Jewish General Hospital			
Elective Description			
<p>This elective is available to one clerkship student at any one time. Students are supervised by the attending physician on the service, along with senior medical residents and/or General Internal Medicine fellows.</p> <p>The elective student assigned to the Internal Medicine ER Consultation (ERC) service will be an active member of the ERC team. He or she will complete new consultations for undifferentiated patients and reassess patients admitted to medicine in the Emergency Department. Only students who have successfully completed their core clerkship in Internal Medicine and who are currently enrolled in a medical school in Canada or the USA will be considered for the ER Consultation elective.</p>			
Elective Duration			
2, 3 or 4 weeks
