

The Inaugural Shirley Metcalfe Memorial Lectureship was held at the 16th Rehabilitation Research Colloquium in May 2014

This Lectureship was made possible by a generous donation from Shirley Fletcher Metcalfe (1924-2013) to McGill's School of Physical & Occupational Therapy.

Shirley Christina Metcalfe (née Fletcher) was born in the Eastern Townships of Québec and was a Class of 1947 graduate of our School (Diploma, Physical Therapy, 1947). She completed her internship in Winnipeg and worked at the Montreal Children's Hospital. She married Dr. Herbert Metcalfe, and they had three children; Cameron, Peter and Sarah. They retired eventually to Brockville, Ont.
