

School of Physical and Occupational Therapy

EXCELLENCE THROUGH GROWTH

M.Sc. Non Thesis Study Plan Form

The Study Plan form has been designed to help you schedule your coursework requirements during your **M.Sc. Non Thesis Program**. **You must submit a copy of this form to the Graduate Student Affairs Coordinator for your file by October 1st of your first year of study and anytime a change is made to your Study Plan.**

- Please indicate the year and term you plan to register for your courses.
- Please ensure that you are registered for at least 12 credits per semester if you wish to be considered full-time. **Students who do not register for 12 credits per term are automatically considered part-time.**
- This program has two options. In the first option, you complete 30 credits of required and complementary courses plus a 15-credit research project. In the second option, you complete 45 credits of required and complementary courses. (Note: If you were awarded a Graduate Excellence Fellowship upon entry into the program, you **MUST** complete a research project.)
- It is recommended that you register in September for a **full year** at a time, i.e. your Fall and Winter term courses all at once.
- Any changes/additions made to your original registration in September must be done on a new Study Plan form, signed by your supervisor and the Graduate Program Director, and a **copy given to the Graduate Student Affairs Coordinator** for your file.
- Please keep your Study Plan form in a safe place, as you will need it to verify that you have completed your program requirements before graduation.
- The **Research Project** must be completed within 3 years of initial registration when pursued on a full-time basis or within 5 years of initial registration when pursued on a less than full-time basis. Further information can be found in the Graduate Calendar.

**McGill University – School of Physical and Occupational Therapy
M.Sc. Non-Thesis Program (45 credits)**

Requirement effective as of Fall 2013

Student Name _____ Date _____

Year Entered Program: _____ Full time__ Part time__
