**TRIBUTE**

McGill University would like to take this opportunity to publicly acknowledge those donors who have made the academic awards and student aid program possible. We extend our sincere appreciation for their generosity.

## 1. Entrance Scholarships and Awards

### 1.1 General Information

McGill University has an extensive program of entrance awards to recognize and honour scholarship. Awards range in value from \$2,000 renewable to \$10,000 renewable and are based on outstanding academic achievement or a combination of outstanding academic achievement and leadership qualities. In addition, there is a possibility of further financial support for needy students. All renewable awards are tenable until completion of an undergraduate degree, up to a maximum of four years, provided the criteria for renewal are met. Finalists for the scholarships valued at \$5,000 or more may be interviewed.

Those students who meet the following eligibility conditions are encouraged to apply for entrance awards:

- Students entering a university for the first time to undertake a full-time undergraduate degree program (transfer students are **not** eligible)
- Students who are in the top 5% of their class based on the last two years of full-time studies.

**The admissions application package provides detailed information on entrance awards. Students wishing to be considered for awards must submit all supporting scholarship documents with the admission application by the appropriate admission application deadline. Students who submit these documents will be considered for all scholarships for which they are eligible. There are no separate applications for scholarships and students do not apply for individual scholarships.**

Applications for admission may be obtained from the Admissions, Recruitment and Registrar's Office, McGill University, 847 Sherbrooke St. West, Montreal, QC H3A 3N6. Further information and an electronic application form can be found on the ARR website (<http://www.aro.mcgill.ca>).

All scholarship applicants must include a student copy of their transcripts for the last two years of full-time studies with their scholarship application. Also, they should arrange for official copies of their transcripts to be received at the Admissions, Recruitment and Registrar's Office by March 1st. High school students who are on a semester system must be sure that their schools provide mid-term second semester marks by April 1st. Transcripts for students who have applied through the Ontario Universities' Application Centre will be automatically transferred to McGill.

University students who are applying for admission to the faculties of Dentistry, Law or Medicine should inquire at the faculty's admissions office regarding available funds.

**Note:** Scholarships awarded to students entering the Med-P program are not renewable; they are tenable only for the one year the student is registered in the Faculty of Science.

## **2. Awards to McGill Students in Course**

### **2.1 General Information**

Faculty scholarships and awards are made by the individual Faculty Scholarships Committees, and students should consult the appropriate section of this Calendar for regulations and information concerning these awards.

Most undergraduate scholarships and awards are granted on the basis of sessional GPA and applications are not required unless specifically indicated in the terms of an award.

**To be considered for in-course awards and/or the renewal of entrance scholarships, students must complete at least 27 graded credits in the regular academic session exclusive of courses completed under the Satisfactory/Unsatisfactory option. Summer courses are not considered. Courses taken at other Quebec universities through the Inter-University Transfer Agreement may be counted towards the requirements for scholarship renewal or for consideration for other academic awards. Eligibility will be based on all courses taken during the regular academic year and on both the McGill SGPA as well as the global SGPA which will include the IUT credits.**

Students who maintain an academic load of at least 24 credits during the regular session are allowed to hold scholarships and awards granted to them on the basis of the previous year's work. Final year students who, because of degree program requirements, do not need a full 24 credits to complete their degrees should contact the Scholarships Office in the James Building Annex.

A maximum of the top 10% of the students in each faculty based on sessional GPA are named to the Dean's Honour List. This designation, while carrying no monetary reward, is an official University recognition of the student's achievements and is recorded on the transcript. Outstanding students, who rank in a maximum of the top 5% of their faculties, may also be considered for the J.W. McConnell and James McGill Awards which range in value from \$500 to \$3500. These awards are made by the University Committee on Scholarships and Student Aid to top students as ranked and recommended by each faculty. In making such recommendations, faculties may consider program content, number of credits, etc. in addition to GPA.

A maximum of the top 10% of the graduating students in each faculty are named to the Dean's Honour List. This honorary designation is based upon the cumulative academic record in the graduating faculty and the minimum required CGPA is determined annually by each individual faculty. Individual faculties should be consulted regarding any additional criteria which may be used.

All awards, with the exception of prizes, are credited to the tuition fee accounts of students for the following academic year. Awards made to students who do not return to McGill the following year are considered relinquished. However, students who pursue studies at another university for credit towards a McGill degree may be granted permission to retain their scholarships and/or awards for a maximum of one academic year away from McGill. **Students holding renewable scholarships granted by the University Committee on Scholarships and Student Aid will be eligible for renewal if they meet the McGill standards for renewal, i.e., the equivalent of a 3.50 SGPA on at least 27 graded credits.** Students who have relinquished their awards may, upon their return to McGill, request reinstatement. Such stu-

dents requesting reinstatement should be sure that the Scholarships Office receives a copy of the letter of readmission.

**Inquiries concerning undergraduate scholarships should be referred to the Scholarships Office in the James Administration Building Annex.**

## 2.2 Open to Students in all Faculties

### 1938 CHAMPIONS AWARDS
