## 1 Calendar of Dates 2000-2001

**Given in this section are key dates for the undergraduate faculties and schools included in the Health Sciences Calendar.**

**For information concerning other units**, consult the 2000-2001 Calendar of Dates, accessible via the McGill website <http://www.mcgill.ca>, click on *infoMcGill*, or refer to the appropriate Calendar: Continuing Education; Graduate Studies and Research; Undergraduate Programs – Agricultural and Environmental Sciences, Arts, Education, Engineering, Management, McGill School of Environment, Music, Religious Studies, Science; Law; Summer Studies.

**MARS** is McGill's Automated Registration System. Students register and make course changes by using a touch-tone telephone and calling (514) 398-MARS [398-6277].

**Registration:** Registration is done using MARS during the published registration dates. Students will be charged a late registration fee during the late registration period. To avoid the late registration fee call MARS and press "1" to confirm your registration. Courses may be added until the end of the course change period without penalty.

**Returning Students:** Following the telephone call to MARS a returning student's record must be checked to verify that they have no outstanding debts with the University. Confirmation of verified registration happens nightly, except for calls to MARS on Friday, August 4, 11 or 18 or on a weekend, when confirmation for I.D. purposes will only be available the following Tuesday.

**IDs:** Students may only obtain their McGill ID card after they have confirmed their registration via MARS.

**Fees:** Once a student has confirmed his/her registration and/or added courses, fee statements will be mailed out beginning in August for the upcoming academic year. Fee payments are due by the date indicated on the statement.

Students may also obtain their latest fee information by accessing SATURN (<http://www.is.mcgill.ca/students>) or get their fee balance by calling MARS.

## 2 General Information

### 2.1 Admission

Admission requirements and applications procedures are outlined in the individual faculty and school sections.

### 2.2 Language Policy

The language of instruction at McGill is English. Some courses are offered in French. Every student has a right to write term papers, examinations and theses in English or in French except in courses where knowledge of a language is one of the objectives of the course.

It is recommended that students who lack proficiency in English avail themselves of the opportunity to take an intensive English as a second language course prior to, or early in, their program of studies. Additional information can be found in the Summer Studies and Continuing Education Calendars, and in the Faculty of Arts section of the Undergraduate Programs Calendar.

### 2.3 Proof of Proficiency in English

Applicants are not required to submit proof of proficiency in English if they meet one of the following conditions: their mother tongue/first language is English; or they have completed both Secondary V and a Diploma of Collegial Studies in Quebec; or they have studied for five or more years in an institution where English is the primary language of instruction.

**All other applicants must demonstrate proficiency in English, using one of the following four options:**

#### Test of English as a Foreign Language (TOEFL)

with a minimum score of 550 on the paper-based test or 213 on the computer-based test.

#### University of Michigan English Language Test

with a minimum mark of 85%.

#### International English Language Testing Systems (IELTS)

with a minimum band score of 6.5.

### McGill Certificate of Proficiency in English.

For further information contact the Department of Languages and Translation, Centre for Continuing Education, 688 Sherbrooke Street West, Montreal, Quebec, H3A 3R1. Telephone (514) 398-6160. Email: info@conted.lan.mcgill.ca

### 2.4 Language Requirements for Professions

Quebec law requires that candidates seeking admission to provincially-recognized professional corporations must possess a working knowledge of the French language, that is, be able to communicate verbally and in writing in that language.

To demonstrate this capability, candidates will be required to pass an examination set by the Office de la langue française, unless they can show that three years of full-time instruction in a French post-primary school have been completed. Candidates who have completed their secondary education in Quebec in 1986 or later and have received their certificate from secondary school are exempt from writing the examination. The professional corporation will require this certificate, proof of attendance or of successful completion of the Office examination.

The examination may be attempted by registered students during the two years prior to the date they receive a degree giving access to a professional corporation. Application forms for sitting the exam while still a student may be obtained from the Admissions, Recruitment and Registrar's Office. Priority will be given to those closest to graduation. Examinations take place every three months and may be attempted an unlimited number of times.

More information may be obtained from the Office de la langue française, 125 Sherbrooke Street West, Montréal, Québec, H2X 1X4. Telephone (514) 873-4833.

Students who need to acquire a functional level of proficiency in French may take courses from either the English and French Language Centre, Faculty of Arts, or the Centre for Continuing Education, 688 Sherbrooke Street West; telephone (514) 398-6200; email: info@conted.lan.mcgill.ca.

### 2.5 Immigration Information

Students other than Canadian citizens and Permanent Residents of Canada must obtain proper authorization from both Quebec and Canadian Immigration officials prior to proceeding to Canada

and/or commencing studies. The process begins with a Letter of Acceptance from McGill University.

A pamphlet which describes Canadian immigration regulations in detail, and which contains notes and guidance for students from other countries, is available from all Canadian embassies, consular offices and immigration offices.

In addition, the International Student Adviser prepares a detailed handbook for international students which is sent to all accepted applicants. For further information, please contact the International Student Advisor, Brown Student Services Building, 3600 McTavish Street, Montreal, Quebec, H3A 1Y2, or refer to their website (<http://www.mcgill.ca/stuserv/>).

## 2.6 Vaccination Requirements

A COMPULSORY Immunization program exists at McGill for students in the health professions. The McGill University Teaching Hospitals require the immunizations listed below before students are allowed to practice. The immunizations should be completed well before commencement of the school year. Proof of immunity must be written and signed by either a nurse or a physician and include the following:

- 1) Proof of primary series vaccinations for Diphtheria, Tetanus and Polio. This must include the dates for each vaccination.
- 2) Proof of Diphtheria, Tetanus, and Polio (Salk) vaccination boosters within the last 10 years.
- 3) Proof of live Measles, Mumps and Rubella vaccination received after 12 months of age and proof of a second measles vaccination.
- 4) Proof of a TWO step PPD skin test for Tuberculosis (within the last 12 months).
- 5) Hepatitis B vaccination is required for Dentistry, Nursing, Medicine, Occupational Therapy, Physical Therapy, and Speech Pathology students.
- 6) Documentation of varicella or of an antibody titre.

THERE ARE NO EXCEPTIONS TO THESE REQUIREMENTS.

Student Health Services operates during the summer. Students are advised to complete their immunizations early, otherwise their entry into the teaching hospitals may be delayed.

## 2.7 Health Insurance – Canadian Residents

Canadian students from outside the province of Quebec should check with their own provincial medicare office to ensure validity of their health coverage while studying at McGill.

## 2.8 Health Insurance – International Students

By Senate regulation, all students, as well as their accompanying dependents, who do not have Canadian citizenship or Permanent Resident status must participate in a compulsory health insurance plan administered by the University. When registering by MARS, students will be advised of the schedule for enrolment in the plan. Full details will be given at that time. Please refer to the Fees Section for information concerning rates.

Students registering for the first time in September (January) should note that Maternity Benefits for pregnancies which commenced prior to July 15th (November 15th) are not covered.

All inquiries related to this University policy must be directed to International Student Services, Brown Student Services Building, 3600 McTavish Street, Room 3215, Montreal, Quebec H3A 1Y2. Email: [intlhealth@stuserv.lan.mcgill.ca](mailto:intlhealth@stuserv.lan.mcgill.ca) or telephone: (514) 398-6012.

## 2.9 MARS, SATURN, infoMcGILL, DAS

**MARS** is McGill's Automated Registration System. Students register and make course changes by using a touch-tone telephone and calling (514) 398-MARS [398-6277]. MARS offers service in both English and French.

**SATURN** gives Student Access to University Records on the Net. Students can view their marks and fee information by accessing SATURN (<http://www.is.mcgill.ca/students>). They can also update their own personal information such as home address, mailing address and telephone number. It is very important that all students keep their addresses and telephone numbers up to date on the central student record system.

**infoMcGill** is McGill's Campus-wide information system which is available 24 hours a day through the McGill Gateway (<http://www.mcgill.ca>), on personal computers and workstations that have communications capability and via most communications software. Many topics of relevance to students such as Timetable and Examinations information can be accessed via *infoMcGill*.

*infoMcGill* workstations which are accessible to all students can be found in many locations including the Health Sciences Library; McLennan Library; Redpath Library; the Admissions, Recruitment and Registrar's Office; the Bookstore; and on Macdonald Campus in MS2-026/027/028. *infoMcGill* may also be accessed from departmental and faculty computer labs.

**DAS** (McGill's Dial-up Access Services). All new McGill students have a DAS username assigned to them when they are accepted. This allows access via modem to many of the University's computer systems, including McGill's web pages, *infoMcGill*, email and Internet access. DAS is administered by the Computing Centre, see [page 13](#). (Note: charges for DAS usage do not apply when accessing McGill's systems and email from campus. However, lab fees may apply.)

## 3 Facilities

### 3.1 Buildings

#### McIntyre Medical Sciences Building

3655 Drummond Street, Montreal, QC, H3G 1Y6  
This 15-storey building, completed in 1965, contains the administrative offices of the Faculty of Medicine and the Health Sciences Library, the Osler Library of the History of Medicine, the Departments of Biochemistry, Social Studies of Medicine, Pharmacology and Therapeutics, Physiology, the Animal Resources Centre and a number of special research units.

#### Strathcona Anatomy and Dentistry Building

3640 University Street, Montreal, QC, H3A 2B2  
This building, opened in 1911, houses the administrative offices of the Faculty of Dentistry and the Department of Anatomy and Cell Biology.

#### Duff Medical Sciences Building

3775 University Street, Montreal, QC, H3A 2B4  
Opened for use in October 1924, the building is situated on the northeast corner of University Street and Pine Avenue. It is occupied by the Biomedical Engineering Unit, the Departments of Microbiology and Immunology, and Pathology and the Sheldon Biotechnology Centre.

#### Research and Training Building

1033 Pine Avenue West, Montreal, QC, H3A 1A1  
In 1943 a large building and site were donated as a basis for the development of an Institute of Psychiatry. The building was reconstructed to permit the establishment of a 50-bed unit, together with extensive research laboratories, and was officially opened on July 12, 1944.

In 1946 the first day-hospital in the world was opened at the Institute and in 1953 a 50-bed wing was added. In 1985, another wing, housing in-patient services, psychology and occupational therapy, was added.

The Research and Training Building of the Department of Psychiatry was built by McGill University in 1963, providing an extensive and modern research facility.

#### Donner Building

740 Doctor Penfield Avenue, Montreal, QC, H3A 1A4  
The Donner Building for Medical Research, adjacent to the Strath-

cona Anatomy and Dentistry Building, was completed in September 1948 through the generosity of the late William D. Donner of Philadelphia.

#### **Lady Meredith House**

1110 Pine Avenue West, Montreal, QC, H3A 1A3

This building currently houses the Respiratory Epidemiology Unit, Experimental Medicine, and Medical Education.

#### **Charles Meredith House**

1130 Pine Avenue West, Montreal, QC, H3A 1A3

This elegant building, built for Charles Meredith, houses the offices and teaching rooms of Occupational Health and the Biomedical Mass Spectrometry Unit.

#### **Purvis Hall**

1020 Pine Avenue West, Montreal, QC, H3A 1A2

Purvis Hall is situated at the corner of Peel and Pine. The Department of Epidemiology and Biostatistics occupies the entire building.

#### **Beatty Hall**

1266 Pine Avenue West, Montreal, QC, H3A 1A8

Built in 1912, this heritage building was designed by Hogle and Davis architectural firm. In 1946 it was acquired by McGill and currently houses the School of Communication Sciences and Disorders.

#### **Davis House**

3654 Drummond Street, Montreal, QC, H3G 1Y5

Built in 1909 for contractor James T. Davis, this heritage building, designed by architects Edward and W.S. Maxwell, houses teaching and research facilities of the School of Physical and Occupational Therapy.

#### **Hosmer House**

3630 Drummond Street, Montreal, QC, H3G 1Y5

Built in 1901, for Ogilvie Flour Mill founder Charles Hosmer, this heritage building and its coach house, designed by architect Edward Maxwell, houses teaching and research facilities of the School of Physical and Occupational Therapy.

#### **Wilson Hall**

3506 University Street, Montreal, QC, H3A 2A7

The School of Nursing shares this main campus building with the School of Social Work.

## **3.2 Hospitals**

### **McGILL UNIVERSITY TEACHING HOSPITALS**

The teaching hospital network of McGill University is an integral part of the research, teaching, and clinical activities of the Faculty of Medicine. By agreement and tradition, the administration, medical staff, and scientific personnel of these institutions are closely integrated with McGill University and form the basis for the clinical departments of the Faculty of Medicine:

#### **McGill University Health Centre (MUHC) / Centre Hospitalier Universitaire**

The MUHC is a new institution created by the merger and integration of four of the teaching hospitals of the Faculty of Medicine. The MUHC is one of the five Centres Hospitaliers Universitaires recognized by the Ministry of Health of the Province of Quebec and is the primary site for the teaching programs of the University. The activities of the MUHC are carried out at the following four locations:

**The Royal Victoria Hospital** is situated on 35 acres of land bordered by Pine Avenue and University Street. Its complex of seven pavilions houses a bed complement of 610. The hospital has annual in-patient admissions of over 21,000 and ambulatory services visits (out-patients, emergency day surgery and day care, etc.) of over 450,000. Residents and fellows at the hospital total 225. It provides teaching programs for medical students as well as students of the other health professions.

The Royal Victoria Hospital opened in 1894. Over the years it has expanded its physical complex to accommodate its clinical, teaching and research activities. The Allan Memorial Institute

became the hospital's Department of Psychiatry in the 1940s. The hospital established a Research Institute in 1981 in order to coordinate what is one of the largest hospital-based research programs in the country.

On April 1, 1994, the Montreal Chest Hospital Centre, a 124-bed institution specializing in the treatment of respiratory diseases, integrated with the Royal Victoria, becoming the Montreal Chest Institute of the Royal Victoria Hospital.

**The Montreal General Hospital** has a bed complement of 405. In a typical year, there are approximately 15,000 admissions and 350,000 consultations in the Emergency and Out-patient Departments. The resident staff numbers 275. The Montreal General was founded in 1821 and its record in clinical teaching is one of the longest in North America. Students were first received in 1823, in what was the first medical school in Canada. This school agreed to form the Faculty of Medicine in 1829.

The present hospital building was opened in 1955. In addition, a research centre was opened on hospital grounds in 1973, and now has 100,000 square feet of space.

**The Montreal Children's Hospital**, located on Tupper Street, near the Atwater Metro Station, has 214 beds and, in a typical year, admits approximately 9,000 patients. The Ambulatory Services have over 180,000 visits, 70,000 of which are through the Emergency Room and over 100,000 in the clinics. The hospital has a provincial mandate for several tertiary care programs including newborn intensive care and surgery, major pediatric trauma, extra-corporeal membrane oxygenation, and organ transplantation, among others. The hospital also provides pediatric and technical services to Baffin Island.

An active teaching program is maintained for the medical students and for residents and fellows numbering over 100. There are also teaching programs for nursing students and other health professionals. The McGill University-Montreal Children's Hospital Research Institute pursues research and postgraduate education in many areas, all related in some way to diseases and problems encountered in the period of life from the fetus through adolescence.

**The Montreal Neurological Institute and Hospital** are housed in an eight-story building, adjacent to the Pathology Building and the Royal Victoria Hospital. The Institute was opened on September 27, 1934 and as the cornerstone states is "Dedicated to relief of sickness and pain and to the study of Neurology". The McConnell Wing was opened in 1953, doubling both the clinical and laboratory space. A nine-story addition, the Penfield Pavilion, was officially opened in September 1978. The Webster Pavilion, completed in 1984, centralizes brain imaging resources, provides laboratory spaces, and includes a 350-seat amphitheatre.

#### **Sir Mortimer B. Davis – Jewish General Hospital**

3755 Côte Ste-Catherine, Montreal, QC, H3T 1E2

The Sir Mortimer B. Davis – Jewish General Hospital has 637 beds and admits approximately 23,275 patients per year. The hospital has earned a reputation for excellence in many specialties: the Department of Oncology has an active clinical research program which includes Experimental Pharmacology; the Department of Family Medicine is recognized for the quality of its training program; the Geriatrics Division includes a Memory Clinic which studies and cares for Alzheimer's patients; the Obstetrics service oversees approximately 4,000 births per year and is designated as a provincial high risk referral centre; the Neonatology service has set international records for high survival rates, with good quality of life, of low birthweight infants. The hospital has a comprehensive Cardiology service and Cardiac Surgery program. The Emergency Department, one of the busiest in Montreal, has an extensive teaching and research program. The Institute of Community and Family Psychiatry offers a wide range of outpatient services for adults, adolescents and families, as well as a broadly based research program in the psychosocial aspects of illness. Basic research in many fields is carried out in the hospital's Lady Davis Institute for Medical Research. This includes the McGill

AIDS Centre, the Bloomfield Centre for Research on Aging, the Molecular Oncology Research Group, and research programs in genetics, perinatology, cardiac and pulmonary disease, and endocrinology. The Jewish General Hospital Centre for Epidemiology and Community Studies is essential to the hospital's clinical research program. Teaching residents and medical students is a priority for the hospital's large geographic full-time staff.

#### **St. Mary's Hospital Centre**

3830 Lacombe Avenue, Montreal, QC, H3T 1M5

St. Mary's is an acute care specialized hospital with 414 adult beds and 65 bassinets. About 4,000 babies are delivered annually at the Hospital. There is a progressive and active Family Medicine Centre recognized for its teaching. The Emergency Department is very busy and supervised by a staff physician 24 hours per day. The Hospital also provides numerous highly specialized services such as renal dialysis, oncology, organized geriatric and psychogeriatric, nuclear medicine and C.T. scanning services. The volume of activity keeps increasing annually and in 1993-94 there were 48,984 out-patient clinic visits, 22,840 visits to the family medicine clinic, 31,051 visits to emergency, 3,937 procedures through the surgical day center and over 6,444 dialysis treatments. The Hospital is noted for its devotion to patients, motivation to the achievement of excellence, and good spirit and relationships among all staff.

#### **SPECIALTY TEACHING HOSPITAL**

##### **Douglas Hospital**

6875 LaSalle Boulevard, Verdun, QC, H4H 1R3

The Douglas Hospital is a McGill affiliated teaching and research centre for the specialized care of mental illness. The only English psychiatric hospital in the province of Quebec, it is part of an integrated network in cooperation with various departments of psychiatry of general hospitals. Short and long term hospitalization in addition to out-patient services are offered in specialized and ultraspecialized settings to children and persons of all ages. With 614 beds, admissions total 900 per year and out-patient contacts 50,000 per year. Patients, who are treated in the least restrictive manner possible, are offered a vast gamut of services. Services are organized in five programs: the Community Psychiatric Centre, the Child and Adolescent Services, the Specialized Treatment and Rehabilitation Program, the Psychogeriatric Program, and the Newman Rehabilitation Centre.

The Hospital offers training to residents in psychiatry, medical and paramedical students in many disciplines. It is a member of the World Federation for Mental Health and the World Association for Psychosocial Rehabilitation, and was designated as the Montreal World Health Organization Collaborating Centre for Training and Research in Mental Health in 1982. The Hospital's Research Centre is a world renowned facility contributing to biopsychosocial as well as clinical research and offering training to researchers from around the world.

#### **HOSPITALS AFFILIATED WITH MCGILL UNIVERSITY**

The following hospitals have been approved by, and have contracted with, McGill University for participation in teaching and research in one or more departments and services:

##### **Jewish Rehabilitation Hospital**

3205 Place Alton Goldbloom, Laval, QC, H7V 1R2

##### **Lakeshore General Hospital**

160 Stillview Road, Pointe Claire, QC, H9R 2Y2

##### **LaSalle General Hospital**

8585 Terrasse Champlain, LaSalle, QC, H8P 1C1

##### **Maimonides Hospital Geriatric Centre**

5795 Ave. Caldwell, Montreal, QC, H4W 1W3

##### **Shriners Hospital For Crippled Children**

1529 Cedar Avenue, Montreal, QC, H3G 1A6

### **3.3 Clinical Facilities for Dentistry**

The McGill University McCall Dental Clinic is located in the Montreal General Hospital.

At the Clinic, Third and Fourth year students in the undergraduate program are taught under the guidance of the dental staff to carry out all phases of clinical dentistry and related laboratory procedures. They attend this clinic daily except for such time as may be taken up by lectures or other University work.

The Montreal General Hospital offers the facilities of all departments in the hospital and allows the students to observe a wide variety of interesting and unusual cases under treatment.

### **3.4 Research Centres**

#### **Artificial Cells and Organs Research Centre**

3655 Drummond Street, Montreal, QC, H3G 1Y6

Website: <http://www.artcell.mcgill.ca/> Fax: (514) 398-4983

This Centre concentrates on interdisciplinary research on the application of artificial cells in medicine and biotechnology. The present research emphasis is on artificial cells, enzyme replacement therapy, biotechnology, modified hemoglobin and encapsulated hemoglobin as red blood cell substitutes in transfusion and other applications, biomaterials, enzyme engineering, artificial liver, control drug delivery systems, bioencapsulation of enzymes, cells, microorganisms, and organelles. The members of this Centre come from different specialties in McGill ranging from the basic science Departments of Physiology, Chemistry, Chemical Engineering and Biomedical Engineering to clinical divisions in the McGill teaching hospitals. The Centre Office is in the McIntyre Medical Sciences Building.

#### **Biomedical Ethics Unit**

3960 Peel Street, Montreal, QC, H3A 1W9

Telephone: (514) 398-6980. Fax: (514) 398-8349

One of the responsibilities of this Unit, established in the Faculty of Medicine in June 1996, is that of providing and coordinating undergraduate and graduate teaching in bioethics and health law. This includes courses and electives for medical students; in-hospital courses, lectures and rounds for residents and those in allied health disciplines; participation in faculty development workshops and conferences. This Unit also administers the Bioethics Master's Program, and provides the core bioethics courses and supervision of theses, in collaboration with the Faculties of Medicine, Law, and Religious Studies, and the Department of Philosophy. Master's students from all those disciplines are eligible for this Master's Degree with a specialization in bioethics. It is an interdisciplinary academic program that emphasizes both the conceptual and the practical aspects of bioethics and ordinarily takes two years to complete. The Unit provides and coordinates clinical ethics services for the McGill teaching and affiliated hospitals. This service includes the provision of in-hospital clinical ethicists from the Unit who provide ethics consults as well as chair or co-chair the Clinical Ethics Committees and serve on the Research Ethics Committees. Members of the Unit are active in a variety of interdisciplinary research areas from the perspectives of bioethics and health law. Current areas of research include clinical trials, genetics, ethics-law interaction, psychiatric ethics, ethics and culture. The Unit has seminars open to McGill faculty and students and the public on a variety of contemporary bioethics issues. Unit members and research associates actively collaborate with members of various McGill faculties and units as well as nationally and internationally in research, teaching and clinical activities. There are currently five academic members located on a full-time basis in the Unit offices, representing the disciplines of philosophy, religious studies, medicine and law. The current director of the Unit is Edward W. Keyserlingk, LL.M., Ph.D. Email: [keyser\\_e@falaw.lan.mcgill.ca](mailto:keyser_e@falaw.lan.mcgill.ca)

#### **Centre for the Study of Host Resistance**

Montreal General Hospital, 1650 Cedar Avenue, Room A6149, Montreal, QC, H3G 1A4

The Centre brings together the major disciplines responsible for carrying out research in the field of Host Resistance. The mechanisms underlying both genetically-determined and acquired resistance to environmental stimuli which represent a threat to the host integrity and which can lead to the development of a broad range of abnormalities are studied. Rational approaches towards the

identification of susceptible individuals and the prevention and correction of their genetically-determined or acquired defects are explored. Centre faculty specialize in research and in providing graduate and postgraduate training in the following fields: Genetic Epidemiology, Genomics, Molecular Immunology and Cell Biology, and Immunoparasitology. The efforts of the Centre have been recognized in the National Centres of Excellence, in which the Centre is a principal domain in the Network entitled: "Genetic Basis for Human Disease".

#### **Centre for Translational Research in Cancer**

Sir Mortimer B. Davis – Jewish General Hospital  
3755 Côte Ste-Catherine, Room D127, Montreal, QC, H3T 1E2

The aim of the Centre is to facilitate the translation of the exciting novel findings made in fundamental laboratories into testable hypotheses for evaluation in clinical trials in oncology. There are currently extremely high quality clinical research activities at McGill, and the fundamental investigations of cancer biology by McGill scientists are recognized worldwide. The Centre provides the infrastructure to bring these investigators together in order to synergize their efforts at generating novel and promising translational research. This provides a structured focus for these activities and will accelerate the testing of potential benefits derived from scientific discovery.

The Centre provides core functions to enhance translational research, including a Tissue Bank, Clinical Research Unit, and a Molecular Modeling Program. The unique interaction of clinician-scientists and Ph.D. researchers provides an important strength to novel therapeutic development programs. There is significant interaction with biotechnology and the pharmaceutical industry.

The Centre provides a high quality environment for training clinician-scientists in cancer research. The trainees include both graduate students (Experimental Medicine, Pharmacology and Therapeutics, Pathology) as well as Ph.D. and M.D. scientists interested in postdoctoral experience in working specifically on clinically oriented or relevant models or problems.

#### **Department of Human Genetics**

1205 Doctor Penfield Avenue, Montreal, QC, H3A 1B1

The Department provides a corporate base for human and medical geneticists working at McGill University and in the research laboratories of its teaching hospitals. Its purpose is to coordinate teaching in human/medical genetics, encourage teaching and consultative programs in areas where genetics is underrepresented, foster communication and collaboration between genetics units and promote the progress of research in genetics and its application to health care. Current research interests include: mammalian gene structure/regulation; oncogenetics; biochemical/molecular genetics of various inborn errors of metabolism; genetic screening, counselling and therapy; application of recombinant DNA technologies to human genetic epidemiology. The Department Office is in the Stewart Biological Sciences Building.

#### **McGill AIDS Centre**

Lady Davis Institute, Jewish General Hospital,  
3755 Cote St. Catherine, Room 318, Montreal, QC, H3T 1E2

The McGill AIDS Centre coordinates, facilitates and promotes teaching, research and treatment activities, relating to HIV infection and AIDS, at McGill University and its affiliated teaching hospitals. McGill University has been among the foremost institutions in Canada to study and treat HIV infection and AIDS. McGill scientists, researchers, and clinicians have carried out work in every area of this health problem. The Centre firmly believes that the study and treatment of HIV infection and AIDS must be interdisciplinary, and thus the fields of medical science and social science must complement each other. The Centre enhances this work by helping researchers, scientists and clinicians at McGill to carry out the complex research that is needed to understand, prevent and treat HIV infection. Educational and training activities will be augmented to ensure there is sufficient manpower for the growing HIV epidemic. The care and treatment of persons who are infected with HIV or who have developed AIDS will be enhanced through coordination of these activities at McGill hospitals and clin-

ics. Further the Centre will provide a forum for the input and participation by people with HIV infection or with AIDS in this research, teaching, and care.

#### **McGill Cancer Centre**

3655 Drummond Street, Room 701, Montreal, QC, H3G 1Y6

The purpose of the McGill Cancer Centre is to carry out basic research on the cancer problem which, along with knowledge of the latest developments worldwide in the cancer field, can in some cases be used to develop clinical trials involving rational, novel approaches leading to improved diagnosis and treatment. Research projects include the molecular biology and molecular genetics of cancer-related cell surface alterations, the cell biology and molecular genetics of cellular differentiation and its aberration in malignancy, and the molecular biology of the initiation of DNA replication in normal and malignant cells. Associate members involved in both basic and clinical cancer research interact regularly with a core of investigators housed in the Centre itself. The Centre office is in the McIntyre Medical Sciences Building.

#### **McGill Centre for Studies in Aging**

Douglas Hospital, 6825 LaSalle Boulevard,  
Verdun, QC, H4H 1R3

The specific goals of the Centre are: i) to bring together investigators in the basic sciences, the clinical sciences, the social sciences, and other disciplines, to create a greater knowledge base for understanding of the aging process; ii) to serve as a focus for education and training of those individuals concerned with the elderly; iii) to transfer the newly created knowledge to those institutions and organizations actually giving service and care to the aged; and iv) to identify those parts of the aging process which are preventable or capable of being modified, to assist the individual aged person in coping with the problems of being elderly and ultimately, through those processes, to benefit mankind.

#### **McGill Nutrition and Food Science Centre**

Royal Victoria Hospital, 687 Pine Avenue West,  
Montreal, QC, H3A 1A1

Established in 1982 in recognition of the increasing importance of nutrition in clinical medicine, the Centre has a four-fold function. The first is the development and integration of research at the basic and clinical level, involving investigators at the Crabtree Laboratory of the Centre at the Royal Victoria Hospital, and at other locations in the University, and to encourage existing faculty to interact in nutrition-related investigations. The second function is the provision of opportunities for graduates in medicine, nutrition and other disciplines to do graduate and postdoctoral research in the laboratories of full-time and associate members. The third is to provide contemporary nutrition teaching at the relevant levels of the medical curriculum, during residency training and thereafter. The Centre is committed to providing reliable information to the public on nutrition-related matters. Finally, nutrition consulting activities in the clinical setting are supported and further developed. The Centre is administratively related to the Faculties of Medicine and the School of Dietetics and Human Nutrition.

### **3.5 Libraries**

All of McGill's libraries are available to health sciences users but two of those are likely to be of particular interest. These are the Health Sciences Library and the Osler Library of the History of Medicine.

In addition, the Macdonald Campus Library collection, which includes materials on food and nutritional sciences, is a primary resource for Dietetics and Human Nutrition students.

#### **Health Sciences Library**

*David S. Crawford, Director*

The Health Sciences Library contains approximately 250,000 volumes and receives approximately 1500 current print journal titles. The library acts as a major resource for teaching, research and clinical care in medicine, dentistry, nursing, physical and occupational therapy, and human communication disorders and is the

primary library for McGill staff, students and faculty researching, practicing or studying in most areas of the health sciences. The library was founded in 1823 (making it the oldest health sciences library in Canada) and is noted for its retrospective collection of books and journals. Services offered to users include access to many online databases and electronic journals. Access to these resources and other online resources and further information on both the Health Sciences and Osler Libraries is obtained through the libraries' home page ([www.health.library.mcgill.ca](http://www.health.library.mcgill.ca)).

Users of the Health Sciences Library have easy direct access to a number of biomedical databases (including MEDLINE and other specialized files from the U.S National Library of Medicine) on McGill University's periodical index database PERUSE. McGill users can access PERUSE from all McGill libraries, from many hospital libraries and by modem from home, office or laboratory. Other, more specialized, databases are available for searching on CD-ROM or can be searched for users by library staff.

The Library is open to all who need to use its collections. Borrowing privileges are given to all McGill faculty, staff and students. The Library is open seven days a week from early September until late June and on weekdays only in July and August. Details are posted in the Library or can be obtained by phoning 398-4755. A valid McGill University ID card is necessary to enter the McIntyre Medical Sciences Building during evening and weekend hours.

### Osler Library of the History of Medicine

The Osler Library of the History of Medicine, which opened in 1929, is physically and intellectually connected to the Health Sciences Library and has a collection of over 50,000 volumes in the history of medicine and the health sciences. The Osler Library has as its nucleus the 8,000 volumes bequeathed to McGill by one of its most famous pupils and teachers, Sir William Osler. Osler's original collection has been augmented by transfers from the Health Sciences Library, by other gifts and bequests and by an active purchasing program. The library offers a Research Fellowship, publishes a *Newsletter* and has an active Friends of the Osler Library group.

All material in the Library is available for consultation and current material is also available for loan. Borrowing privileges are given to all McGill faculty, staff and students. The library is open on weekdays only from 09:00 to 17:00 and is closed on Fridays in July and August.

## 3.6 University Computing Facilities

The Computing Centre (CC) facilitates access to and the use of computing and communications services and facilities which most appropriately meet the needs of research, instructional and administrative areas of the University. Services offered by the CC are: consultation, workshops, documentation, software licences and packages such as anti-virus software. The CC provides access to the Internet (World Wide Web, electronic mail, newsgroups, etc.), the Library's on-line systems MUSE (catalogue) and PERUSE (periodical index) and the McGill Gateway (<http://www.mcgill.ca>). The CC also supports RISQ, Quebec's regional network, and the campus backbone connecting local area networks on campus.

Most of the CC's services are located on the second floor of Burnside Hall. Consultants are available to answer questions by phone, email and in person. Access codes and information can be obtained at the reception desk. Documentation is available via the Web (<http://www.mcgill.ca/cc/publications>).

Each term, the CC provides **free orientation workshops** designed to help students access and use McGill's computing and communications services and facilities. Information concerning scheduled workshops can be found on the Web (<http://www.mcgill.ca/cc/workshops>).

All new undergraduate McGill students have a DAS (McGill's Dial-up Access Services) username that is assigned to them when they are accepted and enabled upon registration. This individualized username, and information regarding DAS, is included with the student's letter of acceptance.

More information concerning the Computing Centre and available services can be found on the Computing Centre homepage (<http://www.mcgill.ca/cc>).

In addition to the Computing Centre's facilities, many departments and faculties provide computer labs for students in their programs. A list of computing facilities at McGill and software available there, can be found on the Web (<http://www.mcgill.ca/labs>). Contact the department or faculty directly for information concerning facilities and accessibility.

## 4 Academic Policies and Information

The information contained in this section applies to the University in general, students are advised to consult the appropriate faculty or school section for academic policies and regulations specific to their programs.

### 4.1 Legal Name

McGill requires all students to register under their legal name as shown in one of the following documents:

1. Court order approving a legal change;
2. Canadian or International Passport (for Canadians: a Canadian Citizenship card is also acceptable);
3. Canadian Immigration Record of Landing (IMM1000);
4. Birth or Baptismal Certificate;
5. Canadian Immigration Student Authorization document;
6. Certificate of Acceptance of Quebec (CAQ);
7. Letter from Consulate or Attestation by a Commissioner of Oaths.

In the case of a variation in the spelling of the name among these documents, the University will use the name on the document that appears first on the above list. Students should also note that this name will appear on their diploma or certificate on graduation.

### 4.2 Permanent Code (*code permanent*)

The Ministry of Education of Quebec (MEQ) now requires all students attending a Quebec University, for whom the University receives funding from the MEQ, to hold a Permanent Code. Any student who has attended high school or CEGEP in Quebec should already have a Permanent Code issued by the MEQ. This identification number can usually be found at the top right-hand corner of a CEGEP or high school transcript.

Students applying to McGill who already hold a Permanent Code should indicate this number on their application forms.

Newly accepted students who *do not* hold a Permanent Code will receive information in their acceptance package on how to obtain one. For more information on this subject, please refer to the Admissions, Recruitment and Registrar's Office website <http://www.aro.mcgill.ca> or contact the ARR.

### 4.3 ID Cards

Students registered at McGill are required to present an ID card when writing examinations and using the libraries, student services, etc.

Registered students may obtain an ID card between 09:00 and 17:00 from Monday, August 28 to Friday, September 15 in Leacock Building, Room 232, or from Monday, September 18, at the Admissions, Recruitment and Registrar's Office, James Administration Building, Room 205.

Students in Dietetics and Human Nutrition should go to the Macdonald Campus Student Affairs Office, Room 106, Laird Hall, Monday, September 11 to Friday, September 15, between 09:15 and 11:30.

Students who do not register for consecutive terms should retain their ID card to avoid having to replace it when they re-register. The Student Identification Card is, however, the property of the University and students withdrawing from all of their courses must attach the Card to the withdrawal form.

#### 4.4 Plagiarism and Cheating

In submitting work in their courses students should remember that plagiarism and cheating are considered to be extremely serious offenses.

Students who have any doubt as to what might be considered "plagiarism" in preparing an essay or term paper should consult the instructor of the course to obtain appropriate guidelines.

The possession or use of unauthorized materials in any test or examination constitutes cheating. Data generated by the Exam Security Monitoring Program can be used as admissible evidence either to initiate or corroborate an investigation or a charge of cheating under Section 16 of the Code of Student Conduct and Disciplinary Procedures.

The Code of Student Conduct and Disciplinary Procedures includes sections on plagiarism and cheating. The Code is included in the *Student Rights and Responsibilities Handbook* which is distributed to new students at the Dean of Students' Orientation Session. The Code may also be obtained from the Dean of Students' Office and is available on the Office website (<http://www.mcgill.ca/stuser/>).

#### 4.5 Proper Use of Computing Facilities

Students are required to comply with the Code of Conduct for Users of McGill Computing Facilities as approved by the University Senate. The Code is published as a part of the "Student Rights and Responsibilities Handbook" distributed by the Dean of Students and available on the McGill Gateway (<http://www.mcgill.ca>). The Code is also available on the Web at <http://www.mcgill.ca/das> under New User.

#### 4.6 Course Nomenclature

*Required Course:* Courses absolutely required in a program. All students in that program must take this (these) course(s) unless they are granted exemption(s).

*Complementary Course:* Courses selected from a restricted list, a particular subject area, or a discipline. In some programs, students must include a number of these in order to meet program requirements.

*Elective course:* courses chosen freely (sometimes with advice and approval of the departmental adviser).

#### 4.7 Policy Concerning Access to Records

Statements of account and all other correspondence are sent directly to students who retain full control as to who has access to their records or accounts. (Officers and members of the University staff may also have access to relevant parts of such records for recognized and legitimate use.) No progress report or any other information is sent to parents and/or sponsors unless specifically requested by the student.

In accordance with provincial legislation, personal information, including transcripts of academic records, may be released only with the signed authorization of the student. Notwithstanding the above, the University will, upon request, release certain personal information to the following recipients unless students signify their opposition on forms available at the Admissions, Recruitment and Registrar's Office:

- the Student Associations recognized by McGill University;
- the McGill Alumni Association;
- the school(s) or college(s) which the student attended;
- the appropriate authorities involved with the external or internal funding of fees;
- professional bodies or corporations (e.g., engineers, dentists).

#### 4.8 Transcript of Academic Record

Certified transcript(s) of a student's academic record may be obtained by applying to the Admissions, Recruitment and Registrar's Office, James Administration Building or the Student Affairs Office, Macdonald Campus for students registered in the Faculty

of Agricultural and Environmental Sciences. With each new order of transcripts, one copy of the transcript is sent to the students (stamped "UNOFFICIAL/STUDENT COPY").

The University will issue only complete transcripts recording all work attempted and results obtained in any and all programs. In no circumstances will partial transcripts be issued. Transcripts are NOT available from faculty offices. Unofficial copies of a student's transcript are available on-line at the Admissions, Recruitment and Registrar's Office counter.

#### 4.9 Regulations Concerning Final Examinations

##### Preamble

The objectives of these regulations are:

- 1) To protect students from excessive workloads;
- 2) To use the full 15 week term to maximum advantage.

##### Regulations

1. These regulations shall apply to undergraduate courses up to and including the 400 level, that are evaluated by the use of written examinations. They shall not apply to clinical, field, laboratory, performance, and seminar courses, or to other courses that are evaluated solely by means of a design, paper, program, or project.
2. Written examinations (including take-home examinations) shall not be held during the last two weeks of scheduled classes during the fall and winter terms, except where a pattern of continuous evaluation has been established, in which case the total value of examinations given in this period shall comprise no more than 10% of the final mark.
3. If the written examinations in a course constitute 50% or more of the final mark, one of these shall be given as a final written examination; and it shall take place during the examination period after the last day of scheduled lectures in December or April.
4. A final examination given during the examination period shall be worth at least 25% of the final mark.
5. Students shall be informed of all course requirements by the end of the course change period. All term work shall be assigned early enough in the term for students to complete the assignment(s) by the last day of class.
6. The due date for term work in courses to which these regulations apply shall be no later than the last day of classes.
7. In full year (D) courses, instructors who wish to give a mid-year examination in December must schedule it in the formal examination period.
8. The principles enunciated in these regulations shall be applied, appropriately modified, to courses given during the summer, to other courses of less than a 13-week duration, and to courses in the Faculties of Law, Medicine, Dentistry, and Education that do not follow the normal university timetable.
9. Individual faculties may propose variations in these regulations to the Academic Policy and Planning Committee in order to meet their special needs.
10. These regulations, and any variations to them, shall be made known to students by each faculty.

## 5 Student Services

### 5.1 Office of the Dean of Students

The Dean of Students and the Associate Dean of Students coordinate all student services on campus and are available to provide assistance and/or information on almost all aspects of non-academic student life. Concerns of an academic nature will be directed to the proper individual, office or department.

3600 McTavish Street, Suite 4100

Montreal, QC H3A 1Y2

General Information, telephone: (514) 398-8238 or 398-3825

Dean/Associate Dean, telephone: (514) 398-4990  
 Fax: 514) 398-3857  
 Website: <http://www.mcgill.ca/stuserv>

## 5.2 Services offered by the Office of the Dean of Students

Further Information regarding these services can be accessed via the Web (<http://www.mcgill.ca/stuserv>).

Students at Macdonald Campus should note that there is a Student Services Office located in Rowles House. For further information, refer to the Faculty of Agricultural and Environmental Sciences section of this Calendar or telephone (514) 398-7992.

### 5.2.1 Student Aid Office and International Student Services

This office is located at 3600 McTavish Street and provides the following services:

Student Aid, telephone (514) 398-6013 /6014 /6015

- assesses financial need for both graduate and undergraduate students, and grants McGill loans and bursaries.
- distributes applications and information for all provincial government loan and bursary programs as well as U.S. student loan plans.
- coordinates a Work Study Program.

International Student Services, telephone (514) 398-4349

- deals with all non-academic matters concerning international students such as student authorizations, immigration regulations, health insurance, etc. and runs a buddy program to welcome new international students.

### 5.2.2 Athletics

The Department of Athletics offers a wide range of sports and recreational activities designed to meet the needs and interests of the entire McGill community. Among the numerous facilities available are swimming pools, indoor and outdoor tennis courts, squash courts, weight rooms, indoor and outdoor running tracks, gymnasium, an arena, and a state-of-the-art fitness centre. The Campus Recreation Program offers competitive intramural sports, non-credit fitness and recreation courses, along with scheduled drop-in recreational activities.

McGill is proud of its outstanding reputation in intercollegiate sports and strongly encourages student athletes to participate. The University fields 41 men's and women's teams in intercollegiate competition. McGill teams provide an opportunity to compete at the highest level in the Canadian university sports system. The McGill Sport Medicine Clinic offers athletes "priority access" to equipment, services and internationally recognized sports medicine experts.

Further information on the Athletics programs and services can be obtained at the Athletics Complex, 475 Pine Avenue West, from the Website (<http://www.athletics.mcgill.ca>), by email ([sports@stuserv.lan.mcgill.ca](mailto:sports@stuserv.lan.mcgill.ca)), or by telephoning:

 Campus Recreation (514) 398-7011

### 5.2.3 Career and Placement Service (CAPS)

The Career and Placement Service (CAPS) is funded by McGill Student Services and assists students in their search for permanent, part-time, summer, or temporary jobs. CAPS is available to all full-time students and graduates up to one year after the end of the term in which they last paid their student services fees. An extended service was recently introduced for young alumni (a maximum of three years after graduation) at a nominal fee for a 12-month package.

Students can search for full-time, part-time, and summer job vacancies on the CAPS Website (<http://www.mcgill.ca/stuserv/caps>). The website also gives information about all CAPS services. As well, bulletin boards are located throughout the Campus with useful advice related to the job search.

The CAPS "on-campus recruitment" campaign brings national and international companies and organizations to McGill each fall and spring to interview selected students for both permanent and summer positions. Information for all events can be found on the Website and bulletin boards.

Job search strategy workshops are given through the academic year on over 15 topics including C.V. writing, networking, and interview techniques. A large Career Resource Library has the information necessary for a successful job search. In addition Career Advisors are available, by appointment, to discuss individual questions related to the job search. Students are encouraged to use the full range of these services.

Room 2200, 3600 McTavish Street, Montreal H3A 1Y2  
 Telephone: (514) 398-3304 Fax: (514) 398-1831

### 5.2.4 Chaplaincy Service

This service exists to serve the needs of all students through individual counsel, group encounters, fellowship, volunteer activities, and cultural events. It is sponsored by various religious organizations. Information may be obtained by calling telephone (514) 398-4104, from the sponsoring organizations, or by visiting Suite 4400, 3600 McTavish (entry off Dr. Penfield).

### 5.2.5 Counselling Service

The Counselling Service is designed to help students who encounter difficulties in coping with the pressures, challenges and opportunities of a university environment. Various psychological services are available for personal, academic and vocational issues. The Career Resource Library, located in Room 2200, contains academic and vocational materials as well as information and applications for tests such as the Graduate Record Examination (GRE), Law School Admission Test (LSAT), Graduate Management Admission Test (GMAT), and the Medical College Admission Test (MCAT).

Hours of operation are 09:00 to 17:00, Monday to Friday.

Location: 3600 McTavish Street, Room 4200

Telephone: (514) 398-3601

Email: [counselling@stuserv.lan.mcgill.ca](mailto:counselling@stuserv.lan.mcgill.ca)

(A mechanism for assisting students with personal/academic problems has also been established within the Faculty of Dentistry and the Faculty of Medicine.)

### 5.2.6 First Peoples' House

The First Peoples' House strives to foster a sense of belonging, community and voice for Aboriginal undergraduate and graduate students who are studying at McGill. The First Peoples' House can be conceptualized as a "home away from home" providing Aboriginal students with a locus where they can support one another in their academic endeavours. The First Peoples' House promotes innovative partnerships between Aboriginal students, Aboriginal communities and McGill University through collaborative research and mutual learning.

First Peoples' House is located at 3505 Peel Street. The Coordinator can be reached by telephone (514) 398-3217 or by email: [tdiabo@po-box.mcgill.ca](mailto:tdiabo@po-box.mcgill.ca)

### 5.2.7 First-Year Coordinator

To ensure that the transition into the academic and social life at McGill is as smooth as possible, McGill's First-Year Coordinator acts as a resource person to new students and parents requiring information related to services available across campus. This service will ease the new student's integration into life at McGill and make the process more enjoyable by providing pertinent information at one central location. Of special interest to incoming Francophone CEGEP students will be the newly appointed First-Year Assistant for Francophone students, Cathy Giulietti.

The office is in the William & Mary Brown Building, Suite 2100, 3600 McTavish Street. Leslie Copeland, the First-Year Coordinator, can be reached at (514) 398-6913 or email: [firstyear@stuserv.lan.mcgill.ca](mailto:firstyear@stuserv.lan.mcgill.ca)

### 5.2.8 Student Health Services

The McGill Student Health Service consists of an ambulatory clinical centre located at 3511 Peel Street. The service has on its staff male and female doctors, as well as Nurse Health Educators experienced in student health problems. Consultation is available by appointment. There is also a drop-in clinic for emergencies. Dermatology, Gynecology and Wellness Clinics are held on site. Students who have particular medical needs are requested to have their physician submit appropriate information on a confidential basis to the Health Service. Students using the service must bring their student I.D. card and Medicare card or equivalent. Canadian students from outside the province of Quebec should check with their own provincial medicare office to ensure validity of their health coverage while studying at McGill. All information is completely confidential and forms no part of any University record.

The service is open from 09:00 to 17:00, Monday through Friday. For Downtown Campus Health Service appointments and information call (514) 398-6017 or email: [body@stuserv.lan.mcgill.ca](mailto:body@stuserv.lan.mcgill.ca).

### 5.2.9 Dental Clinic

The McGill Student Services Dental Clinic offers routine and emergency care to the University's student community. The Clinic, located in the William & Mary Brown Building, 3511 Peel Street, is staffed by dentists and hygienists affiliated with the Faculty of Dentistry and provides a wide variety of dental services.

Most basic care at the Clinic is covered by the University's various health insurance plans. Individuals with specific concerns about the coverage of their own particular plan may obtain information through the McGill Student Society or the Graduate Students Society. Students wishing to use the Dental Clinic should bring their student I.D. card and the Student Health Insurance card with them.

The McGill Student Service Dental Clinic is open from 09:00 to 17:00, Monday through Friday, by appointment only. For information, appointments, or in case of an emergency, call the Student Health Service (514) 398-6017.

### 5.2.10 Mental Health Service

The Mental Health Service offers consultations and treatment for a wide range of emotional and personal problems to the McGill student body. Psychotherapy and psychiatric treatment is provided by a team of experienced psychiatrists and psychologists. Strict confidentiality of records is maintained.

In addition to their student I.D. cards, students must present valid health insurance cards. While there is presently no charge for this service, in order to ensure that Student Service's dollars are not wasted, students who cancel appointments without 24 hours notice will be held responsible for part of the cost of their unused appointment.

The Service is open from 08:00 to 17:00. Appointments are necessary. An emergency service, where students will be seen quickly but briefly to determine their immediate needs, is available daily from 08:00 to 16:00. Students requiring care outside of clinic hours are advised to call McGill Nightline at 398-6246 for advice.

Appointments and Information: (514) 398-6019  
Director: Dr. Norman Hoffman

### 5.2.11 University and Faculty Orientation – "Discover McGill"

All new undergraduate students are required to attend "Discover McGill", a one-day, campus-wide University and Faculty Orientation. It is offered by the First-Year Office, the Office of the Dean of Students and the individual faculties during Orientation Week. (Students entering the University in January 2001 will attend a University Orientation session at that time.)

"Discover McGill" is designed to introduce students to the individual faculty programs and resources as well as University services that are available on campus to help them achieve greater academic, physical and social well being. "Discover McGill" sessions include: University & Faculty Orientation, Student Question

and Answer Panels, Campus Tours, and introductions to Student Services and the Students' Society of McGill University.

Students accepted through the Admissions, Recruitment and Registrar's Office will receive information in their acceptance package; other new students should contact their faculty Student Affairs Office for further information.

### 5.2.12 Office for Students with Disabilities

This Office ensures that students with disabilities obtain the services which enable them to pursue their academic life at the University. Students with visual, hearing or mobility impairments, or with diagnosed learning disabilities or chronic medical problems can obtain notetakers, tutors, sign interpreters; materials in large print, braille, or on tape; they can access specialised equipment, and make special arrangements for exams. On-campus transport is available, but the campus is not fully accessible and students should check classroom accessibility with the Director.

The information submitted in the student's application file is confidential to the Admissions, Recruitment and Registrar's Office. Nevertheless, it may be helpful to the Director of the Office for Students with Disabilities (OSD) and can be transferred to the Director at the direct request of a student. Students who wish to do so should send a letter to the OSD, specifying that they are releasing the information in their file to the Director.

To ensure that the appropriate services and assistance are available to students for Orientation, for Frosh Week, and for the beginning of the semester, it is essential that students contact the Director as soon as they accept the offer of admission. The Office is open 09:00 to 17:00 from Monday to Friday (closed Fridays from June to late August).

Students with temporary disabilities are also eligible to receive service.

Should it be necessary to contact other McGill offices, students who normally use TDD may call (514) 398-8198 and ask that a message be forwarded for them.

Telephone: (514) 398-6009

Fax: (514) 398-3984

TDD: (514) 398-8198

Email: [osd@stuserv.lan.mcgill.ca](mailto:osd@stuserv.lan.mcgill.ca)

Website: <http://www.mcgill.ca/stuserv/osd/osd.htm>

### Residence Facilities

McGill has four co-educational residences (Douglas, Gardner, McConnell and Molson Halls) and one women's residence (Royal Victoria College) primarily for undergraduate students, which are located on, or in the immediate vicinity of, the downtown campus. The rates for the regular session (September 1 to April 30) in 1999-2000 were \$6,780 for single room and all meals (RVC only), and for room and five-day meal plan \$5,950 (Douglas Hall only), \$5,404 (Gardner, McConnell and Molson Halls). Residents are not accepted on a room-only basis. Fees for a limited number of double rooms (in above mentioned halls) were approximately \$300 less than those quoted above.

Solin Hall, an apartment-style residence located at 3510 Avenue Lionel Groulx, a five-minute metro ride from the University, also houses undergraduate students. The rooms in Solin Hall are leased on a 11½ month basis (August 23 to August 7). The rates for a regular room in 1999-2000 were \$4,869.

McGill Residences also administers several studio apartments and shared-housing units close to McGill's downtown campus, collectively known as the M.O.R.E. (McGill's Off-Campus Residence Experience) network

More information can be found on the Web: <http://www.residences.mcgill.ca>. To contact the Residence Admissions Office, email: [housing@residences.lan.mcgill.ca](mailto:housing@residences.lan.mcgill.ca) or telephone (514) 398-6368, fax: (514) 398-2305. The mailing address is 3641 University Street, Montreal, QC, H3A 2B3.

### 5.2.13 Off-Campus Housing Service

Students unable to secure a room in residence, or who prefer to live off-campus, should contact the Off-Campus Housing Service, located at the McGill Student Housing Office, 3641 University St.,

Telephone: (514) 398-6010, Email: [offcampus@residences.lan.mcgill.ca](mailto:offcampus@residences.lan.mcgill.ca), Website: <http://www.residences.mcgill.ca/offcampus>

This office maintains up-to-date computerized lists of available off-campus housing including rooms, apartments of various sizes and a list of students who have apartments to share.

Students living off campus may purchase a meal card at the Business Office of Bishop Mountain Hall which would allow them to eat regularly at the Residences. Individual meals can be taken both at the Co-ed Residences and at Royal Victoria College by both men and women students living off-campus. Additional information about the meal plans can be obtained by calling (514) 398-6363.

### 5.3 Additional Services for Students

#### Bookstore

The McGill University Bookstore, at 3420 McTavish, stocks new and used textbooks, a full range of books for the academic and professional community, supplies, and McGill insignia items. Gift certificates are available. Visa, Mastercard, American Express and Interac are accepted. The store is open Monday through Saturday. Website: <http://www.mcgill.ca/bookstore>. Telephone (514) 398-7444.

#### Computer Store

The McGill Computer Store, located on the first floor of Burnside Hall, sells a full range of PC, Macintosh and Unix hardware and software at educational prices. The MCS is authorized to process the Quebec Student Microcomputer Loan for eligible students. (Applications are available from the Student Aid Office in the Brown Student Services Building, or call (514) 398-6013 for more information.)

Repair service is available from the MCS Technical Service group for many types of computer equipment including IBM, Apple Compaq, Hewlett Packard and Lexmark.

Access the MCS website (<http://www.mcgill.ca/mcs>) for more information on products and McGill's 'recommended configurations'.

McGill Computer Store: (514) 398-5025 . . . . . [mcs@cc.mcgill.ca](mailto:mcs@cc.mcgill.ca)  
Technical Service: (514) 398-3701 . . . . . [techman@cc.mcgill.ca](mailto:techman@cc.mcgill.ca)

#### Day Care

The McGill Community Family Day Care Centres are independently-run centres which can accommodate approximately 100 children, ranging in age from 4 months to 5 years. As placements are limited, especially for certain age groups, early application is suggested. The Centres are located at 3491 Peel Street, Montreal, H3A 1W7, telephone (514) 398-6943.

#### Extra-Curricular Activities

There are over 250 activities and clubs which students may join. These include international clubs; religious groups; political clubs; fraternities; communications groups such as Radio McGill, the McGill Tribune, and the McGill Daily; and some 50 miscellaneous groups (e.g. science clubs; literary, theatrical and musical societies; a chess club; and the McGill Outing Club). The University Centre, at 3480 McTavish Street, provides club rooms for these activities in a modern four-storey building with cafeterias, a ballroom, lounges and an experimental theatre. Similar facilities exist on the Macdonald Campus in Harrison House. Activities for graduate students are centred in David Thomson House at 3650 McTavish Street.

#### Ombudsperson for Students

At McGill University there is an Ombudsperson for Students, filled on a half-time basis by an academic staff member. The Ombudsperson provides a confidential service that is independent of any university body. The mandate of the Ombudsperson for Students is the impartial resolution of complaints by students who feel their rights have not been respected by some member of the McGill community. The Ombudsperson advises, guides, refers or if necessary intervenes on behalf of students in order to solve problems in an informal way through discussion, negotiation or mediation.

## 6 Fees

**The University reserves the right to make changes without notice in the published scale of fees. (The information in this section was prepared in March 2000.)**

Further information regarding fees can also be found on the Student Accounts website (<http://www.finance.mcgill.ca>).

**NOTE: This section relates only to fees for the undergraduate programs listed in this Calendar. Graduate program fee information can be found in the General Information section of the Faculty of Graduate Studies and Research Calendar, or obtained from the unit concerned.**

### 6.1 Fee Information Booklet

The "Fee Information" booklet, published in June of each year by the Student Accounts Office, contains additional information as well as any fee adjustments which may have been made after the publication of this Calendar. Students are bound by the policies and procedures contained therein. In the event of any discrepancy, the "Fee Information" booklet supersedes the Calendar.

A copy of the booklet is sent to all newly admitted students. Returning students who require a copy should contact the Student Accounts Office, Room 301, James Administration Building. The text of the booklet is also available on the Student Accounts website (<http://www.finance.mcgill.ca>).

### 6.2 Tuition Fees

The University will charge the following tuition fees in 2000-01, these vary according to the residence and citizenship status of the student.

Students in need of financial support should consult McGill's Financial Aid website (<http://www.mcgill.ca/stuserv>) or contact the Student Financial Aid Office.

#### 6.2.1 Quebec Students

The 2000-01 tuition fees for Quebec students who are Canadian citizens or Permanent Residents are \$55.61 per credit or \$1,668.30 for 30 credits.

In accordance with provincial government requirements, students must provide proof that they qualify for assessment of fees at the Quebec rate; see [section 6.3](#) for details. Note: Students who do not submit appropriate documentation during the semester will be billed at the non-Quebec Canadian or the international rate, depending on the documentation submitted.

#### 6.2.2 Non-Quebec Students (Canadian or Permanent Resident)

The 2000-01 tuition fees for non-Quebec students who are Canadian citizens or Permanent Residents are \$123.61 per credit or \$3,708.30 for 30 credits.

In accordance with provincial government requirements, students must provide proof that they qualify for assessment of fees at the non-Quebec Canadian rate; see [section 6.3](#) for details. Note: Students who do not submit appropriate documentation during the semester will be billed at the international rate.

#### 6.2.3 International Students

The 2000-01 tuition fees for international students are \$305.61 per credit for courses taken in the disciplines of medicine, pure and applied sciences, perimedical and paramedical. Refer to the tables in [section 6.4](#) for the fees applicable to each faculty.

The international fees which are listed in [section 6.4](#) are representative of fees that students could expect to be charged in each degree. Tuition fees may vary depending on the nature of the course taken.

Exemption from International Tuition Fees may be claimed by students in certain categories. Such students, if eligible, are then assessed at the Quebec student rate. A list of these categories and the required application forms are available from the Admissions, Recruitment and Registrar's Office; information can also be obtained from the ARR website <http://www.aro.mcgill.ca>.

## 6.3 Proof of Citizenship and Quebec Residency

### 6.3.1 Proof of Citizenship

As per the Ministry of Education of Quebec, all students who are citizens or Permanent Residents of Canada must provide proof of their status in order to avoid being charged the international rate of tuition fees. The proof must be a copy of one of the following documents:

- Canadian birth certificate;
- Canadian citizenship card (both sides);
- Valid Canadian passport;
- Quebec baptismal certificate;
- Record of Landed Immigrant status in Canada (i.e. IMM1000 document.)

### 6.3.2 Proof of Quebec Residency

Students who are citizens or Permanent Residents of Canada, and who wish to qualify for the Quebec rate of tuition fees, must also provide proof of Quebec residency along with their proof of citizenship. There are two ways of establishing Quebec residency status:

1. with an "Attestation of Residency in Quebec" form, where the student must qualify for one of the situations indicated on the form and send in the form signed and dated, along with all the documents requested on the attestation. This form will be sent to students by the Admissions Office along with their letter of acceptance.
2. without an "Attestation of Residency in Quebec" form, where the student must qualify for one of the situations indicated below and submit proof to that effect:

- Student was born in Quebec (documents: Quebec birth or baptismal certificate, valid Canadian passport indicating Quebec as place of birth);
- Student obtained Landed Immigrant status by virtue of a Certificate of Selection of Quebec (CSQ) (documents: CSQ document, written confirmation from Immigration Quebec that a CSQ was issued);
- Student's CEGEP transcripts transmitted electronically to McGill from the Ministry of Education of Quebec indicate "Quebec" as the place of residence;
- Student was approved for a Quebec loan for the current academic year (document: Quebec loan certificate);
- Student is the member of an aboriginal community of Quebec (document: letter from the band council official, band membership card).

### 6.3.3 Deadlines for Submission of Proof of Citizenship/Proof of Residency

All documents pertaining to Proof of Citizenship and Quebec residency must be received by the Admissions, Recruitment and Registrar's Office (ARR) prior to the dates indicated below in order to take effect for the requested semester:

- Fall Semester – Last day of the Fall Exam Period.
- Winter Semester – Last day of the Winter Exam Period.
- Summer Semester – August 31.

Changes received after these deadlines would only be applicable to the following term. Please note that these deadlines are set by the Ministry of Education of Quebec (MEQ). Any student who wishes to contest these deadlines is required to send a written request to the contact person in the MEQ for consideration. McGill will not process any retroactive requests without a written approval from the MEQ.

For more information refer to the ARR website <http://www.aro.mcgill.ca> or contact ARR.

## 6.4 Yearly Fees and Charges by Faculty

Tuition fees at the undergraduate level are based on the number of credits taken. The tables reflect normal full-time course loads.

*Part-time students will be charged tuition fees at the per credit rate and will be subject to student society fees, student services fees,*

*registration and transcripts charges, and information technology charges.*

### Student Society Fees

Student Society fees are compulsory fees collected on behalf of student organizations. Fees must be approved by the student body through fee referenda according to the constitutional rules of the association or society.

Note that for International students, the student society fee includes the SSMU Dental Insurance plan of \$76.91. International students will be obliged to participate in the University's compulsory International Health Insurance Plan, which at the 1999-2000 rate, cost \$498 for single coverage. For more information, please contact the Office of the Dean of Students, (514) 398-6012.

Student Society fees are subject to change as they do not reflect any fees voted upon by the students during the Spring referendum period.

### Student Services

Student Services fees are governed by the Senate Committee on the Coordination of Student Services, a parity committee composed equally of students and university staff. Through the Dean of Students' Office, these services are available on campus to help students achieve greater academic, physical and social well-being. They include athletics facilities, student health and mental health, financial aid, counselling, tutorial service, off-campus housing, services for students with disabilities, chaplaincy, the Career and Placement Service, the International Student Adviser, and the administration of the McGill "Student Rights and Responsibilities Handbook".

### Registration Charge

### Dentistry - Purchases of Equipment

In addition to the fees shown on the list of fees for Dentistry, certain items of equipment and supplies are purchased by each student through the Faculty of Dentistry. Payment for these items will be on delivery.

The estimated cost of these purchases is as follows:

Second Year	\$10,000.00
Third Year	\$5,000.00
Fourth Year	\$200.00

### Dentistry and Medicine – Microscopes

In order to ensure that each student is adequately equipped for the microscopic work in histology, microbiology and pathology, a binocular microscope is provided for all students in first and second year. A rental fee sufficient to cover maintenance and repairs is charged.

### Nursing Fees

Books, Uniform, Stethoscope, etc.	\$1,800.00

Uniforms (Physical Therapy only)	\$100.00
Laboratory Materials	\$75.00

### 6.6 Fee Payment

New students are required to make a deposit on tuition shortly after receiving notice of their acceptance to the University. With the exception of Medicine and Dentistry, who will contact their students directly upon acceptance, a fee statement indicating the required deposit amount will be mailed to all accepted students and payment will be due at the end of the month in which the statement is mailed.

All students will receive a fee statement once their registration has been confirmed, due at the end of the month in which the statement is mailed. For most returning students this will take place in the month of August (December for the Winter term). For most new students this will take place in the month of September (January for the Winter term). Students must ensure that their mailing address is up-to-date. Interest will not be cancelled due to non-receipt of fee statements.

### Late Payment Fees

Students who still have an outstanding balance greater than \$50 on their account as of October 31st (February 28th for the Winter term) will be charged a late payment fee of \$25 over and above interest.

**Acceptance of fees by the University in no way guarantees that students will receive academic permission to pursue their studies. If it is subsequently determined that the academic standing does not permit the student to continue, all fees paid in advance will be refunded on application to the Student Accounts Office.**

All students who have accessed MARS to register must officially withdraw in writing from the University if they decide not to attend the session(s) for which they have registered. Otherwise they will be liable for all resulting tuition and other fees.

**The University shall have no obligation to issue any transcript of record, award any diploma or re-register a student in case of non-payment of tuition fees, library fees, residence fees or loans on their due date.**

**Access to MARS for the Registration functions will be denied until these debts are paid in full. Students must pay all debts before the end of the registration period to be permitted to register.**

### 6.7 Access to Fee Information

Students may view their latest fee information, including a detailed breakdown of the fees they are being charged, by accessing SATURN (<http://www.is.mcgill.ca/students>) see [page 9](#).

An updated fee account balance may be obtained by calling MARS (514) 398-6277.

## 6.8 Deferred Fee Payment

### Students With Sponsors

Students whose fees will be paid by an outside agency such as the Department of Veterans Affairs, CIDA, a foreign government; or their University department (i.e. teaching assistants or demonstrators), must have written evidence to that effect. Students in any of the above categories should go to the Student Accounts Office with the appropriate documentation, where a "Tuition Payment Deferral" may be issued (if applicable). The University reserves the right to insist upon payment. If the outside party does not pay the fees within 90 days of invoicing, the student is ultimately responsible for paying the fees plus the late payment fee and accrued interest.

### Students With Loans, Bursaries, Scholarships

McGill scholarships or awards are normally credited to the recipient's fee account by August 15 (January 3 for the winter term). The fee balance may be verified on MARS or SATURN.

Interest and late payment charges resulting from late tuition payments for students awaiting government funding will be cancelled UPON RECEIPT of such assistance by the Student Aid Office, 3600 McTavish Street. Telephone: (514) 398-6013 or 398-6014.

Students are reminded that tuition and residence fees have first call upon financial aid received from any source.

## 7 History of the University

The Hon. James McGill, a leading merchant and prominent citizen of Montreal, who died in 1813, bequeathed an estate of 46 acres called Burnside Place together with £10,000 to the "Royal Institution for the Advancement of Learning" upon condition that the latter erect "upon the said tract or parcel of land, a University or College, for the purpose of education and the advancement of learning in this Province", and further upon condition that "one of the Colleges to be comprised in the said University shall be named and perpetually be known and distinguished by the appellation of McGill College."

The Royal Institution, although authorized by law in 1801, had not yet been created but was instituted in 1819. In 1821 it obtained a Royal Charter for a University to be called McGill College. Further delay was occasioned by litigation, and the Burnside estate was not acquired until March 1829. The Montreal Medical Institution which had begun medical lectures at the Montreal General Hospital in 1822 was accepted by the College as its Faculty of Medicine in June 1829. After further litigation, the College received the financial endowment in 1835 and the Faculty of Arts opened its doors in 1843.

Progress, however, was slow until the 1821 Charter was amended in 1852 to constitute the members of the Royal Institution as the Governors of McGill College. Since that time the two bodies have been one. It was first called "The University of McGill College" but in 1885 the Governors adopted the name "McGill University". Even after the amended charter was granted, little advance was made until 1855 when William Dawson was appointed Principal. When he retired 38 years later, McGill had over 1,000 students and the Molson Hall, the Redpath Museum, the Redpath Library, the Macdonald Buildings for Engineering and Physics, and a fine suite of medical buildings had been erected.

Since then the University has continued to grow vigorously. In 1884 the first women students were admitted and in 1899 the Royal Victoria College was opened, a gift of Lord Strathcona, to provide separate teaching and residential facilities for women students. Gradually, however, classes for men and women were merged.

In 1907 Sir William Macdonald established Macdonald College at Sainte-Anne-de-Bellevue, as a residential college for Agriculture, Household Science, and the School for Teachers. Those components have since become the Faculty of Agricultural and Environmental Sciences, which includes the School of Dietetics

and Human Nutrition on the Macdonald Campus, and the Faculty of Education located on the downtown campus. The University's general development has been greatly facilitated by the generosity of many benefactors, and particularly by the support of its graduates, as regular public funding for general and capital expenditures did not become available until the early 1950s. Since that time government grants have become a major factor in the University's financial operations, but it still relies on private support and private donors in its pursuit of excellence in teaching and research.

The University now comprises 12 faculties and 10 schools. At present over 20,000 students are taking regular university courses; one in four is registered in the Faculty of Graduate Studies and Research.

The University is also active in providing courses and programs to the community through the Centre for Continuing Education which serves nearly 10,000 students per semester.
