1. Introduction

1.1. Entrance Awards

Entrance Scholarships

Entrance Scholarships are awarded to students entering McGill University for the first time to undertake their first full-time undergraduate degree program. Transfer, Mature, Diploma, Exchange, Special, Part-time and Visiting students are not eligible for consideration.

Awards range in value from \$3,000 to \$10,000. There are two types of entrance scholarships: the **One-year**, whereby eligibility is based solely on academic achievement, and the renewable **Major**, based on outstanding academic achievement as well as leadership qualities in school and community activities. Simply by applying to McGill, all eligible candidates are automatically considered for the One-year scholarship. No separate application is required. Candidates will be able to apply for a Major scholarship on the web after their application for admission has been submitted and they have received an email acknowledgment of their admissions application. Financial need is not considered in the granting of scholarships; they are entirely merit-based. All renewable awards are tenable provided the criteria for renewal are met. Because renewal criteria vary across faculties, recipients should consult www.mcgill.ca/studentaid/scholarships-aid/regulations-responsibilities to acquaint themselves with the details. Finalists for the scholarships valued over \$5,000 may be interviewed.

The Schulich School of Music also administer some entrance scholarships for students applying to their programs and applicants should contact their Admissions office for additional information. Applicants to the Faculties of Dentistry, Law, or Medicine should inquire at the respective Faculty's admissions office regarding available funds.

Detailed information on entrance scholarships is available at www.mcgill.ca/studentaid/scholarships-aid/future-undergrads/entrance-scholarships.

Entrance Bursaries

Entrance Bursaries are offered to students entering university for the first time to undertake a full-time undergraduate degree program. Transfer, Mature, Diploma, Exchange, Special, and Visiting students are not eligible for consideration.

Awards of varying values are based on academic standing and demonstrated financial need. Some of these bursaries are renewable and are tenable until completion of an undergraduate degree, up to a maximum of four years, provided the criteria for renewal (financial need and academic standing) are met. There are no separate applications for individual bursaries.

Students wishing to be considered for need-based awards may apply for Entrance Financial Aid via the Financial Aid Menu on Minerva once they have been accepted to the University.

Athletic Awards for Entering Students

There are a limited number of awards for students who are admitted to McGill and are possible candidates for intercollegiate teams. There are no applications for these awards. They are granted by the McGill Athletics Board Awards Committee on the recommendation of the team coaches. See Entrance and In-Course Athletic Awards.

1.2. In-Course Awards

In-Course Scholarships and Awards

These awards are for students already at McGill who are in full-time undergraduate degree programs and will be continuing in full-time undergraduate degree programs.

Academically outstanding students may be considered for in-course awards by faculty scholarship committees at the end of the regular academic session. These awards are made on the recommendation of the individual faculties and schools on the basis of the combined GPA for the Fall and Winter terms and criteria such as program content and number of credits. Applications are not required unless specifically indicated in the terms of an award. To be considered for in-course awards and/or the renewal of entrance scholarships, students must complete at least 27 graded credits in the regular academic year exclusive of courses completed under the Satisfactory/Unsatisfactory option. Summer courses are not considered except for certain Co-op programs. Courses taken at other Quebec universities through the Inter-University Transfer Agreement, to a maximum of six credits, may be counted towards the requirements for scholarship renewal or for consideration for other academic awards. Eligibility will be based on all courses taken during the regular academic year and on both the McGill GPA as well as the global GPA which will include the IUT credits.

A maximum of the top 10% of the students in each faculty, based on the combined GPA for the Fall and Winter terms, are named to the Dean's Honour List. This designation, while carrying no monetary reward, is an official University recognition of the student's achievements and is recorded on the transcript.

General information and regulations are available in Awards to McGill Students In-Course and at www.mcgill.ca/studentaid/scholarships-aid/current-undergrads/merit and www.mcgill.ca/studentaid/scholarships-aid/regulations-responsibilities/regulations.

In-Course Financial Aid

In-course financial aid (**bursaries and loans**) is available to students already at McGill who are registered in full-time undergraduate degree programs. In all cases, the primary criterion for need-based assistance is demonstrated financial need. Students experiencing financial difficulties may apply for aid via the Financial Aid Menu on Minerva commencing August 1st of the upcoming academic year. Financial assistance is awarded on a rolling basis throughout the academic year; the values of awards vary depending on the degree of need of the student and/or family. The Scholarships and Student Aid Office also offers a **Work Study** program that provides on-campus job opportunities to students in need.

All in-course financial aid applicants must apply for the government assistance program for which they may be eligible. Information on financial assistance is available at www.mcgill.ca/studentaid/scholarships-aid/current-undergrads/need.

Athletic Awards for In-Course Students

There are a few awards for students who are members of intercollegiate teams. Applications are required and are usually available in September. See Entrance and In-Course Athletic Awards, for more information.

Activity Awards for In-Course Students

There are some awards which are based on more than just academic standing and require submissions from students. A list of such awards is in Act.

1.3. Graduation Awards

Graduation awards are available for students who will be graduating with an undergraduate degree. All awards to graduating students are granted by individual faculties and schools and are included in the In-Course Awards sections of this Calendar; see Awards to McGill Students In-Course.

1.3.1. Graduation Honours: Dean's Honour List

If you are graduating with an undergraduate degree, you may be awarded the designation Dean's Honour List under the following conditions:

1. you have completed a minimum of 60 McGill credits towards your degree; and
2. you are in the top 10% of the faculty's graduating class of students; this calculation is based on the CGPA.

Note for transfer students:

This designation may be withdrawn if your CGPA at another university or in another faculty at McGill is not comparable to the CGPA earned in your graduating faculty.

1.3.2. Graduation Honours: Distinction

If you are graduating with an undergraduate degree, you may be awarded the designation Distinction under the following conditions:

1. you have completed a minimum of 60 McGill credits towards your degree; and
2. you are in the top 25%, but below the top 10%, of your faculty's graduating class of students; this calculation is based on the CGPA.

Note for transfer students:

this designation may be withdrawn if your CGPA at another university or in another faculty at McGill is not comparable to the CGPA earned in your graduating faculty.

Note:

the Faculties of Education, Dentistry, Law, Medicine, and the School of Nursing, as well as the School of Continuing Studies, do not assign the designation of Distinction to graduating students.

Note:

the designation of Great Distinction is no longer awarded at graduation. Prior to September 2009, Distinction and Great Distinction were awarded at graduation according to faculty-specific regulations. You can find these rules in the faculty chapters of the *2008-2009 Undergraduate Programs Calendar* or any earlier version at www.mcgill.ca/students/courses/calendars.

1.4. External Awards

These are awards that are administered by associations or organizations outside of McGill. Information about external awards is located in a variety of places at McGill such as individual academic departments and the Office of the Dean of Students. Interested students should consult www.mcgill.ca/studentaid/other-funding/externalawards. The Career Planning Service (CaPS) maintains a large listing of external awards and has numerous directories that students can consult. Information is available at <http://caps.mcgill.ca/sp/subjects/index.php>.

2. Entrance Scholarships and Awards

2.1. General Information

McGill University has an extensive program of entrance awards to recognize and honour scholarship. These are entirely merit-based and financial need is not considered. Only students entering the University for the first time to undertake a full-time undergraduate degree program are eligible.

The McGill website www.mcgill.ca/studentaid/scholarships-aid/future-undergrads/entrance-scholarships provides detailed information on entrance awards including minimum academic requirements and deadline dates. Students wishing to be considered for awards must submit all supporting scholarship documents by the appropriate deadline. *There are no separate applications for One-year scholarships, only for Major scholarships, and students do not apply for individual scholarships.*

All renewable awards are tenable provided the criteria for renewal are met. Students holding renewable scholarships granted by the Committee on Enrolment and Student Affairs must complete at least 27 graded credits (not including courses taken under the Satisfactory/Unsatisfactory option) in an undergraduate degree program at McGill during the regular academic year to be eligible for renewal. Summer courses are not considered. Students who are registered for only one term must complete 14 graded credits. The academic standing required for renewal is based on the combined GPA for all courses taken during the Fall and Winter terms and varies across faculties.

For example, scholarships awarded to CEGEP students entering the medical program are renewable provided the recipient achieves Dean's Honour List standing (top 10%) at the end of the Med-P year in Science and at the end of each promotion period in Medicine. Scholarships awarded to CEGEP students entering the B.C.L./LL.B. program in the Faculty of Law are renewable provided the recipient's combined GPA places them in the top 10% of their cohort at the end of every academic year.

Students who have relinquished their awards during their studies at McGill may, upon their return to McGill University, request reinstatement. Students making such a request should ensure that the Scholarships and Student Aid Office receives a copy of the letter of readmission.

Inquiries concerning undergraduate entrance scholarships should be referred to the Scholarships and Student Aid Office in the Brown Student Services Building.

Detailed information and regulations for entrance scholarship recipients are available at www.mcgill.ca/studentaid/scholarships-aid/regulations-responsibilities.

3. Awards to McGill Students In-Course

3.1. General Information

Faculty in-course scholarships and awards are made by the individual Faculty Scholarships Committees, and students should consult the appropriate section of this Calendar for regulations and information concerning these awards.

Most undergraduate scholarships and awards are granted on the basis of the combined GPA for the Fall and Winter terms and applications are not required unless specifically indicated in the terms of an award.

To be considered for in-course awards and/or the renewal of entrance scholarships, students must complete at least 27 **graded** credits in the regular academic year exclusive of courses completed under the Satisfactory/Unsatisfactory option. Summer courses are not considered. Courses taken at other Quebec universities through the Inter-University Transfer Agreement, to a maximum of six credits, may be counted towards the requirements for scholarship renewal or for consideration for other academic awards. Eligibility will be based on all courses taken during the regular academic year and on both the McGill GPA as well as the global GPA which will include the IUT credits.

To receive full payment of an award, students must be registered as full-time (i.e., at least 12 credits per term) in a McGill undergraduate degree program for the entire academic year; otherwise, the award, or part of it, may be cancelled. For instance, a student who is registered full-time for only one-half of the academic year will receive only one-half of the value of the award.

A maximum of the top 10% of the students in each faculty based on the combined GPA for the Fall and Winter terms are named to the **Dean's Honour List**. This designation, while carrying no monetary reward, is an official University recognition of the student's achievements and is recorded on the transcript. Individual faculties should be consulted regarding any additional criteria which may be used.

All awards, with the exception of prizes, are credited to the tuition fee accounts of students for the following academic year.

For information concerning payment and all regulations regarding in-course awards for undergraduates, students must consult www.mcgill.ca/studentaid/scholarships-aid/regulations-responsibilities/regulations.

4. Financial Assistance

4.1. General Information

Applications for McGill bursaries and loans may be accessed through the Financial Aid menu on Minerva. Applicants must arrange for an interview with a Student Aid Counsellor.

Bursaries and loans are granted on the basis of financial need to full-time students in a program of study leading to an undergraduate degree. Financial aid will be granted only if an adequate academic standing is attained.

All applicants for McGill aid must apply for maximum government grants/loans or other assistance for which they are eligible. Canadian and American students can consult a directory of government websites at www.mcgill.ca/studentaid/government.

Unless otherwise stated, all funds listed in this section are administered by the **Scholarships and Student Aid Office** and inquiries should be made directly to that office.

Graduating students who wish to find out about funding to pursue graduate studies should consult the *Graduate Fellowships and Awards Calendar* at www.mcgill.ca/students/courses/calendars or visit the website at: www.mcgill.ca/gps.
