

## Draft Course Agenda : Implementation Science for NCD Prevention and Management

Date	Themes	Time (TBD)	Topic	Presenter	
May 26	Introduction to Implementation Science theories, models, and frameworks		Course overview Competencies	Dr Tracie and Dr Victor Mogre	
			The Global burden of NCDs	Dr Alayne Adams	
			Putting Theory into Action: Applying Frameworks in Implementation Science—Lessons Learned Along the Way	Dr Sylvie Lambert	
		<b>BREAK</b>			
			Behavioural Change Wheel and behavioural science frameworks for designing interventions for implementation	Dr Kim Lavoie	
			Interactive session	Dr Kim Lavoie & Dr Sylvie Lambert	
May 27	Selecting and Designing implementation strategies		Intervention activities and implementation strategies for school-based health promotion: Identifying core functions and forms to facilitate scale-up of an effective intervention	Dr Julia Dabravolskaj	
		<b>BREAK</b>			
			Sustainability of evidence-based interventions : state of knowledge and recommendations *	TBD*	
			Interactive session		
May 28	Evaluating implementation and measuring impact		Overview of study designs in implementation science	Dr Abdul Cadri	
May 28			Using mixed methods in implementation science evaluation	Dr Belinda Nicolau	
May 28			Experimental and Quasi experimental designs in implementation science	Dr Tracie Barnett	
<b>BREAK</b>					
May 28			Qualitative designs in implementation science	Dr Fernanda Claudio & Dr Peter Nugus	
May 28			Interactive session	Dr Genevieve Rouleau	

May 29	Interest holder engagement and partnerships		Building relationships with key local change makers	Dr Paula Bush
		<b>BREAK</b>		
			Community engagement in Low- and Middle-Income Country settings	Dr Mariantonia Lemos
			Interactive session	Dr Paula Bush & Dr Mariantonia Lemos
May 30	Knowledge Translation: scale-up and sustainability		Policy makers as the target of behaviour change	Dr Simon Bacon
			Interactive session	
		<b>BREAK</b>		
			KT strategies for long term sustainability	Dr Tamara Carver & Dr Annie Leblanc
		Brief evaluation		
			Wrap up and feedback	Dr Tracie Barnett and Dr Victor Mogre

NB: Faculty and topics are still being confirmed and there may be changes to the above list
