Independent Auditor's Report

To the Engineering Undergraduate Society of McGill University Inc.

We have audited the accompanying financial statements of the Engineering Undergraduate Society of McGill University Inc. which comprise the statement of financial position as at April 30, 2017, and the statements of operations, changes in net assets and cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements
Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian accounting standards for not-for-profit organizations, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility
Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion.

Basis for Qualified Opinion
In common with many not-for-profit organizations, the Engineering Undergraduate Society of McGill University Inc. derives revenue from social activities, the completeness of which is not susceptible to satisfactory audit verification. Accordingly, the audit of these revenues was limited to the amounts recorded in the records of the Engineering Undergraduate Society of McGill University Inc. Therefore, we were not able to determine whether any adjustments might be necessary to total revenue, (deficiency) excess of revenue over expenses, and cash flows from operations for the years ended April 30, 2017 and 2016, current assets and deferred contributions as at April 30, 2017 and 2016, and net assets as at April 30, 2017, April 30, 2016 and May 1, 2015. Our audit opinion on the financial statements for the year ended April 30, 2016, was modified accordingly because of the possible effects of this limitation in scope.
Qualified Opinion

In our opinion, except for the possible effects of the matter described in the Basis for Qualified Opinion paragraph, the financial statements present fairly, in all material respects, the financial position of the Engineering Undergraduate Society of McGill University Inc. as at April 30, 2017, and the results of its operations and its cash flows for the year then ended in accordance with Canadian accounting standards for not-for-profit organizations.

The accompanying notes are an integral part of the financial statements.
1. Purpose and incorporation of the Society

Engineering Undergraduate Society of McGill University Inc. (the "Society") is a not-for-profit organization whose membership is limited to regularly registered undergraduate McGill University engineering students. The Society’s purpose is to provide various services and activities to its members. The Society was incorporated under Part III of the Québec Companies Act as a not-for-profit organization without share capital on April 6, 1990. The Society is exempt from tax under provisions of the Income Tax Act.

2. Accounting policies

The financial statements have been prepared in accordance with Canadian accounting standards for not-for-profit organizations and reflect the following significant accounting policies:

Revenue recognition

The Society applies the deferral method to account for revenue. Restricted revenue is recognized as revenue in the year in which the related expenses are incurred. Unrestricted revenue is recognized as revenue when received or receivable if the amount to be receivable can be reasonably estimated and collection is reasonably assured.

Financial instruments

Financial assets and financial liabilities are initially recognized at fair value when the Society becomes a party to the contractual provisions of the financial instrument. Subsequently, all financial instruments are measured at amortized cost, except for the investments, which are measured at fair value at the statement of financial position date. Fair value fluctuations, including interest earned, interest accrued, gains and losses realized on disposal and unrealized gains and losses are included as revenue in the statement of operations.

Transaction costs related to financial instruments measured at fair value are expensed as incurred.

The Society recognizes in the statements of operations an impairment loss, if any, when it determines that a significant adverse change has occurred during the period in the expected timing or amount of future cash flows. When the extent of impairment of a previously written-down asset decreases, and the decrease can be related to an event occurring after the impairment was recognized, the previously recognized impairment loss shall be reversed in the statements of operations in the period the reversal occurs.

Inventories

Inventories, which consist of finished goods, are valued at the lower of cost or net realizable value. Cost is determined on a specific identification basis. Net realizable value is the estimated selling price, less the estimated cost necessary to make the sale. The inventories recognized as an expense during the year amounted to $92,921 ($102,854 in 2016).

Capital assets

The capital assets are recorded at cost. Amortization is based on the estimated useful life of the item using the following methods, rates or term:

- Furniture and equipment: Declining balance 20%
- Computers: Declining balance 30%
- Leasehold improvements: Straight-line Term of the lease
2. **Accounting policies (continued)**

*Volunteer services*

The Society benefits from substantial services in the form of volunteer time. Due to the difficulty of determining their fair value, volunteer services are not recorded in these financial statements.

*Use of estimates*

The preparation of financial statements in conformity with Canadian accounting standards for not-for-profit organization requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

3. **Investments in mutual funds**

The investments in mutual funds have been internally restricted and will be used for capital expenses, renovations and improvements, and long-term financial stability.

7. Financial instruments

Credit risk
The Society does not have a significant exposure to credit risk as the majority of its revenue has been collected within the normal terms.

Market risk
Market risk is the risk that investments in mutual funds are exposed to, caused by changes in interest rates, exchange rates, stock exchange indicators and the level of volatility of these rates and indicators.

Interest rate risk
The investment in a guaranteed investment certificate bears interest at a fixed rate. Accordingly, a change in market interest rates will affect the fair value of this investment.

8. Comparative figures

Certain comparative figures have been reclassified to conform to the current year's presentation.
