill.ca.

The only expectation is that we discuss research methodology. All methodological perspectives are welcomed. **Who?** CRCF community, **Where?** CRCF conference room, **When?** First Tuesday of every month; 12-1pm
