Black Access McGill is a support program dedicated to promoting the interests and addressing the concerns of Black students within the McGill School of Social Work. Recognizing Black Access McGill as a constituency group would provide a platform for Black students to voice their perspectives, contribute to discussions, and actively participate in the decision-making processes of the School Council. Fostering an inclusive environment that values the diverse experiences and needs of all students and enhances the overall academic and social well-being of our community. Be it resolved that the McGill School of Social Work officially approves Black Access McGill as a constituency group of the School Council. Be it further resolved that this motion shall take effect immediately upon approval.
